

RAWES RANCHES

PERFORMANCE TESTED CHAROLAIS BULL SALE

Tuesday, February 19th, 2019
1:00pm, at the Ranch, Strome, AB

Welcome to Rawes Ranches Ltd.

We would personally like to invite you to our family's annual Performance Tested Charolais Bull Sale and thank-you for taking the time to review our program and our offering.

As we prepare for our thirty-sixth annual sale, we reflect on the time and commitment that our family has contributed over the years in developing a program that you can be confident in. Raising Charolais cattle has been our foundation and continues to be our focus. We place great importance on total performance; which includes growth, calving ease, fertility, longevity and carcass quality. Using our own home raised herd sires has improved our consistency and genetic potency to breed true. We have been pleased to see our cattle improve in leaps and bounds, knowing that this is by far the best set of bulls we have ever had for sale. When you review the details of our "No Nonsense" Program printed here in the catalog, you will get a better understanding of why we do what we do.

As always, we encourage you to stop by the ranch and view the bulls prior to sale day. You will be impressed with their hair, feet, temperaments, and natural thickness. If you are looking for two year old Charolais bulls, you will not be disappointed. Come see for yourself. This will also give you an opportunity to see them in a relaxed environment and discuss any questions you may have. We encourage you to make a healthy list of bulls that will meet your needs, and buy with confidence knowing that each bull is backed by our program, our guarantee and our integrity.

We value your personal attendance at our sale and look forward to working with you. If you are unable to make it to the sale, please give Philip or John a call. Nobody knows our cattle like we do, and we would be glad to help you with your selection and personally handle your sight unseen purchase.

Take confidence in our program and let our family's commitment to the beef industry benefit you!

A family operation that welcomes you anytime!

171 TWO YEAR OLD CHAROLAIS BULLS

- Health:** Bulls have been strictly culled for structural soundness. A complete vaccination program has been done as well as a recent Ivomec treatment and footrot booster vaccination. All bulls have passed a semen test and breeding soundness evaluation prior to the sale.
- Guarantee:** All animals are sold under the personal guarantee of Rawes Ranches Ltd.
- Sight Unseen:** We can help you with selection or purchase arrangements. Nobody knows our cattle better than us. Contact Philip (780-385-5977) or John (780-679-7725) to inquire.
- Delivery:** Rawes Ranches will provide delivery within 200 miles **FOR THE COST OF FUEL ONLY**. On distances over this we will do everything we can to see that delivery will be at a reasonable rate.
- Warranty:** We offer a program that demonstrates our commitment to our customers. Should you have a problem with a bull, contact Rawes Ranches directly and we will handle it immediately. Two options: Basic and Extended warranty are available.
Basic – 30 Day assures that your bull(s) remain in satisfactory condition until bulls are delivered. An additional cost of 2% will be added to your invoice on any bull that remains at the ranch after sale day, unless proof of alternate insurance is provided.
Extended – Breeding Season starts on sale day and will last for 7 months protecting your investment during the most critical time - Breeding Season, for a cost of 7%.
- Right To Semen:** Rawes Ranches Ltd. retains the right to draw semen on any bull sold for our in herd use only.
- Insurance:** If you require, Canadian Farm Insurance Corp. will be available at the sale. Jill Wildman 780-305-1146.

Sale Day Phone: 780-376-2175

Bull Viewing: 10:30am

Lunch: 11:30am

Sale: 1:00pm

Take your bull home sale day
receive **\$100/** bull credit

Bull Viewing / Video Sale

Bulls will be available for viewing at the sale barn, and will be sorted in groups of 4. Groups will be sorted to complement one another genetically, in performance and style. This presort is a unique and great opportunity to assist customers with their bull selection. During the sale, bulls will be sold individually on video rather than entering the ring.

Unable to Attend the Sale?

We appreciate the effort you make to visit the ranch and view the bulls prior to sale day, and we also understand that circumstances may not allow for customers to be in attendance at the sale. For these reasons, we have several options available to you.

- Place an order with Philip or John.
- Place an order with one of our trusted sales team.
- If you require, representatives from these online services will be happy to assist you with internet bidding. Please choose a system that you are comfortable with and become familiar with its features prior to sale day.

The “No Nonsense” Program!

A **RIGID CULLING PROGRAM** ensures that the herd is continually achieving higher excellence. We strive for good feet, good legs, natural thickness and plenty of vigor.

All sale bulls are **ONE IRON**, bred and raised on the ranch.

Cow herd calves unassisted **ON PASTURE** during May and June. There is no distinction in management practices between our purebred and commercial cow herds. They either work or they don't, they're functional or they go.

In a similar way, the sale bulls aren't pushed to sell as yearlings. After weaning in November, they undergo a full 15 months of evaluation and are sold between 18-20 months of age, after they have **MATURED AND ARE READY TO GO TO WORK**. Any bulls that don't measure up, end up on the meat counter.

Each year we obtain performance and grading information to evaluate and improve the genetics of our herd. We have always strived for growthy cattle, however we realized very early on that performance achieved through growth alone (high frame score) was not sustainable. For performance to have any value it must be combined with rapid fleshability and the **PRODUCTION OF RED MEAT**. This understanding is the foundation of our cow herd and has developed a genetic package with built in performance.

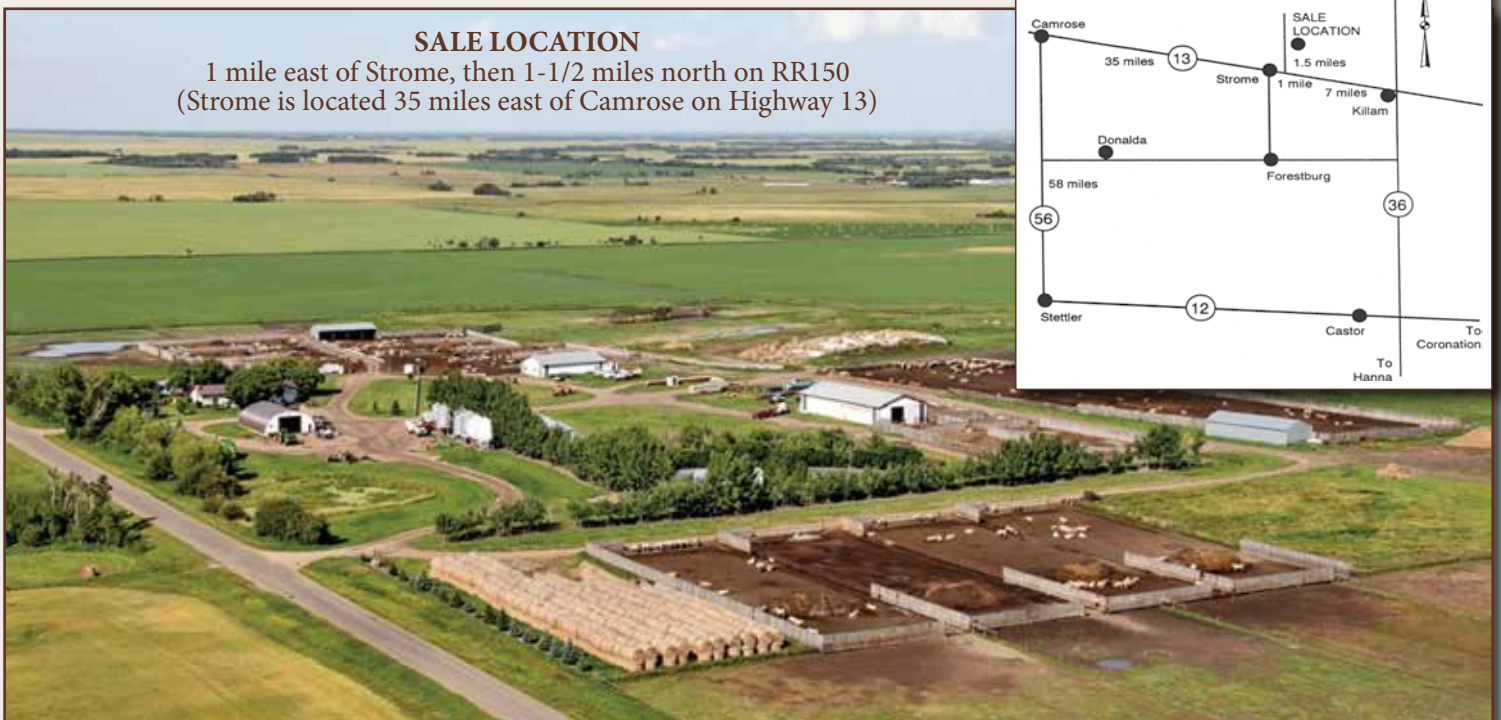

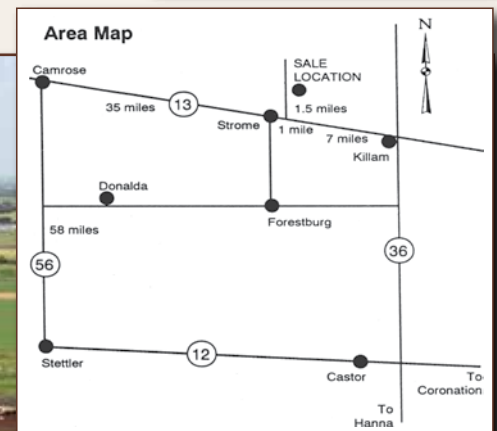

We don't sell bulls by private treaty nor do we consign our bulls to other sales. This ensures our customers the **BEST OF OUR OFFERING** and **EQUAL OPPORTUNITY** to each bull on sale day.

We don't sell replacement females, or proven cows from our herd. On a similar note, we haven't brought in outside genetics through females.

SALE LOCATION

1 mile east of Strome, then 1-1/2 miles north on RR150
(Strome is located 35 miles east of Camrose on Highway 13)

Animals with herd letters AAA are from Triple AAA Charolais, Surrey B.C. The Triple AAA herd was established by James.V.Rawe, and carried on by his son Dan Rawe. We had the opportunity to purchase this herd from Dan in 2017. It contained several unique pedigrees along with our own Rawe Ranch influence.

Performance Information Explained

In order to use this data to its full potential, it is important to have an understanding of the terminology and collection methods. Take the opportunity to become familiar with the information below, so you are able to make a better informed decision about the bull that will fit your needs.

- BW The recorded birth weight of the calf when born.
 SC Bulls have been scrotal measured January 2019 and all will sell with a valid semen certificate.

CANADIAN CHAROLAIS BREED EPD AVG: BW 1.1 WW 43 YW 83 TM 43 REA 0.43 MRB 0.11 LY 1.03

Expected Progeny Differences (EPD's)

EPD's incorporate the performance of the individual animal as well as the performance of its relatives. The EPD's available on these bulls have been provided by the Canadian Charolais Association and can not be compared between breeds.

- BW Birth WT EPD is expressed in pounds. A smaller EPD means a lighter birth WT.
 WW Weaning WT EPD is also expressed in pounds. A larger WW EPD indicates that his progeny will have higher weights at weaning (205 days).
 YW Yearling WT EPD is expressed in pounds. A larger YW EPD indicates that his progeny will have higher weights at yearling (365 days).
 TM Total Maternal EPD combines $\frac{1}{2}$ of the weaning weight EPD and all of the milk EPD. It is expressed as pounds of calf weaned at 205 days. Larger TM EPD predicts greater weaning weights from daughters.
 REA The expected difference in rib-eye area of progeny in square inches. A larger number indicates that the rib-eye muscle will have a larger area.
 MRB The expected difference in marbling score of progeny. A larger number indicates that progeny will express a higher degree of marbling.
 LY The expected difference in lean meat yield of progeny expressed as a percent. Lean yield is the percent of lean meat produced in relation to the total carcass weight. A larger number indicates a higher percentage of lean meat in the carcass and more yield grade 1 carcasses.

Thank You for attending the sale!

TERMS AND CONDITIONS

Terms – The terms of the sale are cash or cheque. Payment is to be made immediately after the completion of the sale.

Bids – Each animal will be sold to the highest bidder. Bidders unable to attend the sale may submit their bids to any of the sales staff by phone prior to the sale. Online bids can be submitted through TEAM Auction Sales or DLMS.

Disputes – In case of disputes, bidding will be re-opened between the two parties involved. The auctioneer's decision on all disputes will be final.

Announcements – All announcements made from the auction block will take precedence over the printed material in the catalog.

Purchasers Risk – Each animal becomes the risk of the purchaser as soon as sold.

Liabilities – All persons attend the sale at their own risk. Rawes Ranches Ltd. assumes no liability, legal or otherwise, for any accidents occurring in, on or about the premises.
