Hospitality

Please join us for coffee and snacks before the sale. Lunch and refreshments will be served immediately following the sale.

Viewing the Bulls

Legacy Charolais and BOB Charolais are close in proximity. We welcome visitors any time.

Video Sale

As this is a video sale, the bulls will not be walking through the sale ring. Please come early to view the bulls outside prior to the sale. Videos will be available at www.charolaisbanner.com. Under Events find The Leagacy Bull Sale and click for videos.

Delivery

We will deliver all insured bulls free of charge to central points in western Canada by April 1, 2018. Bulls that aren't insured will be delivered at the seller's earliest convenience.

Directions

Between Botha and Gadsby

Go north on RR 18-0 for 2 miles, turn West for 3/4 mile on 39-0, then turn north again on RR 18-0. Continue north for 5 miles, the road dead-ends in Legacy's yard.

From the Junction of 601 and 56

Turn east on Hwy 601 for 5 miles, turn south on Hwy 850 for 2 miles, then east 5 miles on Twp 39-4 to RR 18-0, then north 1 mile into the yard.

See the map on page 38 for further directions.

Absentee Buying by Order or Online

If you are unable to attend the sale, we can help you find a bull to fit your program. Call one of us or the staff, or buy online through DLMS. Please register at least 2 days prior to the sale.

Credit Card Purchases

Visa and Mastercard may be used for payment of purchases. A 3% surcharge will apply.

Insurance

For your convenience, Monica (780-318-3636) of Canadian Farm Insurance will be available sale to day to meet your insurance needs.

Bull Evaluation

All bulls sell with a passed semen test by Dr. Jackie Dobinson. All bulls current weights and scrotals will be available sale day.

Welcome to The Legacy Bull Sale with Legacy Charolais and BOB Charolais. This is their 2nd sale and anyone who was at last year's sale, or watched online, knows the quality these two operations are offering. As you look through the catalogue or view the videos online you will get the sense of consistency and uniformity of type. In December, Legacy Charolais won the Alberta Charolais Association Pen of 3 Bull Show in Red Deer. Another testament to the quality of bulls on offer.

The bulls are very quiet and there is a great mix of pedigrees with bulls that will calve well, give you the added performance you desire and then have calves that will top the market being in the top sort pens. For the purebred breeders you will find some bulls that can go into any seedstock operation and add value to your program.

The sale will be broadcast live on www.dlms.ca, so if you can't make it to the sale you can bid online. Be sure and register early if you are using this service. If Jon, Candace, or I can be of any assistance before the sale or on sale day please don't hesitate to give us a call. We would be happy to find you bulls that are right for your program.

Sincerely,
Helge & Candace By
Jon Wright

Troy, Dianna, Hayley and Owen Walgenbach

We would like to invite everyone to the Legacy Bull Sale at Legacy Charolais. We, Legacy Charolais, along with our friend, Bob, Bob Charolais, have on offer another large selection of functional yearling bulls in our second annual bull sale together. Our program's focus has been about using efficient females that produce correct confirmation, easy fleshing, and deep bodied and quiet dispositions bulls. The fact that we strongly believe in benefits of using Charolais genetics in the cattle industry hasn't changed. Legacy Charolais' goal is still to offer value adding bulls that will benefit cow herds. Being in the cattle industry consists of very flexible hardworking people and we strive for our bulls to work for those people. Trust in the fact that we offer a product that we stand behind.

Selecting bulls to use is making a business decision and we encourage producers to pick a bull that fits their herds' needs. We believe in an open door policy and understand that people are busy; therefore we are always available for bull viewing or inquiries ahead of the sale. Please don't hesitate to contact us, we are glad to help.

To our new and old customers, we genuinely want to thank you for supporting our program. Thank you to our friends and family who help us in all aspects of our farming lives. Without your help, we would not be able to do the things we do.

Thank you for taking time to consider our program.

Sincerely,

Troy and Dianna • 403-742-4265 • legacyfarming@gmail.com

An in-depth look at our program...

We have all been raised in the cattle industry, not venturing too far away from it for too long, all ending up making a career of it. So we all take it very seriously. As most producers do, we have set out making the best possible product we can.

The mother herd...

This year we are calving 120 head of cows. We expect efficiency. Our pasture land base is limited and thus the culling criteria is high. Our cows are judged on: confirmation, structure, the ability to flesh naturally, disposition and motherhood. We expect our cows offspring to easily maintain her quality and improve on it. We try to manage our mother cows at a moderate weight thus keeping the cows as healthy as we can so they are at maximum production.

The heifer pen...

To us, these animals are just as important as the bull pen. This is our future. We focus on providing the appropriate nutrition for growth and fertility but we do not feed our heifers so they carry extra conditioning. We judge this pen as if we were walking into a sale to buy them.

The bull pen...

We raise and feed our bulls to keep a condition where they are at a high level of growth without sacrificing longevity. We have chosen to feed our bulls using a fibre based no-starch protein pellet. This pellet is designed to provide the energy required for good growth, but does not contain any added starch (grain). In addition, it contains chelated minerals, trace minerals and Vitamin E at a higher level to promote better skeletal growth, scrotal development and immune response. It also helps with the stomach's transition from pen to pasture. When we feel their skeletal growth for their age is at a maximum, we then switch to a TMR. We do this to help you see their potential but we do not feed at a rate that we think is going to affect their longevity.

We would also like fellow producers to know that we do not send any bulls out that we think will have hoof problems or disposition problems in the future. We constantly evaluate the feet underneath our bulls. We believe in the benefit of handling/working with our bulls so they are easy to work with.

We focus on a strong foundation, knowing today's decisions are leaving a Legacy!

Landmark

Reference Sire: SPARROWS LANDMARK 963W

This is the second year we have been able to offer progeny from this herd sire. He is producing dependable offspring with good dispositions and increased performance. This group of bulls have the thickness, depth, length of spine and good hair we have wanted to add to our bull pen. It is important to note that with the added performance, we have not sacrificed calving ease on cows.

Legend

Reference Sire: CIRCLE CEE LEGEND 307A

We like what this bull has to offer: calving ease and performance. Last breeding season we A.I.'d this herd sire to our heifer pen and used him on select cows. These calves are good haired, cleaned fronted accompanied with good performance.

Ciara

Reference Sire: LAE CIARO 579C

Ciara was added to our program as a walking bull behind our A.I. season. Even though he has concluded the breeding season, his offspring do not fall behind in the pen. They still have the size and thickness to walk amongst the rest of the bull pen. He displays the best disposition of our herd sires to date.

We are continuously trying to improve genetics in our herd. Not only do we add new herd sires, we are continually adding females. It is very important to our program to let go of the cattle that aren't working, and replace them with younger cattle. These bulls are off of heifers that we purchased last year. We appreciate what these cows have done and are pleased to include their offspring in the sale.

Maverick

Corona

Reference Sire: LEGACY'S CORONA 72C

This bull is out of a calving ease sire we raised to walk on our heifers after our A.I had been done. Even with a later birthdate, he still has the performance to stand amongst the rest of the bull pen.

Welcome!

I would like to invite you to The 2nd Annual Legacy Bull Sale! I am very proud of the pen of bulls I have to offer for the sale. The bulls are born with calving ease and vigour out of mothers that calved to an early gestation. The bulls are selected based on performance, feet and legs, hair and soundness. Above all, I value a quiet disposition as I won't tolerate nervous wild cattle, they are neither profitable nor safe to have around. Being able to produce proven profitable bulls that last is my goal. It is very rewarding for me to see customers who have purchased my bulls go on to top the market and return a profit for their hard work.

I see Charolais as a breed of the future not a breed with a past. Calving out Charolais sired calves when the breed was first getting established in this country came with its challenges, this is not the case any longer! Calving ease has been at the forefront of my breeding decisions, calves that come from sires with inherent shorter gestation lengths and built to come out small and vigorous, yet not sacrificing the performance the Charolais breed is known for.

In an industry that has seen so many changes to the other breeds it couldn't be a better time to buy a Charolais bull. The "Be Identifiable" our Charolais breeds slogan is a supported fact; it is actually happening in the industry right now. Charolais sired calves can bring as much as a \$.10 to \$.20 cent premium over the other breeds. This advantage along with our performance can make quite the difference on the bank account. I face the same challenges that my customers do; constant concerns for finding enough feed and pasture, so I ask you this why would you want to leave money on the table.

With all the choices of bulls for sale across the country, all I can say is I'm committed to my customers. I'm confident that my bulls have the genetics to be both calving ease and performance bulls. Every year at this time, while calving and getting prepared for another bull sale, it still amazes me how these tiny hairy little white fur balls become the heavy strong masculine bulls that are in the next pen watching as the young calves' race around.

This year marks another milestone for me, as I have completed the 22 years of the purebred tattoo cycle. My first Charolais purchase was a heifer calf 701G from the Bund Charolais herd dispersal in 1997 at the age of 23 making what is to me not just a business, but a dream come true.

Thank you,
Bob Burla, BOB Charolais

- The three BKJ Swagger sons are a definite attraction in the bull pen, smooth front ended, deep mid-section, marvellous hair coats, great shape and size to their testicles

What about BOB?

Bobs thoughts...

Surround yourself with good people,
It will make life a way happier journey!

Bob's Motto...

Tell the Truth, Be Kind,
and above all else
be Thankful.

BUYING BULLS MADE EASY BY BOB: For those of you attending your first video sale here are a few preparation tips!

- It's beneficial to evaluate and score the entire offering and make notes on all the lots so as to not get mixed up or second guess yourself during the sale!
- Highlight or circle information pertaining to your acceptable levels, anyone selling calves right off the cow weaning weight is important, finishing your calves you'll want to see how yearling weights compare, selecting bulls with the most value to your operation. We will make available a list of bulls with their sale day weights and scrotal sizes to help assist you.
- Know your herd and your breeding needs, number of cows one bull will cover, size of your cows versus the size of the yearling you're interested in putting with them.
- Have a budget and your allowance for wiggle room figured out, sometimes one more bid is all it takes and can make the difference between owning the bull you wanted versus a second choice.
- Come early or come twice to allow your self time to analyze the entire offering, or watch the videos online ahead of time.
- Ask questions. That's what we as owners want. We want to know what you're wondering about or would like answered.
- Register and be prepared to bid online in case an emergency arises, you can also contact either of our operations or our Sale Day Staff to assist you with your needs.
- Relax, have a coffee and a snack before finding your preferred seating.
- Don't forget to get insurance after and ask the agent what all it covers and for how long do you carry it. All bulls sell with a passed semen evaluation which is needed for insurance so there will be no hold ups there.

Thank you for your interest in the **BOB CHAROLAIS OR LEGACY CHAROLAIS PROGRAMS**. See ya at the sale!

Thank you to the buyers of Bob's Beauties at the Working Girl Sale.

Terms & Conditions:

Terms: The terms of the sale are cash or cheque payable immediately after the sale in Canadian funds. All settlements must be made with the sale clerks before cattle will be released. The right of property will not pass until final payment is made.

Bidding: Each animal will sell to the highest bidder. Bidders unable to attend the sale may phone their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

Disputes: Bidding will be reopened between the parties involved. If no further bid is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision is final.

Announcements: Announcements made from the auction block will take precedence over printed matter in the catalogue. Buyers are cautioned to pay close attention to announcements.

Purchaser's Risk: Each animal becomes the risk of the purchaser as soon as sold. Animals will be cared for at the purchaser's risk for a reasonable length of time. All animals left with the seller must be insured.

Certificate of Registration: Each animal will carry papers issued by the Canadian Charolais Association. A certificate of registry duly transferred will be furnished to the buyer after payment has been made.

Delivery: Assistance will be given in making delivery after the sale. The purchaser agrees shipping arrangements will be at the convenience of the seller, but will be as soon as practical after the sale, at the buyer's risk.

Breeder Guarantee – Bulls: Should any bull fourteen months of age or over, fail to prove a

breeder after being used on cows known to be breeders, the matter shall be reported in writing to the seller within six months following the date of purchase or six months after the bull has reached fourteen months of age. The seller has the right and privilege of six months to prove the bull a breeder. No guarantee is given that semen collected from the bull will freeze.

Exception Guarantee: In case where the animal is subjected to any hormonal or surgical reproductive techniques after the sale, this guarantee shall be null and void. The seller is not responsible for damage caused by foreign bodies after the animal has been sold or for sickness not apparent at sale time. In no event shall the seller be responsible for more than the purchase price.

Accidents: Although every precaution will be taken to protect the safety and comfort of buyers, neither the sale manager, auctioneer, or sellers assume any responsibility and disclaim any liability, legal or otherwise, in the event of accident or loss of property. **By Livestock** is only acting as a medium between the buyer and seller and is not responsible for failure on the part of either party to live up to their obligations; or for the truth of any warranties or representations, expressed or implied. By Livestock assumes no obligation to enforce or collect monies between parties. By Livestock assumes no responsibility for any credit extended by the seller to the buyer. Any legal action taken in exceptional cases must be between the buyer and the seller. The buyer must look to the seller for fulfilment of all guarantees and representations.

Insurance: Insurance will be available sale day.

Pictures: By attending the sale you are granting permission for your picture to be used for promotional and advertising purposes relating to the sale.
