THE JEANNOTS

11TH ANNUAL ANGUS BULL SALE

MONDAY, APRIL 8, 2019
1:00 PM AT THE FARM
WHITEWOOD, SK

TRIPLE "J" FARMS

The Jeannots
Whitewood, Saskatchewan

Welcome to our 11th Annual Bull Sale!

Our philosophy at Triple J is "if any animal isn't good enough for us - it isn't good enough for you."

We believe the selection of bulls this year are equal quality if not stronger than last year's and a more uniform group. They are moderate framed, long bodied, stouter, thicker and easier doing. This represents the consistency in our cow herd and the sires we use.

That is why you will see so many 1/2 and brothers, so many sons and grandsons going back to our senior herd sires Knockout 27A, Hoover Dam, Heavy Si 57Z, Heavy Si son 12D, S A V Renown son, Black Ridge Rito 81D, Richmond Believe 69D (Knockout grandson), Ambush 74B, Legacy 121Z and Remital F Cavalier 67C.

One thing you will notice in our cow herd is femininity, excellent hair, good feet and good disposition is a requirement. What we focus a lot on is nice udders with small teats and abundance of milk. Easy doing females. We believe in developing our bulls to their genetic potential without over conditioning and impairing structural soundness.

We would like to thank all our customers for their purchases in the past and for their confidence in our program and in our cattle. You will notice a change in OUR sale management with the return of the "FAMOUS" Donnie Peacock.

We would like to thank those who helped get this sale ready for us.

All visitors are welcome to the farm prior to the sale to view the cattle.

Brad and Sharon
Kyle and Alyssa Kristen and Kurtis
Joe and Eileen

Triple J Herd Health

Our vaccination program consists of Ivomec, Bova Shield Gold5 Ph and Bova Shield Gold 5 – One Shot and Ulta Choice 8 for both cowherd and calves.

Insured bulls may be left at the farm until May 1st and then after that at a cost of \$3.00/day.

Auctioneer's Note...

It is my privilege to be back working for Triple J. This bull sale group have a lot to offer. Number 1 they are backed by an intriguing set of mama cows-maternally excellent. Number 2 these bulls offer growth plus performance to excel in the commercial world. An exciting new herd bull to watch is 12D. Come see him sale day. Hope to see you on the 8th.

Sincerely
Donnie Peacock

Calving ease bull calf. Lots of muscle and lots of hair. This calf will make you proud by being able to put pounds on to the off spring. The thickness is incredible, one of the thickest bull calves this year. Disposition is key, this calf and along with the cow family are easy to work with. The mother has excellent udder development. If we didn't have the sire this bull calf would be our next herd sire, this bull has it all.

Big hiped, deep ribbed with a stout hind leg and a great look. Lots of hair. Calving ease with lots of performance. We were able to purchase Si from Northline Angus and his off spring have done well for them in the shows in Alberta and in Denver. I encourage you to pay close attention to this bull. His daughters are in production. The females are phenomenal excellent udders, lots of milk. Not only are they working well for us also but for other breeders. A bull you are going to hear a lot about.

Was a feature bull and lead off bull in Remitall 2016 sale. Chosen for us by Doug Henderson and Brody Gardnier. One of the reasons they chose him was because of his EPD's and his calving ease. Out of one of Remitall's top cow families, Karama. 67C is certainly a calving ease bull. You can use him on smaller heifers. Doing well in Remitall herd.

The 27A calves are very consistent and uniform. Lots of depth of body and natural thickness. A calving ease bull with lots of performance and lots of hair in his calves. We were very lucky to be able to get a piece of this bull from Dale and Rose McAuley and plan on continuing to us him in our program. The dam, 89X is an easy doing female, a very long, thick, deep bodied female with a great udder. We have had purebred breeders interested in her but made the decision to keep her which we are glad we did. Sons off 89X have sold to Gaylin Eilers and a half brother sold to HBH and Airey Cattle. The daughters are in production – good disposition, nice udders and teat placement. Last year he was with 55 cows. So if you want a small calf at birth with lots of growth 27A will give you that.

A calving ease bull. A moderate framed bull with lots of depth of body. Very long, smooth with lots of natural thickness. With a big square hip with lots of bone and lots of hair. Good feet depth of heel and legs. A bull which we did not see the potential in his calves until they were almost a year of age. His offspring get better with age. You can use 124A on smaller heifers and should have no problem calving them out. This year we used him on 52 head. We line bred the Hoovers to the Knockouts and they have turned out very well for us. The mother of Knockout is the grandmother of 124A. Calves born unassisted. The Hoovers are moderate framed cattle with lots of growth in them. The birth weights average 75 lbs. on the bulls and 70 lbs. on the heifers. We really like his females. The udders and conformation, the depth of body, width and thickness of the females. Sharp fronted, nice heads. 124A is out breeding our expectations. You will be seeing and hearing more about this bull in our program.

Terms & Conditions...

Terms...

The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Every animal sells to the highest bidder and in case of disputes, the auctioneer's decision will be final. Announcements made from the auction block will take precedence over printed matter in the catalogue. Current exchange rates will be announced sale day. All money is in Canadian funds.

Certificate of Registration...

Each animal will carry papers issued by the Canadian Angus Association. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

Health...

All animals in the sale have met all necessary health requirements.

Errors...

All announcements at sale time, written or oral, supersede any written material in the catalogue

Phone, Mail & Wire Bids...

Bidders unable to attend the sale may phone, wire or mail their bids and instruction to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

Triple J Herd Health...

Our vaccination program consists of Ivomec, Bova Shield Gold 5Ph and Bova Shield Gold 5 - one shot and Ulta Choice 8 for both cow herd and calves .

Bulls Are Igenuity Tested....

Insured bulls may be left at the farm until May 1st. After that at a cost of \$3.00/per day.

Guarantee...

Triple J Farms will not be responsible for improper management or maintenance of your animals. All cattle are guaranteed to be sound and right at time of the sale and the terms and conditions of the Canadian Angus Association shall apply. NO REFUNDS. In the unlikely event of failing to breed, a replacement or credit will be provided. Bulls are not guaranteed to freeze semen. If you encounter any troubles, please notify us immediately. Under no circumstance will Triple J Farms accept responsibility for mismanagement on your part, that is between you and your vet. We strongly recommend that insurance is purchased for full value.

Liabilities...

All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability, legal or otherwise, for any accidents. It is understood that Donny Peacock is acting only as a medium between buyer and seller and is not responsible for any obligations to collect or enforce collection of any money between parties and any legal action that may, in extreme cases be taken must be between buyer and seller. Donny Peacock assumes no responsibilities of any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

Insurance...

ALL animals staying at Triple J Farms MUST be insured, that is non-negotiable.

Delivery...

Assistance will be given with delivery on bulls from the farm.
