## JUDGES

### ***David Byrnes, Rough Bark Bison, Yellow Grass, SK***

David started raising bison in 1999, and operates the Rough Bark Bison Company which is located west of Yellow Grass in south eastern Saskatchewan. The breeding herd of 150 is a mixture of Plains, WoodX and pure Wood bison, with many having been purchased at Provincial and National Shows & Sales. Finishing feeder bison for market is also a major component of the operation. In years past, David has entered bison calves at the Great Spirit Show and Sale in Manitoba and has won numerous awards. David has served on the Saskatchewan Bison Association Board, and is the President of the Many Bone Bison Feeder Co-op for Saskatchewan.

### ***John Cammack, Cammack Buffalo Ranch, Stoneville, SD***

John, his dad Mike and Uncle Lane bought their first buffalo in 1998. He grew up on the ranch in Stoneville, learning the ways of agriculture from the four generations before him. He runs a cow/calf operation of 350 buffalo cows and 300 angus cows selling calves at weaning, as well as selling private treaty breeding bulls. Over the past 10 years he has entered buffalo in shows and brought home awards and trophies attesting to his passion for the buffalo. He is always looking to better the herds through top quality genetics. John has been involved in many conferences speaking, judging, and serving on boards. Along with his Uncle Lane, John works with his wife Melanie and their four kids on the ranch daily hoping to pass it down to the next generations.

## **Judges Comments-November 24, 2015 Commercial Cattle Barn**

Judges **Byrnes & Cammack** will share their comments on the sale animals prior to the sale. It is an great opportunity to access the opinions of respected and knowledgeable bison producers. All producers can benefit from this session. This year the judges comments will be held down at the grounds just outside the sales ring at 9:00 AM

**Thank you sponsors KLB Bison Ranch Inc.**

## BISON HANDLERS

**Les Kroeger** will once again be lead handler for this years CNSS.

Les has been dedicated to the humane handling of the bison for many years and was one of the handlers at the very first CNSS. He was honoured by the Canadian Western Agribition in 2011 with the "Barn Boss" of the Year award. Handling the bison along with Les will be Brett Kot, Jim, Jamie and Corey Lowes (The Buff-A-Lowes) and Chance Kroeger.

# CANADIAN NATIONAL SHOW & SALE

## 2015 CONSIGNOR PROFILES

### **BELDON BISON RANCH**

**Nathan & Amanda Scott/Don & Paulette Scott**  
Nipawin, SK

**PH: 306-862-2036**

**Beldon Bison Ranch** is located near Nipawin, SK and is owned & operated by Nathan & Amanda Scott and Don & Paulette Scott. In operation since 1987 we believe that sound breeding programs, strong genetics, humane and ethical handling practices and a genuine love of the bison itself are the touchstones of our operation.

### **BELL CREEK BISON**

**Glenn & Rod Herzog**  
Mayview, SK

**PH: 306-747-2909**

**Bell Creek Bison** is situated in Mayview, SK along the southern edge of the Prince Albert National Park. The original herd consisted of 20 thick heifers and a bull purchased from Matt Boake back in 1991. Since then the herd has undergone continued growth, and now consists of three herds totalling 220 head. We enjoy the challenge of improving the quality of our animals and the opportunity to do so.

Our herd is culled annually, using our own top end yearling heifers as replacements. We are striving for optimum weight gain, form and fertility, and so far this strategy is serving us well and has resulted in early finishing animals with high carcass weights and a uniform productive cow herd.

We are very thankful for having the opportunity to participate in the 2014/15 and 2015/16 bull draft. What a success it has turned out to be!

### **BIG COUNTRY BISON**

**Garry, Derek & Chris Shankowsky**  
Pelly, SK

**PH: 306-595-4627**

**Big Country Bison** started in the bison industry in 1996 with the purchase of ten heifers from the Schwitzer family. Since then our herd has grown to 160 breeding females in four separate herds. We have purchased many top quality animals over the years as we constantly strive to improve the quality of our herd.

Our most recent additions to our herd were the first place yearling bull and grand champion female at the 2014 CNSS. Our family sees a bright future for the bison industry and are very excited to be a part of it.

### **BISON SPIRIT RANCH**

**Trevor & Jodie Gompf**  
Oak Lake, MB

**PH: 204-855-2707**

**Bison Spirit Ranch** is owned and operated by Trevor and Jodie Gompf of Oak Lake, MB. They have 3 different cow herds this year which consist of plains, woods and wood/plains cross genetics.

At the 2014/15 Canadian Bison Bull Draft their entry #117 weighed in at all 5 weight intervals as the top heaviest bull. This is something they are very proud of and stands for what they are trying to achieve. He also earned top judged wood X bull for the event. With this accomplished he took 2<sup>nd</sup> place honours.

Bison Spirit Ranch believes that both males and females should be performance tested to determine breeding stock. To performance test their females they look for the easy keepers or the best gainers on minimal input. The heifers graze only grass in the summer and receive a low energy pellet or oats for 60 days in late fall. Then the replacement females are selected and put on top quality hay for the winter. They feel this common sense approach has worked well for them and will continue to use it into the future.

Be sure to check out Bison Spirit Ranch on Facebook or stop by for a tour.

### **BORDERLAND AGRICULTURE**

**Brooks, Jen & Ron White**  
Pierson, MB

**PH: 204-634-2372**

**Borderland Agriculture** was previously known as Antler River Ranches. We have transitioned the name of the farm to streamline our enterprises. We are a diversified multi generation business involved in grain and bison production as well as farm supplies. We are proud to have been involved in the bison industry since we purchased our first animals in 1999 as a way to harvest the grass off our "hard to farm" grain land. We have strived to remain successful in the bison industry over the past 15 years and we have gained a lot of friendships along the way. We have now grown our herd to 215 productive cows and we are focusing on marketing our calves as finished animals after growing on grass. It has been a pleasure showing at Regina over the years. One of our proudest moments in the bison industry was our first showing at the CNSS in 2002 with our Rookie of the Year award. Thank you to all the past and future supporters of the Canadian National Show and Sale.

# CANADIAN NATIONAL SHOW & SALE 2015 CONSIGNOR PROFILES

## ELK VALLEY RANCHES

**Frank & Neil McAllister**

**Kitscoty, AB**

**PH: 780-846-2980**

Established in the early 80's, **Elk Valley Ranches** is owned and operated by Frank & Neil McAllister who are proud to offer these bred heifers to Agribition.

Our cow herd consists of mainly Plains X animals. Herd sires Plains X and pure Woods.

We have purchased bull power from some of the top producers in Canada as well as our own home raised bulls. We feel this combination gives us a top quality animal for breeding as well as meat production.

We practice diligent herd management with respect to disease, animal care & record keeping. Animals are fed a grass based diet with only low energy supplements.

Our motto: Producing Bison that turn grass into Cash. Come to our MGM sale Dec 11/15 at Kramer's Auction, North Battleford for more of these top bred heifers.

## LONE SPRUCE BISON

**Shane Fielding**

**Amaranth, MB**

**PH: 204-872-5312**

**Gary & Ruby Fielding** started Hidden Acres Buffalo Ranch at Cold Lake Alberta in 1985 with 25 six month old calves. They could not have a "few" buffalo so expanded to Lone Spruce Bison Ranch in Amaranth Manitoba in 2000. Both ranches are managed on native grass, and have a basic cow herd of Plains females.

Their son Shane has been involved in the operation from the beginning, but he decided to make the move permanent in 2009. In 2011, Shane introduced pure Woods Bulls and Woods X Bulls from top producers to the herd in Manitoba, adding about 100 pounds to the weaning weights of the calves. We are just beginning to see the results of his breeding program. He plans to better the cow herd by selectively adding these females into the breeding program.

Shane is enthusiastic about the bison industry and sees a great future.

Last year at CNSS Shane won Rookie of the Year, which he thought was pretty cool. He also won 4<sup>th</sup> place Yearling Heifer, a great launch to future opportunities. Since introducing Woods Bulls and Woods X Bulls in 2011, the selective heifer calves born in 2012 from these bulls have had their first calves this year. Although the calves have not been processed yet, viewing them in the field they seem longer and deeper and taller than previous years. Sorting and weighing season is going to be very exciting. Shane has an open invitation to stop in for a visit and he will gladly show you around.

## SHALE CREEK BISON RANCH

**Jamie ,Debbie, Danielle & Tara Moran**

**Russell, MB**

**PH: 204-773-2674**

**Shale Creek Bison Ranch** is located just outside of Russell, Manitoba and is owned and managed by Jamie and Debbie and our two daughters Danielle and Tara. Our herd is 80% breeding stock which was selected from shows and sales across Canada. We have been very successful at many shows and sales and are very proud of what we have accomplished. We were very successful in 2010 with our animals being awarded the Grand Champion Male, Female, and Reserved Champion Female at the Great Spirit Show and Sale that is in Brandon, Manitoba. At the 2012 Canadian National Show and Sale in Regina, Saskatchewan, our yearling heifers won Gold and Silver trophies and our Gold Trophy heifer went on to win the Grand Champion Female. Earlier this year (2015) we went to the National Bison Association Gold Trophy Show in Denver, Colorado for our first time. We took a yearling heifer and she won Gold. This year (2015) at the Great Spirit Show and Sale in Brandon, Manitoba, we won the Yearling Heifer Class, as well as the Grand Champion Yearling Heifer. We welcome anyone to come and visit our ranch so we can show you our animals.

## SILVER CREEK BISON

**Nolan & Nicole Miller (The Miller Family)**

**Binscarth, MB**

**PH: 204-532-2174**

**Silver Creek Bison** first purchased bison in 1988 and currently run 1800 head. We run a cow calf through to finishing program and keep close records throughout to select for our breeding program. Over the years we have moved the majority of the breeding to Wood X bulls on Wood X cows to improve conformation, carcass yield and other carcass traits. We run a herd of pure Wood and a herd of pure Plains to supply seed stock to other producers. If you are in our area please stop in; we would be glad to show you around.

## XY BISON RANCH

**Bill & Faye Bouffieux & Family**

**Fort St. John, BC**

**PH: 250-785-4183**

**XY Bison Ranch** operated by Bill & Fay Bouffieux with daughters Cyndy, Sandy & their families is located along the Peace River near Fort St. John, BC. The cow herd, mainly dark, was started 25 years ago with Plains heifers originating from the Merv Stagg herd. The breeding herd has been carefully selected for self reliance, consistent calving with the meat animals producing high yielding carcasses. The bull battery includes: Briggs-1/2 Woods, Cole-1/2 Woods, Dorey-1/2 Wood, Davey-100% Woods, Taylor-1/2 Woods, Elk Valley-1/2 Woods Patterson-Woods. We are proud of our outstanding herd and truly appreciate the many repeat buyers.

## Traceability- Premise Registration

Traceability is becoming ever increasingly demanded by domestic and global customers.

The Canadian Bison Association has historically been leaders in traceability. For many years the industry has required animal identification with specific approved tags. Initially with bar coded dangles then progression to RFID. Full Traceability is comprised of three pillars, animal identification, premise registration and recording animal movement. As such the CBA's focus is to assist producers in moving towards full traceability by providing information on registering their premise.

Premise registration is governed by the provinces and territories as deemed by the federal government. Several provinces such as Alberta, Ontario and Manitoba require mandatory registration. The remaining province and territories at this time are requesting on a voluntary basis. Regardless of area there is no fee for registering a premise and the information is kept confidential. Both the CBA and the provinces and territories will provide support to producers in registering their premise.

## Benefits of Membership

Through membership in the Canadian Bison Association (CBA) and their regional associations, bison producers provide financial support to assist the associations to protect and promote the interests of the bison industry. This support enables the national and regional associations to provide benefits to members such as national publications, educational seminars, promotional material and many others.

The activities of the Canadian Bison Association and Regional Associations are supported financially by membership. Non-members also benefit from the association and its efforts and are encouraged to join to support the Canadian and Regional Bison Association's initiatives and activities.

### For More Information On Becoming A Member Contact:

# NOTES

# TERMS & CONDITIONS

## TERMS

Accepted payment methods Cash, Cashier's Cheque, Personal Cheque with picture identification, Bank Letter of Guarantee with Cheque or Wire Transfer. Payment must be made before the livestock will be released from the sale barn.

## CONDITIONS

Heartland Livestock Services (HLS), the Canadian Bison Association and its associates act as agents only on all sales and are not responsible for Buyer/Seller error or misunderstanding. All guarantees are strictly between the buyer and seller. Data provided in this catalogue is generally correct, but occasionally errors do occur due to incorrect data received from others, processing mistakes and other unforeseen reasons. We disclaim liability for such errors, but appreciate them being called to our attention.

In the case that two bidders believe that they are the winning bidder at the time that the hammer falls, at that time the auctioneer may open the bidding between those two parties and those two only and the bidding may continue. This is at the total discretion of the auctioneer.

Title passes to buyer at the fall of the hammer. All risk of injury to the livestock becomes buyer's risk at the passing of the title. Buyer agrees to release, defend, indemnify and hold owners, managers, office staff, sale committee and employees harmless for all losses, expenses and claims related to the possession, care, custody, control or maintenance after the fall of the hammer of any livestock on which he or she is the successful bidder, whether resulting in whole or in part from their own negligence, including but not limited to any claims arising out of injuries or damages caused by the livestock after the fall of the hammer. The livestock will be held for the buyer until the buyer has made full settlement as provided in the terms of the sale. Buyer shall immediately present him/herself to make settlement if requested by the auctioneer, but in any case shall present him/herself within (30) minutes of the conclusion of the sale. Buyers are asked to check all required paperwork at the time of settlement, as all paperwork except for record of movement will be mailed directly to the successful bidder the following Monday. Please leave a correct mailing address.

## **INSURANCE**

Optional insurance coverage will be available to buyers. Buyers can obtain information on insurance and purchase insurance through Hartford Insurance when registering with Heartland Livestock Services for a buyer number.

## **NOTES**

**US rates will be announced at sale time**

**Load – Up: November 24, 2015– 1 Hour after Sale, no later than 6:00 p.m.**

The following are conditions and requirements for entry into the Canadian National Show & Sale. Consignor documentation and information to the best of the Canadian Bison Association's knowledge is true and accurate. However the Canadian Bison Association nor Heartland Livestock Services guarantees the accuracy and assumes no responsibility in the event of a dispute.

**Certificate of Veterinary Inspection: This is** required for each animal and must be signed by an accredited veterinarian. All animals must be treated for internal & external parasites within 30 days of the sale.

**Tuberculosis:** - Bison must originate from herds of Negative Status as of December 31, 2003 as outlined by the Canadian Food Inspection Agency's Captive Ungulate Program which is administered by the Canadian Bison Association. Bison originating from or which have been in the Riding Mountain Eradication Area (RMEA) must be tested and be accompanied by the required CFIA Movement Permit

**Brucellosis:** - No testing required.

**Import and Export:** Farmed bison are considered to be bovine and follow cattle regulations.

**Pregnancy Tests:** An acceptable test performed by a veterinarian. All Bred 2 year olds must be verified as bred and safe with calf prior to the sale. All Yearling heifers must be verified as being open.

**Semen Test:** All yearling and 2-year-old bulls must be accompanied by a semen evaluation signed by an accredited veterinarian stating the animal is a satisfactory breeder. A standard Semen evaluation form will be accepted.

**Age:** All bison ages must be verified by an accredited veterinarian and indicated on the Health Certificate.

**Hormones:** The consignor warrants that there has been no use of growth hormones.

### **Liabilities:**

The consignor assumes all responsibilities in regard to the above-mentioned terms and conditions of this show and sale including but not limited to, proper health testing and documentation, proper documentation of a positive pregnancy test (where applicable) and the documentation of age. The Canadian Bison Association acts only as agent and will assume NO responsibility in the event of injury or death or of a discrepancy between the buyer and consignor.

The Canadian Bison Association, its officers, agents or employees, assume no responsibility for any animal before, during, or after the Canadian National Bison Show and Sale.
