SIMMENTALS

SATURDAY, MARCH 9, 2019
SALE TIME - 1:00 PM
VJV BEAVERLODGE

Welcome from Willowdale Simmentals

Bull Sale time again! We have a great selection of Homozygous polled, red and black Simmentals. The collection is rounded out by four 2 year olds; very good red angus and cross bred bulls. Our feeding program has stayed the same; home based feeding ration and oat silage. The bulls are not overfed, have moderate birth weights, and display sound performance.

Individual comments are made about all the bulls and we have a selection that should satisfy all needs. With the use of outcross sires, breeders should be able to select bulls that are not related to past purchases.

There are a few outstanding individuals I would like to point out: The Keystone bull, 14F(Lot 1) would fit in a Purebred program; 41F, a Keystone bull is gaining at an amazing rate; Boundary As-tute son 44F also performing at the top of his class and then the Captain Black son 12F offers so many quality features.

All bulls are semen tested and guaranteed to be satisfactory breeders. We have a full herd health protocol. We stand behind our bulls and want you, the buyer to be satisfied with your purchase.

This year we will have 20 yearling heifers in the sale. They represent a number of different Simmental sires we used. The heifers are back grounded on alfalfa hay, silage and 6lbs of grain. All heifers are guaranteed open and are cycling regularly. Most will sell as commercials with a select number of purebreds.

Call or visit the farm to discuss the sale offering.
