Thursday - February 21, 2019 - 1:00 pm  
North Central Livestock Exchange  
Clyde, Alberta

# Welcome From Jonomn Hereford Ranch

Welcome to our 47th year of marketing bulls. Always a pleasure to visit with our loyal repeat customers and look forward to meeting new folks and friends alike. Our 2019 sale will once again be held at NCL Clyde, AB, where the bulls will be walked in the ring in front of you and online as well.

These cattle are working man's cattle. They are not pampered or highly managed. Their purpose here is to utilize all marginal, tough ground that Michael can't farm. They sell in their natural condition and will excel in most environments. Barring accident and rare circumstance, customers report excellent results from our bulls.

Our program is not high on electronically generated figures but on visual performance appraisal. Full spectrum, season long, all in appraisals for production & manageability in all environments. Joanne checking from her horse year round, Mike Grimmeyer and myself from birth to background to sale.

Emphasis on total management, performance and most of all reproduction. We evaluate from the ground up. Feet, legs, depth of rib, guts and do ability. Big quarter, level hip and thick strong top. Then we've added the cosmetics to our program of pigment, deep eye-set, clean sheath all with thick northern hair coats.

We have closely monitored other breeds but we have specialized in the redevelopment of the Hereford breed to a standard that is comparative and compatible to all. Manageability by all family members is a must.

We are proud of these cattle and look forward to responding to what they can accomplish for you. Joanne, Mike G and I develop them. Michael, Leanne and kids make feed for them and we all look forward to seeing what our program can do for you. We all look forward to your company and visiting sale day.

*Norm, Joanne & Crew.*

### TERMS & CONDITIONS

**TERMS** - The terms of the sale are cash or cheque payable at par at sale location unless satisfactory credit arrangements have been made previous to the sale with sale manager. The right of property & Delivery shall not pass until after settlement is made.

**BID** - Every animal consigned to the sale must be sold by auction. No private sales will be allowed except as otherwise provided for in the terms and conditions. No by-bidding will be permitted. Each animal will be sold to the highest bidder.

**DISPUTES** - In cases of disputes, bidding will be reopened between the parties involved. If no further bid is made the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters will be final.

**PURCHASER'S RISK** - Each animal becomes the risk of the purchaser as soon as sold. Animals will be cared for at the purchaser's risk for a reasonable time.

**ANNOUNCEMENTS** from the auction block will take precedence over printed matter in the catalogue. Buyers are therefore cautioned to pay attention to any such announcements.

**CERTIFICATE OF REGISTRY** - The proper Registration paper, will be duly transferred and furnished to the buyer for each animal after settlement has been made upon the Buyer Request.

**SHIPPING** - Assistance will be given in making shipment after the sale but no risk is assumed by Sales Management or Seller. Expenses incurred are the responsibility of the purchaser. Purchasers are requested to furnish shipping instructions when making settlement.

**GUARANTEE** - All animals will carry standard breeding guarantee as specified by the Canadian Hereford Association. At no time shall the seller's liability exceed the purchased price of the animal.

**EXCEPTION TO GUARANTEE** - In cases where the animal is subjected to any hormonal or surgical reproduction techniques after the sale, the guarantee shall be null and void.

**ACCIDENTS** - Although every precaution will be taken to protect the safety and comfort of buyers, neither the Sales Management, auctioneer, or Jonomn Hereford Ranch and or the Parrent Family assumes any responsibility in this matter and disclaims any liability legal or otherwise in the event of accident or loss of property.

**RIGHTS AND OBLIGATIONS** - The above terms and conditions of the sale shall constitute a contract between the buyer and the seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.

*Health & Fertility*

All JoNomn Bulls are part of our full herd health program and have been health and fertility examined by the Westlock Veterinary clinic prior to the sale.

*Delivery*

We encourage you to bring your trailer to the sale, However if this is not possible please contact the consignor and they can assist you with Delivery of the bulls or arrange to keep the bulls until delivery or pick up can be arranged. We will combine or cooperate in any shipments where possible to keep delivery cost as low as possible. Insurance agents will be available sale day and it is recommended that all purchases be insured as cattle are the new buyers risk as soon as sold.

*About the JoNomn Hereford Bulls*

These bulls are managed to be active good breeding 2 year olds. Born April and May with no creep, special attention or confinement. Fed and managed in large groups out in the open field behind wind fence. Pictured and presented in their working clothes. They will be totally examined and evaluated by the vets at Westlock Veterinary Clinic and will all sell with satisfactory semen test. In addition all bull are given hoof rot vaccine at semen testing to protect them in breeding season.

As yearlings they ran in a large field, fed high roughage rations and are never fed to achieve big performance to 365 days. Turned out on grass in the summer then started again on cut hay then to silage as the pasture runs out.

We have had good reports that bulls are very sound and stand up well. Buy with confidence, these bulls are targeted to peak in your breeding pastures.

This calf crop was weaned and weighed December 1, and yearling weights obtained April 28.

**Targeted to peak in your Breeding Pastures.**

Maternal brother to 235C herd bull, this one by 8C. Very much like 231E bull, you have to look twice. In many ways was considered to replace his sire, but we'll get a lot more 8C's. Perhaps his brother in the yearling pen. Our objectives are to breed uniformity, ruggedness function and type, and let them perform and develop naturally. Check out the depth of this pedigree, Unique Potential here.

## About the Bred Heifers

Very strong set of heifers combining our freshest genetics. Sired by powerful bulls. Heifers with volume and capacity, balance and thickness. Sure to make maintenance free sound producing cows. All bred to the same exciting young bulls as our replacements.

## Herd Health & Preg Check

Bred Heifers are enrolled on a whole Herd Health Program set out by Westlock Vet Clinic  
 Vaccinated Pre Breeding with  
 Bovi Shied Gold FP5 - Covexin 8  
 Fall Dec 9 - Ivomec & Scourbos 4  
 Booster Jan 29 - Scourbos 9.  
 Heifers were preg checked December 20 by ultrasound by Westlock Vet Clinic. The months listed are their estimates as of the December 20 Preg Test Date.

## Delivery / Shipping

These heifers will be very heavy in calf. If looking for females plan to bring your trailer. If not possible we will arrange shipping or have them delivered as soon as possible. They will be looked after.
