All cattle will ship directly from HLS Swift Current. We will assist in arranging loads across Canada & the US.

All costs will be at the cost of the new owners/ buyers.

US Exchange / Shipping:

U.S. Money will be accepted at the current rate of exchange announced prior to the sale. Southland will take care of all health testing and export papers required to export. All costs will be the responsibility of the buyer. No Cattle will be shipped until Full payment for cattle has been made.

Welcome from Heartland Livestock

Welcome to the Southland Angus Dispersal Sale. As commercial cattle market operators it is a very proud and boastful day for us to handle the great Southland Dispersal Sale. Heartland Livestock Swift Current markets some 100,000 head of cattle annually and we have come to expect that some of our top cut loads of cattle offered are progeny of this great Southland Program and a result of progeny from their successful bull sales.

We realize Southlands show ring record is one of the top in the nation but we believe the program's success has been verified and validated with the fame and success Southland customers have achieved selling calves through this auction ring in Swift Current. The Cadieux family's eye for cattle has been a key for finding and breeding the right kind that make their and our customers money when they sell their calves in the fall.

With many regrets we hate to see Shane & Lexi, Ken & Irene & Family and the Southland Angus name leave the seed stock business but this dispersal is a precious opportunity for you to take advantage of the real world set of working cows that have excelled in both the show & commercial auction ring. Bull customers don't forget that the bull calves and herd bulls will be offered in this great sale. This will be your last chance to purchase a Southland bull and this is a great opportunity to purchase this fall before the crazy spring bull sale market.

If any of the crew from HLS Swift can be of assistance please feel free to contact us and we can help you with any of your sale needs. We look forward to seeing you in Swift Current on December 1st.

Sincerely,

Lee Crowley

Market Manager

Don Peacock

**Heartland
Livestock Services**

Welcome from Rocking H Livestock

The only thing that's constant is change and there is a big change coming to Shaunavon, Saskatchewan on December 1st with the dispersion of Southland Angus.

The Southland program has been responsible for several national champions as well as having many successful bull and female sales. This cowherd has withstood the test of time. Through the wet cycles, the dry cycles the high prices and the low, the Southland cows were always bred with the commercial cattleman in mind.

This program has produced many well known sires such as Hotline, Dr. Feelgood, Free Ride, Freestyle, and the most recent, Southland Thriller, who as a calf sold for \$57,000 in the Trowbridge and Friends Sale in Denver, CO. He went on to be named the 2011 Grand Champion Angus Bull at Agribition. These bulls are a testament to how strong this cowherd really is.

We would like to thank Shane and his family for being a long time customer of Rocking H Livestock Services. Even as our focus has changed from custom fitting to marketing, Southland has supported us and we are grateful to help Shane write the final chapter on Southland Angus.

It would be our pleasure to help you make your selections from the Southland Angus Dispersion. For those of you in the U.S., we are experienced in importing cattle to the U.S. and look forward to working with you.

Tony and Tamra Heins

Vet Letter

The Southland Angus herd has always been under a complete herd health program. The cows have been given Bovishield Gold FP5+L5 (IBR PI3, 2 strains of BVD, BRSV, and 5 strains of Lepto); Vibrin (vibrio); Vision 7 (clostridials) and ScourBos 9 (scours). They also receive Ivomec twice per year.

The calves receive vaccinations at 2 ½ months and again at 7 months of age. Vaccinations include Somnustar PH (pneumonia and ITEME); Starvac 4 (IBR PI3, BRSV and 2 strains of BVD) and Vision 7 (clostridials). Ivomec is given every 6 months.

Shaunavon Animal Clinic
Dr. Ken Cadieux, DVM

Welcome to the Dispersal Sale

It is with great pride that Lexi and myself present our cow herd to the public. This is to date, the measure of my lifetime achievements. To breed maintenance free cattle that make our customers money. Right out of high school, I started breeding cattle and learned that no animal is perfect. Once I accepted this, all Southland cows got bred accordingly. One must be humble, and yet proud, to breed cattle. Humble enough to know that there is always room for improvement, but also proud and confident enough to know your product works. Along the way I've had many people try and advise me on how to properly breed cows. I listened to all of them, formed my own decision, and did exactly what I wanted to do. There are lots of people in this industry who will give us advice, but ultimately we are the masters of our own destination. Following a trend is great business for the individual who set the trend. When studying Southland pedigrees, one can see a program that follows its own course. When studying Southland Angus phenotype, one can see what an opportunity the Angus breed has on December 1; an opportunity to begin making your own mark in the breed. Remember, all great breeders first had to purchase great cattle.

In this sale you will notice Norseman Farms as a consigner. We have been leasing a group of cows from them for the last few years. Both Norseman Farms and ourselves have decided to put those cows in the sale. The calves off these cows are Southland bred and owned, however, the cows are consigned by Norseman Farms. We have had great luck with these cows, as you will see by the outstanding set of calves sired by Southland Dr Feelgood 194S. So, we know they will go out and work for others.

Now, to answer the question everyone has asked, why? I love Angus cattle and as many of you know, I love attending Angus events. But, there comes a time in life when we all have to make decisions. Living in the middle of oil country makes it hard to find dependable help, and to do things properly takes a lot of time and travel. I enjoy all these things, but more than anything I love my wife Lexi, and our two sons Cole and Chael. So, for the time being we are going to expand our grain farming and get into commercial cattle. This will keep us closer to home for all the football, lacrosse, hockey and 4-H functions our kids are involved in.

With that being said, this really, truly is a happy dispersion. No death, divorce, or bank has induced this sale. Only one man's love for his family and his cattle.

Shane Cadieux

Southland Sense 101Y – Son of Lot 1
 Purchased by Joseph Halyung

- The dam of the reigning Canadian Western Agribition Grand Champion Bull. Only a select few Angus cows ever boast this title.
- Aside from this incredible achievement, 89R has accomplished so much more. Her most current, and perhaps greatest, is her 2012 heifer calf by TW Upward 35X. This heifer would be hard to beat upon entering any show ring.
- Belle 89R has also conquered the flushing world. Two successful flushes so far this year have resulted in 37 grade 1 embryos.
- As a side note, there are only 2 straws of Southland Two Fitty 250T semen left in the world. Purchase Lot 1 & 1D for your only chance to make full siblings to the great breeding bull Southland Thriller 83X!!

- Certainly one of my favorite cows in the entire offering. She has pedigree, phenotype, and production. She has two sons working in purebred operations. If I could have a poster girl for the type of cow we strive to raise at Southland, it is 119P.
- She is big time donor potential!!

- All of her calves have been in the show pen, until we stopped showing in 2011. She has produced many high selling bulls for us, and will continue to do so for her new owner.
- Her 2012 calf, Lot 18A, is no exception. She is proof of 57R's production ability, and is one of the best heifers to come out of the Southland program.

- Donor potential. A great cow that has done some winning, and in the right hands could easily do some more.
- This very docile cow stood 2nd in class at the World Angus Forum to the Champion Female. At that time, her calf was Lot 93. As you can see production is a priority at Southland.

P	+4.7	+39	+79	+14	

- This cow is very cherished at Southland. As a heifer she lost an eye out in the pasture and has literally never looked back...at least on the left side!
- We never showed her due to this and she decided to prove to us she was a great one by becoming the near perfect Angus that she is. She was slated to be a donor at Southland, and hopefully someone else believes in her like we do.

- Proven EXT daughter. She's everything that is great about EXT cows, but quiet when she calves.
- The impact this cow has had in the Angus breed is staggering. From her grandson Southland Hollywood 75X walking at Prime Time Cattle Co., to her many daughters in this sale and in several herds across the nation.
- Since she is calving a little later this year, you have the option to calve her out and turn her into a donor, or give her a shot when you get her home and start turning a profit immediately. Either way, this cow will be a cornerstone of her new home.

- The dam of the gentle giant Southland Fringe 210U.
- In her prime this cow was as impressive as any cow in the breed. A stifle injury from which she recovered has been hard on her. She will raise a top end calf for her new owner and will positively influence any herd.
- I believe this cow possesses rare and tremendous genetics that should be taken advantage of through an ET program.

SOUTHLAND VALOR 129P

February 21 2004
BW: 75lbs.

CADS 129P CAA #1289029
COW

• We have shown many calves off of 129P. There are some daughters in the herd, but most impressive was her son Southland Style 58Y, purchased for \$9,200 by Glem Ranches in Twin Bridges, Montana.
• The production of this cow is second to none. Unfortunately, as I am writing these footnotes her 2012 calf has sustained a leg injury that will likely keep him out of the sale.
• She has done a great job, and will continue to do so down the road. 129P is another tremendous sale feature!

• This cow has incredible thickness and overall do-ability. She is a direct daughter of our cornerstone bull Lamb's Overdrive 45E. If you search our pedigrees back a few generations, many of our cows go back to this breed legend. Overdrive naturally settled over 1,000 head in his 11 years of breeding, due to his unmatched soundness. He was a bull far ahead of his time, and his time is now. Invest in an Overdrive daughter or make your own.
• 166P is without a doubt the most unique lot on offer this year.

• 271S has done an outstanding job raising bulls for us. Southland has always bred the cow herd to produce bulls for the commercial industry. Cows like her that put a bull at the top of the pen every year can be invaluable.

- 136T is a cow we had flushed as a two year old. She gave us 11 embryos which we implanted. Of these 11, nine calves were born. Plus, she had a natural calf before all of the ET calves were born. 136T, needless to say, has incredible fertility and production.
- Her bull calf, Southland Insight 53Y, was purchased for \$9,500 by Bill Armstrong at the 2012 bull sale.

- For sure a, or possibly even THE sale feature!
- Two of her 3 bull calves have been our 2011 & 2012 high sellers. Her first son was purchased by the Francis Family. Her second son, Southland Trademark 11X, ended up in North Dakota, and her third son Southland Trademark 54Y was purchased for \$18,500 by Silbermagel Angus in Napoleon, ND. Trademark 54Y is also a service sire to many cows in this sale.
- We have had great success in the industry because we believe in our program, and we believe in the bulls out of cows like this.

- 273T is the dam of our 2011 female sale second high seller, Southland Pride 47Y. 47Y was purchased and trucked to a farm in New Brunswick. She was never paid for and evidently never fed. Somehow, in an effort to obtain other unpaid for cattle, some fellow breeders had gotten her transported to Ontario. We had her shipped back to Shaunavon, where she weighed 780 lbs. in August 2012 and was open. She left Shaunavon in November 2011 weighing 900 lbs. We write this footnote not because we never got paid for 47Y, but because no animal deserves to be treated like this.
- Fortunately, her 2012 calf leaves me with a smile on my face knowing that he is herd bull material and will end up in a great home.

- Lovingly named Sunny 101, 101U has become a favorite at Southland. She was champion female at Swift Current National and has blossomed into a perfect cow. Her calf was a little under the weather picture day so we snapped an unconventional picture of him to show the job she has done.
- Sunny 101 is definitely donor material.

- Shown alongside her mother at the World Angus Forum, 161W has really impressed people from day 1.
- A very gentle cow who has exceeded all expectations. Donor quality in a young cow and a great investment opportunity!

A docile, sound, individual with a tremendous set of numbers. I believe 35X takes breeding to the next level, having seen his mother and many sisters in production at Winter Angus in Joliet, Montana. I know Upward 35X is a great one.

- Sells with 36 units of Owners use semen stored at Southland.

Reward is very unique. This may be an oxymoron, but he is a rugged stock bull with style and eye appeal. A small injury prevented us from using him this spring, but he was given a clean bill of health soon after. We love his calves and believe he is a bull that a lot of modern Angus cows need. Reward is truly an individual who will be missed around here.

Preference was the high seller at the 49th Parallel Bull Sale in Mankota, SK. Very low birth to very high growth is what attracted us to this bull. Coming out of the no nonsense Breed Creek herd, you know he is as honest as they come. We worked this bull hard this year and he was breeding cows naturally at 12 1/2 months of age. Don't overlook this guy. He very well could be the next great breed changer. Preference has a super set of numbers as well.

Pioneer is a tremendous bull. He has calving ease to growth spread. His dam sells in the Norseman offering as Lot 144, and has one of the top show heifer prospects. Expect great things from this great herd bull.
Owned with Bandura Ranches • Sells with 99 units of semen stored at Southland.

Norseman Cows

Welcome everyone, from the Dyrland Family to our portion of the Southland Angus Complete Herd Dispersal Sale. We are very pleased to offer these cows from our herd for sale today. This group of females is definitely hard to part with. They came to be at Southland two years ago when our herd size at home exceeded our pasture area. Southland Angus agreed to take some of our cows on lease.

Now that Shane and Lexi have decided to disperse their herd and our grazing area hasn't increased these cows have to find a new home. Some of these cows come from the very best cow families at Norseman Farms. In particular Norseman Eula 11'05 who raised an outstanding bull calf this year who will be selling in the sale as well.

The cows are in excellent condition and are very sound. As this is not part of the dispersal, all of them are guaranteed. We know they will be a tremendous addition to any herd.

We look forward to seeing you in Swift Current on December 1st.

Thanks for All the Help

We would like to extend a special very special thank you, firstly to my parents, Ken and Irene Cadieux, and our hard working son, Cole Cadieux.

Secondly thanks to our friends all who have contributed to our success over the years - Tony and Tammi Heins and family, Chris Heins, Mark Shologan, Hughie and Nicki, Nate and Rose, Bodie Winters, Meghan Kimmel, Jamie Rae and Kane Pittman, Jade Schneider, Ty, Dakota and Jalaeyne Wilson, Jose, the North Dakota 4-H Club, Dallas (Wacker) Hoffman, Arlen, Logan Hoffman, Mitts, Santa, Justin Beckstrand, Jake Baumgarten, Joe Podoll, Jess Cumin, Ryan Lundberg, Kelly Fritz, BJ Schierlink, Keri Rae Johner, Bianca Bernasconi, Shaunavon 4-H Club, Devin Rucks, Keri Hasson, Saminther and Jamie, Adam Graven, Julia Pawlitzka, Krista and Kelsey Dust, Muirhead, Rusty, Lexi Girodat, Camille, Linda and Marla at the Shaunavon Animal Clinic, Suanne Blake, Crystal Raymond, Bart By and of course Ciggy.

Thank you all very much!

Shane and Lexi Cadieux

Terms & Conditions

TERMS - The terms of the sale are cash, cheque, and wire transfer payable at par at the sale location unless satisfactory credit arrangements have been made previous to the sale. The right of property shall not pass until after settlement has been made. Should any purchaser fail to settle for his purchase Heartland Livestock Services reserves full power to resell the animal to the best advantage either publicly or privately, without further notice. Any loss arising from such resale together with keep and all other expenses shall be payable by the defaulter. All settlements must be made with the clerks of the sale before any cattle will be released and or shipped.

BID—Every animal consigned to the sale must be sold by auction. No private sales will be allowed except as otherwise provided for in the terms and conditions. Each animal will sell to the highest bidder.

ABSENTEE BIDS - Phone, email, or Internet Bids will be accepted for bidders who are unable to attend the sale. Payment must be made next business day and will follow the same terms set out above. Bidders may phone the sale manager, auctioneer or special representatives, or use DLMS internet system for their bids. Bids must be received in sufficient time prior to the sale.

DISPUTES— In cases of disputes, bidding will be reopened between the parties involved. If no further bid is made the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters will be final.

GUARANTEE— As this is a dispersal sale all cattle will be selling as is with no further guarantee expressed or implied. However bred females will be pregnancy tested and results along with any pertinent information known to the owners will be announced from the auction block.

REGISTRATION- Each Angus animal registered with the Canadian Angus Association will have registration paper transferred in a timely manner after settlement has been made for the animal.

PURCHASER'S RISK— Each animal becomes the risk of the purchaser as soon as sold. Animals will be cared for at the purchaser's risk and cost at sale facility for a reasonable length of time.

INFORMATION SUPPLIED— The information and pictures contained in this catalog is believed to be true and accurate. However, the information has been supplied by the seller and Heartland Livestock, sale staff, or catalogue producers assumes no responsibility if the information supplied is not accurate.

SHIPPING— Assistance will be given in making shipment after the sale but no risk is assumed by the Heartland Livestock or Seller. Expenses incurred are the responsibility of the purchaser. Purchasers are requested to furnish shipping instructions when making settlement.

HEALTH— All animals will have passed the required tests as determined by Agriculture Canada at sale location. It is the buyer's responsibility to determine health requirements for importing any animal into his province or state. Heartland Livestock assumes no responsibility for the health status of any animal in the sale.

ANNOUNCEMENTS from the auction block will take precedence over the printed matter in the catalog. Buyers are therefore cautioned to pay attention to any such announcements.

LIABILITIES- All persons attend the sale at their own risk.
