PRE-SALE MEAL

Please join us for lunch stating at noon prior to the sale.

SIGHT UNSEEN PURCHASE PROGRAM

If you are unable to attend the sale but are interested, give us a call and we will personally go over the bulls and your program to make recommendations that would meet your needs and refer you to one of the sale staff who will represent your needs in a professional and confidential manner.

BULL DEVELOPMENT & DELIVERY

Ashworth Farm & Ranch will keep bulls free of charge until May 1. Buyers need to insure the bulls while being cared for by the consignors.

Delivery Option A: Bulls can be picked up following the sale and a \$100 discount will be deducted from purchase price.

Delivery Option B: At the buyer's option and risk, the bulls will be kept at the farm and delivered anywhere in Western Canada at no charge to central locations. We will do our utmost to deliver them right to your yard.

Delivery Option C: Bulls can stay at the farm and be picked up any time at the buyer's convenience.

FULLY GUARANTEED

All bulls are guaranteed to be satisfactory breeders in accordance with CSA guidelines. Should a problem occur barring physical injury or mismanagement, a bull of equal value will be provided or a credit will be issued towards the purchase of another bull. We guarantee you will have a bull to service your cows.

IN-HERD USE SEMEN RIGHTS

Ashworth Farm & Ranch Ltd. reserves the right to collect semen on any bull in the sale for their in-herd use only. Please contact us with any questions.

VOLUME DISCOUNTS

5% discount on purchases of 2 or more bulls

1% extra discount for every bull of 5 purchased and up to 10% for 10 bulls purchased

WELCOME TO THE 16TH ANNUAL ASHWORTH FARM & RANCH BULL SALE

I would like to welcome everyone to our 16th Annual Bull Sale with this being the 8th we have held at the farm. It doesn't seem like that long ago when we were in construction/panic mode trying to finish the sale barn and building bleachers along with the sale ring. We did manage to get it all done in time, but I think we are all pretty glad we don't have to do that much family bonding every year.

First of all, thank you to all of our many great customers that have supported our program in the past. This is indeed the day we work the rest of the year to get to and we truly appreciate your support and the opportunity to do business with you. We will continue with a tireless approach to herd improvement and genetic advancement to continue to serve you in the future.

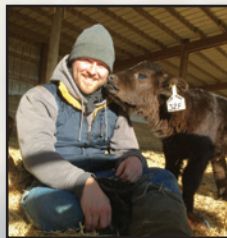

We have put together for your appraisal, a strong set of bulls in both Red and Black divisions. The Red division being highlighted by feature Authority, Mountain and Capone sons and the Black division by Equity, Missile and Riddler. As in other years, there will be some feature calving ease prospects by Red Rock, Mountain, Odyssey and our new calving ease specialist CDI Vegas.

The day to day activities of our operation would not be possible without the dedication of our family and employees. Thank you to everyone. Also, thanks to Kelsey and Kyle for their work on the catalogue.

As always, feel free to call us if you want to discuss any of the bulls. If you cannot be with us sale day, we or any of our competent sales staff would be happy to represent you. With the stormy weather we have had the last two years, our sight unseen program has played a big role on sale day. Contact Kyle or myself if you are interested in the sight unseen program.

Once again, thank you for the interest you have expressed in our program and as always, we hope to see you on sale day.

- Leading off our Red division for 2019 is this exciting young Authority son out of a powerful Red Rock daughter out of the Sasha donor cow
- 63F was a class winner at CWA
- Sound made, good haired, heavy muscled, good footed with a great disposition and a proud herd bull stature
- Coming from a tried and true high value pedigree
- Lots of individual performance and a solid EPD profile that will mate well with much of the breed adds to the potential of this good young up and coming herd builder

- Another feature Authority son that will make the short list of many on sale day
- One of the most complete individuals on offer, he combines a super stout structure with an extra degree of length, thickness and eye appeal
- Good individual performance and a solid set of EPDs with an all purpose index in the top 4% of the breed
- Dam is a past Shades high seller and is a daughter off our 22Z Donor; her first production was a full brother to 136F and was the high seller in our 2016 sale to Diamond M Farms

- It's no big secret as to what the Authority bull has done for our program
- The Authority X Red Rock mating has been nothing short of amazing in its ability to consistently produce high quality, right type cattle as is evident here again with 166F
- Attractive, super stout, good footed and hairy are the qualities that you will notice most as you analyze this good, young prospect
- Dam is a beautiful Red Rock daughter with a perfect udder that was a feature in our female sale in 2017. She is now owned with our grand daughter, London, and has another powerful son on her again this year

NO ONE KNOWS OUR BULLS LIKE WE DO.

With inclement weather as an issue sale day in the past, we know how difficult it can be to get away from home. A growing number of cattlemen have entrusted us to represent them sale day. We will gladly put our credibility and reputation on the line to source the best bull for your operation. We spend hundreds of hours a year with our cow herd and have watched the majority develop from calves to mature cows.

So if you are unable to attend or prefer to stay home from the hectic sale atmosphere, we would be happy to assist you with the selection of your next herd sire.
If you purchase a bull and are not completely satisfied upon delivery, we will keep the bull at no expense to you.

Videos of all the bulls will be posted online to www.cattlevids.ca for you to view at any time.
Please give us a call for more information on our sight unseen program.

- The final black Mountain son is a star headed, easy doing kind of bull
- Soft sided and easy moving this bull will certainly be a favourite herd bull for his new owner
- The Dam of 67F was purchased from the Windmill dispersal and is still with us today. She has sons working for Czerwonkas, Devin Tomchek and Lazy Y

- A damn cool twist on pedigree if you're looking for a new calving ease black bull
- 9F is a direct son of the great KWA Ms Rock 14X cow that may go down as the best to ever walk here
- A maternal sibling to past high sellers Red Mountain, Law Maker and Italian this bull certainly has plenty to offer in terms of calving ease and maternal traits
- A son of Odyssey a bull we have used successfully on heifers for years only adds proof to the fact this bull should be garner serious consideration
- Seven EPD traits in the top 10% of the breed as well as nearly all others above breed average add more fuel to the fire for these flush mates

78Z sold through our own sale ring in 2013, purchased by Rainalta Simmentals. For years, 78Z's progeny topped Rainalta's bull sale as well as produced multiple top feature females. We purchased 78Z back prior to the Rainalta dispersal. Out of the donor dam, Sasha female, 78Z is highly maternal and has remained sound through multiple breeding seasons.

The high selling black bull through our annual bull sale in 2016, Odyssey started out as a calving ease specialist. However through his first calf crop he has proven he is able to produce sound, functional cattle that are loose made and eye appealing. We cannot say enough about how well he calved last winter and will be using him heavily for years to come.

The \$47,000 High Selling Bull from the 2012 MRL Bull Sale. His first sons were born easily and developed into Moderate framed, Hairy Beef machines with their sire's soundness and good disposition. His daughters are broody, big-ribbed and feminine and milk well through excellent udders. Integrity will play a major role in our future breeding program.

The \$170,000 high seller from the Lewis sale in 2015. Riddler combines many of the attributes cattlemen strive to add to their herds. Length of body and extra soundness in a eye appealing masculine package. Backed by a super productive female raising multiple high sellers. Riddler sired offspring should cross well with moderate cattle.

Vegas was purchased last fall from Doug Bichler after years of successful use in a calving ease role. His offspring have been received very well in the states and daughters are have been producing for years. In addition to his calving ease ability Vegas has a one of the strongest sets of EPDs of any Simmental bull. We are excited to see his benefit within our own herd as well as through his service of a large percentage of the black heifer division.

BARRY BANGSUND – MAXIM, SK

This past January, we lost a friend and one of the true cornerstones of our community. Barry loved the cattle industry but cared even more for supporting local causes, especially the 4-H club. He donated thousands annually to local fundraisers, including the STARS initiative at our annual bull sale. Even greater than his generosity, was his warm personality. Barry will be greatly missed but has left behind a legacy within our community.

EPD INFORMATION

EPD EXPLANATION

EPDs are "Expected Progeny Differences". All EPD values are comparative. This means that they represent bigger/smaller, less/more types of relationships. They are current and up to date as of the catalogue publication date.

Calving Ease – The ease with which a bull's calves are born to first calf heifers. When comparing calving ease EPDs of two sires, the larger EPD indicates a higher percent of unassisted births for calves sired by this bull.

Birth Weight – Calf weight at birth adjusted to a mature dam equivalent. When comparing the birth weight EPDs of two sires, the larger EPD indicates a heavier average birth weight for calves sired by this bull.

Weaning Weight – Calf weight taken between 160 and 250 days of age and adjusted to 205 days of age and a mature dam equivalent. When comparing the weaning weight EPDs of two sires, the larger EPD indicates a heavier average weaning weight for calves sired by this bull.

Maternal Calving Ease – The ease with which a sire's daughters calve as first calf heifers. When comparing the maternal calving ease EPDs of two sires, the larger EPD indicates a higher percentage of unassisted births for calves born to this sire's daughters.

Maternal Milk – The maternal ability of an animal's daughters. When comparing the maternal milk EPDs of two sires, the larger maternal milk EPD indicates heavier average weaning weights due to the daughters' greater maternal ability.

Maternal Weaning Weight – The weaning weight of an animal's daughters' calves. The evaluation reflects both the maternal ability of an animal's daughters and the growth potential of their calves. When comparing maternal weaning weight EPDs of two sires, the larger maternal weaning weight EPD indicates heavier weights due to daughters' ability to produce heavier calves.

Yearling Weight – Weight taken between 330 and 440 days of age and adjusted to 365 days of age and a mature dam equivalent. Expected progeny performance is reported in pounds. When comparing the yearling weight EPDs of two sires, the larger EPD indicates a heavier average yearling weight for calves sired by this bull.

API (All Purpose Index) - The API ranks animals based on their relative genetic contribution to a commercial production system using Angus based cows, where offspring are kept for replacement females and all other non-replacement offspring are fed to finish and sold on a value based marketing grid.

TI (Terminal Index) - ranks animals based on their relative genetic merit for a situation in which Simmental sires are mated to a mature Angus cow herd. All calves are placed on feed and sold on a value based marketing grid that rewards carcass grade and yield.

SPRING 2019 CANADIAN SIMMENTAL ASSOC EPD AVERAGES

CE	BWT	WWT	YWT	MCE	MWW	MILK	API	TI
6.6	3.4	69.3	102.2	4.1	60.2	25.2	114.6	64.0

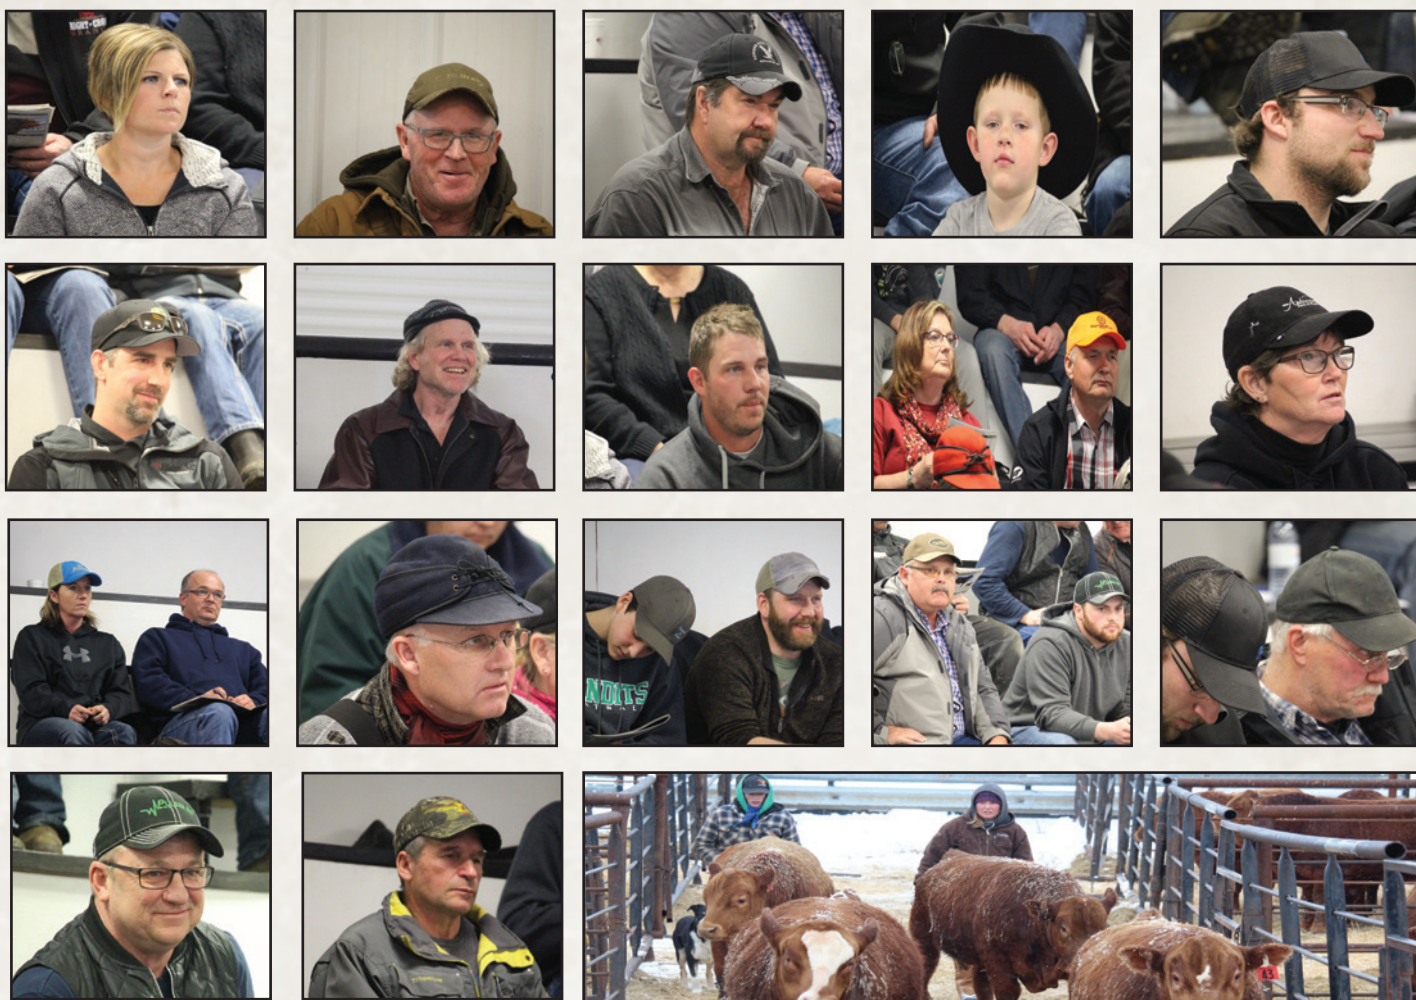

How To VIEW EPD's

All registered Simmental cattle are entered into the Canadian Simmental Association database and can be accessed at anytime with a simple search.

To look up EPD's or performance data of any of the bulls go to www.simmental.com

- Click on the SEARCHES tab on the top page header
- From here you can select EPD search and click on Animals
- This will open a search bar where you can enter the tattoo of the animal you're looking for
- Once the tattoo has been entered, all eligible searches appear. If multiple animals appear in results, refer to registration number or birthdate to narrow results to correct animal. Both the registration number and birthdate are located in the catalogue on the left side of each picture
- Select the animal you are looking for and you can then access their individual registry with full pedigree, EPD's and performance numbers

2019 STARS DONATION QUILT

STARS CHARITY QUILT

This year's quilt for STARS is called "Open Range". Once again the Torquay Quilters Block Party have been busy and have graciously donated this beautiful queen sized item for auction. All proceeds will go directly to STARS. Thank you to the Torquay Quilters!

SALE TERMS & CONDITIONS

The terms of the sale are cash or cheque payable at par at sale location unless satisfactory credit arrangements have been made prior to the sale. The right of property shall not pass until after settlement is made. Ashworth Farm & Ranch reserves the right to require a certified cheque as settlement before releasing any sale cattle. Should the purchaser fail to settle for his purchase, Bouchard Livestock Ltd reserves full power to resell the animal to the best advantage, either publicly or privately, without further notice. Any loss arising from such resale, together with keep and all other expenses shall be payable by the defaulter. All settlements must be made with the clerks of the sale before any cattle will be released. Ashworth Farm and Ranch, along with sale management have the right to refuse bids from anyone who has a previous record of default in payment and/or who has not made prior credit arrangements prior to the sale with the owners and/or Sale Management.

BID - Every animal consigned to the sale must be sold by auction. No by-bidding will be permitted. Each animal will be sold to the highest bidder.

DISPUTES - In cases of disputes, bidding will be reopened between the parties involved. If no further bid is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters will be final.

PURCHASER'S RISK - Each animal becomes the risk of the purchaser as soon as sold.

ANNOUNCEMENTS from the auction block will take precedence over printed matter in the catalogue. Buyers are therefore cautioned to pay attention to any such announcements.

CERTIFICATE OF REGISTRY - The proper Registration of Recordation paper, as the case may be, will be duly transferred and furnished to the buyer for each animal after settlement has been made.

SHIPPING - Assistance will be given in making shipment after the sale, but Sale Management or Seller assumes no risk. Expenses incurred are the responsibility of the purchaser. Purchasers are requested to furnish shipping instruction when making settlement.

GUARANTEE - All animals will carry standard breeding guarantee as specified by the applicable Canadian breed Association. At no time shall the seller's liability exceed the purchased price of the animal.

EXCEPTION TO GUARANTEE - In cases where the animal is subjected to any hormonal or surgical reproduction techniques after the sale, the guarantee shall be null and void. In the cases of bulls, they are guaranteed to breed naturally according to applicable Canadian breed Association guarantee, but no guarantee is given that semen from any bull will freeze.

HEALTH - It is the buyer's responsibility to determine health requirements for importing any animal into his province or state. Sale management assumes no responsibility for the health status of any animal in the sale.

ACCIDENTS - Although every precaution will be taken to protect the safety and comfort of buyers, neither the Sale Management, auctioneer, or Association assumes any responsibility in this matter and disclaims any liability legal or otherwise in the event of accident or loss of property.

RIGHTS AND OBLIGATIONS - The above terms and conditions of the sale shall constitute a contract between the buyer and the seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and the terms and conditions of this sale do not cover obligations of the two parties connected thereto.

BOUCHARD LIVESTOCK LTD IS AGENT ONLY - It is clearly understood that sale management acts only as agent between buyer and seller and is not in any way responsible for any failure by either party to live up to his or her obligations. Bouchard Livestock Ltd does not assume any financial obligations to collect or enforce collection of monies by either parties, and in exceptional case, any legal action will be between buyer and seller. Bouchard Livestock Ltd has no ownership of the facility and assumes no responsibility for the operation of said facility.
