Welcome

Welcome to our 2019 sale. We are selling mostly open heifer calves, not a big sale as you can see. These calves come from an excellent set of cows. Some embryos are included. All the work has been done, its a great investment to those interested.

You will not find a better group of maine heifers for auction. Our past few sales have been excellent but this will be a reserved auction, like we had in the bse years. If you want them fine, if not okay. No rafter buyers. Most breeders are in black perentage Maines and do not support the fullbloods. So after 50 years of breeding these cattle it's not in our best interests to have a sale go flat for any reasons.

- * Min.bid on Fullblood open heifers is \$2,500.00 *except Lot 4 and 16.*
- * Min.bid on Purebred heifers is \$2,000.00
- * Others as marked

Hope to hear from you,
Gary and Sandy Graham

TERMS AND CONDITIONS

Payment by cheque or cash payable sale day unless otherwise agreed upon. Payment in Canadian funds. American exchange will be .80 U.S. Payment to sale clerk before cattle released. All cattle will be sold to highest bidder. The auctioneer has final say in all aspects or any disputed bid which would be reopened to bidders in question. If no further bid the buyer will be the person from whom the auctioneer took the last bid. Any announcement from the auction block will take precedence over any printed matter in catalogue. Each animal becomes the risk of the purchaser as soon as sold. Insurance available sale day. Required health certificates for export cattle will be provided.

Cattle purchased by U.S. buyers - we will arrange to take cattle across border hopefully before the end of December.
