# PEACE COUNTRY SUPREME BULL SALE

SATURDAY, MARCH 16, 2013

LUNCH - 11:30 AM • SALE TIME - 1:00 PM

GRANDE PRAIRIE LIVESTOCK MARKET

PREVIEWING OF BULLS FRIDAY, MARCH 15TH

Please Join us for lunch at 11:30 am  
Thank-you to Greenview Veterinary Services  
for sponsoring lunch

## Sight Unseen Purchase Plan

If you are unable to attend the sale, contact a consignor and we will personally go over the bulls and your bull power needs. We know our cattle and can select a bull to suit your needs.

## Breeding Evaluation & Semen Test

Breeding Evaluation & Semen Test will be completed on all bulls. Supplemental sheets will be available on sale day with scrotal measurements and sale weights.

## Announcements

Announcements at the sale by the owners will take precedence over information in the sale catalogue.

## Insurance

Any bulls returning to the breeder's farm require insurance available through Canadian Farm Insurance Corp.

## Delivery

Free delivery of bulls at the purchaser's risk within a 400 KM radius of Grande Prairie. Delivery beyond this radius will be at cost. Bulls may be kept by the consignor, free of charge until April 15. Should the purchaser wish to extend the bull's stay beyond this date, the cost of care and feed will be \$3.00/day/bull.

Consignors preference would be that 2 year old and older bulls are picked up on sale day. Any questions please talk to the consignor.

\$50 OFF the price of each bull that buyers take home on sale day.

## Sale Staff

Marty Gilfillan 780-831-4399

Ralph Calder 780-518-5586

We recommend you contact one of the sale staff or consignors who will take your bid.

# Willowdale Simmentals

As the years go by, our bull pen is growing in numbers and quality. Our Simmentals continue as in past years: dominated by polled, red, easy calving traits. Many of the bulls are from IPU Accelerator 206U, who calves easy, adds great body depth and good dispositions. His daughters raised their first calves and they have performed well.

Our AI sired bulls come from industry leading Red or Black factor bulls that excel in calving ease and performance. There are a couple of outcross bulls to compliment past bull purchases.

We have added some Purebred Red Angus cows to our herd, from established breeders. These bulls represent the breed very well. We have one hybrid bull that is impressive.

All of the bulls have been hand fed a low grain ration – 1% of body weight and free choice alfalfa, brome.

We would like to thank our past customers. Call or visit the farm and we can discuss your bull power needs.

# Cuthbertson Cattle Co.

A big welcome to our old, new and interested bull buyers. We'd like to say a really big thank-you to last year's buyers, supporters and friends.

This year's offering of bulls is very unique and diverse. The highlight is a 3 year old bull who has been our herd sire for the last 2 years. This black bull is the sire of all our yearling bulls. At the recent 2013 Peace Country Beef Congress this bull's daughters won the "Grand Champion Pen of Three Purebred Heifers", the "Grand Champion Single Open Heifer" and the "Reserve Champion Pen of Three Sr. Commercial Heifers". How often do you get the opportunity to buy a bull with a proven track record? No surprises! The added bonus is that we bred our entire pen of replacement heifers to him, showing our confidence in his calving ease.

With buyers paying more for heavy weight calves come have a look at our calving ease, performance oriented Simmental bulls who work really well on black hided cows. We welcome calls, enquires or visits to discuss your herd bull needs.

*Scott, Jackie, Wyatt & Layne*

This bull can do it all; heavy, hairy, long sided calves. The heifer calves are flat out awesome! The only reason this bull is for sale is that we have retained all his heifer calves. Every yearling bull in our sale offering had been sired by this bull. Calving ease proven with 2 calf crops. Opportunity knocks come have a look, March 16, 2013.

Our final hybrid bull out of a purebred black angus cow. This cow raised our high selling angus bull last year at \$ 4400.00. Selling to Shane and Raime Drake of Clyde AB.. A stylish smooth shouldered bull with heifer pen written all over him. The sister's to these hybrid bulls won the Reserve Champion Senior Pen of Commercial Heifers at the 2013 Peace Country Beef Congress.

Lot 40

# Classic Livestock

Welcome to the 2013 edition of the Peace Country Supreme Bull Sale. We are pleased to offer five solid 2-yr old bulls and seven yearling bulls with a nice mix of low birth wt. heifer bulls to higher performance bulls. All our bulls come from functional hard working females with problem free udders and good conformation. Our breeding program focuses on sensibly framed, low input cattle that will help you to optimize performance and reduce your cost of production. Once again our 2-yr olds will come to the sale in reasonable condition with less than 100 days of grain in their ration. They will be rock hard and athletic, ready to cover some ground and service a lot of females. We are excited about the yearlings we have on offer, a number with outcross pedigrees. If you are unable to take your 2yr-olds home sale day, let us know and we will work to accommodate your needs. As our yearlings are younger in age and a number of them will not be a year of age by sale day we will take them home and continue to develop them until you need them. Please call if you have any questions. We look forward to seeing you sale-day, or, at home prior to the sale for a look at the bulls. We always enjoy talking cattle!

		TM	35

A Rockett bull out of a good old female. She raised our high seller to Birch Hills colony in 2011. We bought the 149w bull's mother out of the Valleyhills dispersal. We liked her so much we went back to Saskatchewan and bought her son out of their bull pen. He was heavily muscled and sound footed. His dam 27L is still working hard in our cow-herd. Some good old females that have proven themselves over many years, on both sides of this bulls pedigree.

We seriously considered retaining this young bull for our own use. His dam, 71K is one of the best cows in our herd and a favourite among visitors! She's now 12 years old and is still a deep, moderate-framed, easy-fleshing, pear shaped cow with perfect feet and udder. She has raised us four high performance bulls, and three near identical broody females.

Lot 48

# Strawberry Fields

Here at Strawberry Fields, near Kinuso, we raise commercial, Red Angus, and Simmental cattle. We've been breeding Red Angus since 1995, aiming for females that are moderate-framed, easy-calving, and efficient. Some of the bloodlines that we have used in our Red Angus herd over the years include the Kuruba, Dyna Queen, Ruby, and Doll lines, sometimes breeding through AI.

We aim to raise the best cattle we can to the satisfaction of our customers, and most of our customers are repeat customers. Several of our customers have achieved a 100% calving success rate, and one customer bought a bull in 2001, and still had it nine years later! We sold our bulls for 10 years through the High Prairie Northern Select Sale, and for the last couple of years by Private Treaty. We're excited to be participating in the Peace Country Supreme Bull Sale, and look forward to meeting new people, and introducing new genetics to the area.

Dr. Hook is a stoutly-made calving-ease multi-use bull. He can be used on heifers with no calving problems. He has the body mass to also be used as a herd sire. His sire, Doc Holliday 2N, is an AI bull used in many herds around the country. One thing to watch for with AI Sires is how long they are used and their accuracy level. The Dam is Dyna Queen 12T. We sold a bred heifer from her at Red Round-up to Bryan McKenzie. Good Epd's. Over-average on growth and under-average on birth.

This is the only 100+ lb. calf we had last year. I would rather have a 100-lb. BW steer to sell than a 70-lb. BW steer to sell- for obvious reasons. But, I would rather feed a 70-lb. BW cow for ten years than a 100-lb. BW cow. Birth weight and mature weight are correlated traits. Birth weights usually will gravitate toward the average, also. From our Dynamite 58X bull and a Kuruba 35U cow. If there is a bull you are interested in, and he has a large BW, just ask the owner of the cow if the frame score of the cow is in range to keep the expense of feeding down.

Lot 62

### Foot Notes for Lot 62

Red SF High Cap is an AI calf from Red Brylor RSTD High Capacity and a first-calf heifer, Red SF Kuruba 68X. He is a very long and stretchy bull, and is tall enough to reach any heifer. I remember reading about the basketball player, Wilt Chamberlain, who is over 7' tall, and looks skinny. It really surprised me that he weighs over 200 lbs! So, the length of body can add up. With +3.8 on birth, good growth numbers on this guy, and a +23 on milk, he is a great heifer bull!

# Silver S Red Angus

Silver S Red Angus is fairly new to the Purebred industry. Operating off the family farm in Bezanson, AB, we have a goal of raising quality bulls and females that are quiet, easy to handle and not overfed. We currently have approximately 35 females in our breeding herd, calving early April. We are currently using four different AI sires, including Red Lazy MC Smash 41N who has sired many champions in shows around the country. We made the decision last year to hold our bulls over to Long yearlings before selling because of the later calving date. We are excited to be joining the Peace Country Supreme Bull Sale and would like to thank the other consignors for this opportunity.

Devin & Amber

## 63

### RED SILVER S 4Y

2 Year Old Red Angus

Apr 10 2011

Reg#: 1634264

Tattoo: DOSS 4Y

## Terms and Conditions

**Terms:** Terms of the sale are cash or cheque – payable in Canadian funds at par immediately following the sale. The right of ownership shall not pass until after settlement is made. All settlements must be made before any animals are released.

**Disputes:** The Auctioneer shall control the bidding at all times. In case of disputes the Auctioneer's decision shall be final.

**Purchaser's Risk:** Each animal becomes the risk of the Purchaser as soon as sold. Animals will be cared for at the purchaser's risk for a reasonable length of time.

**Announcements:** Announcements from the auction stand will take precedence over any printed matter.

**Accidents:** All precautions possible will be taken to protect the safety of the buyers. Grande Prairie Livestock Market nor any owner assumes responsibility in this matter and disclaims any liability, legal or otherwise, in the event of accidents or loss of property.

**All Sales of Animals:** Shall be by auction and shall be

conducted by the Auctioneers. The contributor has the privilege of making one bid which shall be presented to the auctioneer before the animal enters the sale ring.

**Absentee Bids:** Mailed or telephone bids shall be handled in a confidential manner if you are unable to attend the sale in person.

**Breeding Guarantees:** The seller warrants clear title to and the right to sell each animal offered for sale.

All bulls offered will have passed a semen evaluation and are warranted to be sound, however, the seller is not responsible for damage caused by foreign objects after the bull has been sold nor sickness that was not apparent at the time of the sale.

**Breeder's Guarantee:** All bulls offered will have passed a semen evaluation and warranted to be sound (by a certified veterinarian) as per breed Association Breeding Guarantee guidelines. Copies are available at the sale settlement desk to be picked up by the buyer at any time. In no event shall the seller be responsible for reimbursing more than the purchase price. All heifers are guaranteed open.

**Certificate of Registry:** A certificate of registry duly transferred to the buyer will be furnished for each registered animal after settlement is made.

**Rights & Obligations:** The above terms and conditions of the sale shall constitute a contract between the buyer and the seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.

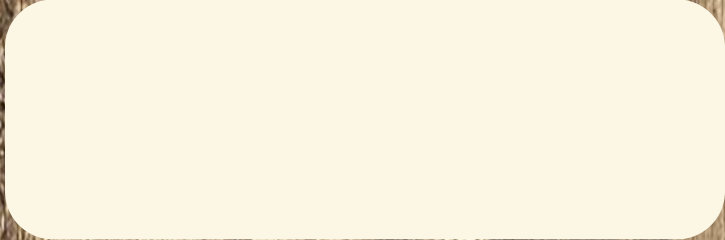

**Shipping:** Assistance may be given in making shipment after the sale, but no risk is assumed by consignors or the seller. Expenses incurred are the responsibility of the purchaser. Purchasers are required to furnish shipping instructions when making settlement. Any additional expenses are the responsibility of the buyer, including duty, brokerage fees, etc..

**Retained Interest:** Individual consignors reserve the right to collect "Owner's Use" semen from their bulls in this sale (at their expense and at the buyer's convenience).
