Email: prochar@xplornet.ca • www.prochar.ca

Welcome to our Second Annual Bull Sale. I would like to thank all of our buyers, bidders, sponsors, sale staff, friends and family for making our first sale a success.

The cattle market is strong and the future looks great, and once again order buyers could not find enough Char cross calves to fill the feedlots up. This year the good heavy weight calves brought premiums with many bringing over \$1000 off the cow. Producers need the pounds to go with the high prices to get maximum returns.

Our offering at this years sale is 30 yearlings and 2 Long Yearlings. This is our most consistent bull pen yet, the bulls are long bodied, deep, thick, and have tons of hair and great dispositions, we think you will be impressed. We feed our bulls a corn silage ration to ensure proper growth and longevity. There are bulls for all types of programs, you won't be disappointed. Feel free to stop in anytime to inspect the bulls and view their mothers.

Once again our friends the Kleppers from Triangle Stock Farm are consigning a strong set of Simmental bulls from their super cow herd. They have a good selection of reds and blacks and we are happy to have them back.

To add to the Charolais numbers we have invited Johnson Charolais as guest consignors. They are bringing 6 bulls that won't disappoint including a hard cross bull, Sonny 63U. These bulls would be features in any sale and we are glad they are bringing them here. Great people, great cattle.

New this year bulls will be selling on the big screen by video. They will be penned outside and available for viewing pre-sale, but they will be sold inside our heated shop. Make sure that you come early to have a good look at them because they will not enter a ring on sale day. For your convenience internet bidding will be available through DLMS, please give Mark a call with any questions. If you would like more information or have any questions please feel free to give any of us a call. We hope to see you sale day, come early and join us for a pre-sale luncheon and refreshments at 12 noon.

Jackalope has what we all want, low birth weight, calving ease, and super performance. Jackalope has one of the widest tops, a big hoof and has an outcross pedigree. I purchased his Dam from the Castine Dispersal and she was my pick of their herd. She is a heavy milking white cow with a little bit different of a pedigree.

MLR MISS GIN TONIC 22L

These 3/4 French twins are the thickest and stoutest bulls we have raised. They are smaller framed, clean fronted wide topped and have huge butts. They are Marshalls calves and he was able to lead them both the second day they were tied up. Last year their maternal brother was a sale feature that got a lot of attention. Their Mother is a very quiet, easy doing, deep bodied, thick cow with a nice udder and very good feet. If you have some smaller framed cows and would like to add some thickness, hair, and docility these twins would be great.

PRO-CHAR JUNIOR 2S
 PRO-CHAR GACHEY 9P

Mantis is a 1/4 French, double polled Royal Prime son that has a moderate birth weight lots of performance. Wide topped, with lots of hair and muscle, with a great disposition. His mother is a tan heavy milking Headliner daughter. Mantis has one shorter ear because the cow licked him in the cold and it froze.

It is an exciting time in the cattle industry and in the Charolais breed. We would like to thank David, Kristina, Kendall and Marshall for inviting us into their annual sale. With their great success at their 1st annual sale last year we were more than thrilled to be part of it this year.

We have been breeding Charolais cattle for over thirty years, with a herd of both white and red factor cattle. Our herd is relatively small in numbers but we believe it is high in quality and performance. In the last few years we have purchased herd sires from ProChar and have been more than happy with the results. Our bulls on offer are practical bulls ready to go to work, selected for all the right qualities.

Any questions on the bulls feel free to call or stop by the farm, coffee is always on!

Welcome and thank-you to last year's bidders and buyers. The bulls for the 2013 sale are uniform with many generations of red & black and polled. The consistency in the set of bulls is met with calving ease, performance, soundness and great dispositions. They were weaned late September and have been on free choice hay. A bull ration is hand fed to grow them out at a steady pace so they are ready to go out and work. They were given Fusogard (footrot vaccine) plus a booster shot and will be semen checked. If we can be of any assistance prior to the sale please feel free to call. The bulls can be viewed anytime so please stop in for a visit and have a look.

TERMS & CONDITIONS

TERMS - The terms of the sale are cash or cheque payable at par at sale location unless satisfactory credit arrangements have been made previous to the sale. The right of property shall not pass until after settlement is made.

BID - Every animal consigned to the sale must be sold by auction. No private sales will be allowed except as otherwise provided for in the terms and conditions. No by-bidding will be permitted. Each animal will be sold to the highest bidder.

DISPUTES - In cases of disputes, bidding will be reopened between the parties involved. If no further bid is made the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters will be final.

PURCHASER'S RISK - Each animal becomes the risk of the purchaser as soon as sold. Animals will be cared for at the purchaser's risk for a reasonable time.

ANNOUNCEMENTS from the auction block will take precedence over printed matter in the catalogue. Buyers are therefore cautioned to pay attention to any such announcements.

CERTIFICATE OF REGISTRY - The proper Registration or Recordation paper, as the case may be, will be duly transferred and furnished to the buyer for each animal after settlement has been made.

SHIPPING - Assistance will be given in making shipment after the sale but no risk is assumed by Sales Management or Seller. Expenses incurred are the responsibility of the purchaser. Purchasers are requested to furnish shipping instructions when making settlement.

GUARANTEE - All animals will carry standard breeding guarantee as specified by the Canadian Charloise Association & Canadian Simmental Association. At no time shall the seller's liability exceed the purchased price of the animal.

EXCEPTION TO GUARANTEE - In cases where the animal is subjected to any hormonal or surgical reproduction techniques after the sale, the guarantee shall be null and void.

ACCIDENTS - Although every precaution will be taken to protect the safety and comfort of buyers, neither the Owners, auctioneer, or Sale Staff assumes any responsibility in this matter and disclaims any liability legal or otherwise in the event of accident or loss of property.

RIGHTS AND OBLIGATIONS - The above terms and conditions of the sale shall constitute a contract between the buyer and the seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.
