Don't Forget!!!
Bring your truck and trailer to haul your bull home sale day, and save $75.00 per Bull.

View Sale Catalogue Online at:
www.cattlevids.ca

Thank you to all of the Bidders & Buyers and anyone who supported our sale in any way. We appreciate your continual support and interest in our cattle.
Sight Unseen Purchase Plan

If you are unable to attend the sale, contact a consignor and we will personally go over the bulls and your bull power needs. We know our cattle and can select a bull to suit your needs. Internet bidding available see ad page 18

Breeding Evaluation & Semen Test

Breeding Evaluation & Semen Test will be completed on all bulls. Supplemental sheets will be available on sale day with scrotal measurements and sale weights.

Announcements

Announcements at the sale by the owners will take precedence over information in the sale catalogue.

Insurance

Any bulls returning to the breeder’s farm require insurance available through Canadian Farm Insurance Corp.

Delivery

Free delivery of bulls at the purchaser’s risk within a 400 KM radius of Grande Prairie. Delivery beyond this radius will be at cost. Bulls may be kept by the consignor, free of charge until April 1, 2016. Should the purchaser wish to extend the bull’s stay beyond this date, the cost of care and feed will be $3.00/day/bull.

Consignors preference would be that 2 year old and older bulls are picked up on sale day. Any questions please talk to the consignor.

$75 OFF the price of each bull that buyers take home on sale day.

Please bring this catalogue with you to the sale.
Willowdale Simmentals

Bull Sale time again! We have a great selection of Homozygous polled, red and black Simmentals. The collection is rounded out by a dark red, white faced 2 year old; a very good red angus and a cross bred bull. Our feeding program has stayed the same; home based feeding ration and hay. The bulls are not overfed, have moderate birth weight, and display sound performance.

In order to make improvement in your herd you have to believe in each new crop of bred heifers. Thirteen bulls in the sale are from first calf heifers- half from our past herd sires like Sunny Valley Banker and CMS Keystone.

CMS Keystone sons make up our largest sire group. They display that extra width in the hip, deep rib and wide top. Kuntz Sheriff, an AI bull, has produced an awesome group of low birth weight bulls with good testicles and top gains.

The black bulls are a very uniform group. WFL Absolute has produced three very functional bulls with great attitudes. A couple of these blacks are homozygous black for those breeders wanting no reds.

With the use of 10 sires, breeders should be able to select bulls that are not related to past purchases. New this year will be the heifer sale. We always sell some heifers after the bull sale and thought this was the opportunity to bring a large group. These heifers are back grounded on alfalfa hay, silage and 6lbs of grain. All heifers are guaranteed open. Most will sell as commercials with a select number of purebreds.

All bulls are semen tested and guaranteed to be satisfactory breeders. We have a full herd health protocol. We stand behind our bulls and want you, the buyer to be satisfied with your purchase.

Call or visit the farm to discuss the bulls.

Our crew is expanding, one yearling. Kent and Trena’s Sloan had her birthday in January. Braden and Kylie are expecting March 11. It could be a very exciting sale this year!

Dale, Judy, Kent, Trena, Braden and Kylie

- Hetero polled and hetero black, with a white slash on face.
- Our 2nd RF THROTTLED 311A son who patterns very similar to his 1/2 brother, 9E, with similar moderate birth weights.
- His mother is one of our oldest cows and consistent producer of heavy weight calves.
- She ranks in the top 1% for milk and maternal weaning weight.
- A bull to produce top replacement heifers.

- Homo polled, homo black and very quiet.
- Another easy calving Absolute son. His dam is an Otis daughter, also an easy calving bloodline.
- Ranks in the top 5% for calving ease and top 10% for birth weight EPD's.
- Will be our heaviest black bull, consistently gaining 3.4 lbs/day.
- A bull that checks so many boxes requires serious attention.

- Scurred, solid red, moderate frame and low birth weight.
- Our only and last Mr. Lewis bull to sell. Mr. Lewis was a Dreaming Red son that we used for a number of years for his calving ease, length of body and performance.
- 122E has been gaining very well for being less than a year old.
- His dam, 148X, is a deep bodied soggy cow with excellent feet and legs.

- Polled, dark red, heavy muscled bull.
- A high indexing bull at weaning and he has not slowed down. Keystone bulls add that thickness and rib depth.
- Lots of thickness and volume in this guy. Ranks in the top 15% for weaning and yearling weight EPD's.
- Use this boy to add power to your cow herd, while maintaining a moderate birth weight.
- Keith Wilson has 2 bulls from 13U, a deep bodied cow with a good udder.

**Description:**
- **Our only Red Angus in the sale, but a bull that I feel will hold his own with any in the breed**
- **He has lots of stretch down his spine, extra rib shape and volume**
- **His Dam, 54B is a Serenada daughter, an AI bull proven for calving ease. She is a small framed productive cow**
- **Red Six Mile Grand Slam 130Z is a bull noted for calving ease and performance. 22E appears to be following in his sire's footsteps for that same calving ease and power**
- **Take a serious look at this bull for your Red Angus needs**

---

**Thanks to Devin & Amber Stark of Silver SRD Red Angus for their contributions to the sale over the last five years. They have decided to take their program in another direction and we wish them well.**
**Purebred Replacement Heifers**

**Lot 34**

**Pens of Commercial Heifers**

Twenty open commercial heifers will be sorted sale day into groups of 4 or 5 heifers /lot. These heifers are on a good back grounding ration of oat silage, alfalfa hay and 6 pounds of grain. February 6th, they weighed between 700-850 pounds. Most were born late February and March, 2017. The heifers are guaranteed open, will be up to date on all their herd health shots and ivomeced, ready for your breeding program. They will make excellent replacement heifers. We have been selling a number of commercial heifers every year privately. This year we decided to bring them to town.
Cuthbertson Cattle Co.

WOW! How quickly a year goes by and it is Bull Sale time again.

The Cuthbertson family would like to extend a friendly invitation to join us March 10, 2018 in Beaverlodge. As always the Bull pen is small in numbers but incredibly deep in quality. Our philosophy is simple, we won’t sell a bull that we ourselves would not be willing to use in our own herd.

This is the last year we will be offering Target sons’. Their consistent type, muscle pattern, huge hair and disposition have made this sire group very popular over the last three years. Our Angus Bull is a standout, off a cow who has proven she can produce.

When culling for the bull pen, our criteria is straight forward. We look at birth weight, cows who have calved on their own, feet, disposition, phenotype and calves off good uddered mother cows who share the same characteristics and consistently produce year after year. We test our own bulls in our commercial herd to keep in touch with you the customer and your needs. Our purebred cows and commercial cows run together all year long. No special treatment, just real ranch conditions.

As always, we welcome people to contact Scott if you have any questions or inquiries about what might fit your program. Farm visits are always welcome. We would like to thank our past, present and future Bull buyers. Your investment is not something we take lightly.

Scott, Jackie, Wyatt & Layne

Peace Country Supreme - Pg 17
Terms: Terms of the sale are cash or cheque – payable in Canadian funds at par immediately following the sale. The right of ownership shall not pass until after settlement is made. All settlements must be made before any animals are released.

Disputes: The Auctioneer shall control the bidding at all times. In case of disputes the Auctioneer’s decision shall be final.

Purchaser’s Risk: Each animal becomes the risk of the Purchaser as soon as sold. Animals will be cared for at the purchaser’s risk for a reasonable length of time.

Announcements: Announcements from the auction stand will take precedence over any printed matter.

Accidents: All precautions possible will be taken to protect the safety of the buyers. Grande Prairie Livestock Market nor any owner assumes responsibility in this matter and disclaims any liability, legal or otherwise, in the event of accidents or loss of property.

All Sales of Animals: Shall be by auction and shall be conducted by the Auctioneers. The contributor has the privilege of making one bid which shall be presented to the auctioneer before the animal enters the sale ring.

Absentee Bids: Mailed or telephone bids shall be handled in a confidential manner if you are unable to attend the sale in person.

Breeding Guarantees: The seller warrants clear title to and the right to sell each animal offered for sale. All bulls offered will have passed a semen evaluation and are warranted to be sound, however, the seller is not responsible for damage caused by foreign objects after the bull has been sold nor sickness that was not apparent at the time of the sale.

Certificate of Registry: A certificate of registry duly transferred to the buyer will be furnished for each registered animal after settlement is made.

Rights & Obligations: The above terms and conditions of the sale shall constitute a contract between the buyer and the seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.

Shipping: Assistance may be given in making shipment after the sale, but no risk is assumed by consignors or the seller. Expenses incurred are the responsibility of the buyer. Purchasers are required to furnish shipping instructions when making settlement. Any additional expenses are the responsibility of the buyer, including duty, brokerage fees, etc.

Retained Interest: Individual consignors reserve the right to collect “Owner’s Use” semen from their bulls in this sale (at their expense and at the buyer’s convenience).
