SUNDAY, AUGUST 11, 2019

9:30am YCSA Confirmation – Commercial Show, Bred & Owned & Open Show
 Final Awards to Follow
 Move Out Permitted Following Awards

Stephen & Jennie Mutch – Showmanship

Stephen & Jennie, along with their children Meredith & John, operate Mutch Farms in Earnscliffe PEI. The farm is comprised of a small herd of purebred Simmental and Angus cows, and up until a couple of years ago, consisted of a flock of purebred Hampshire sheep. Both Stephen & Jennie grew up on farms; Stephen on a purebred Angus farm, and Jennie on a mixed livestock and potato farm. They were both involved in junior associations in their younger years, with Stephen a past director on the Canadian Junior Angus Association board, and Jennie a past director on the Young Canadian Simmental Association board. They are now both actively involved in their regional breed associations. Since purchasing their first Simmental in 2009, the farm has been active in exhibiting at various shows throughout the Maritimes and Quebec. A couple of highlights include breeding the National Champion

Simmental Male in 2014, and breeding & exhibiting the National Champion Simmental Female in 2015. They are active in judging and have judged numerous steer shows and breeding stock shows within the Maritimes, as well as previously judging Showdown (the National Junior Angus Show) and Bonanza (the National Junior Hereford Show). Jennie and her mother also had the honor of judging the National Sheep Classic that was held in Nova Scotia in 2018. Stephen & Jennie are both very honored to be asked to judge the showmanship competition for the YCSA at this year's National Classic and hope to continue their involvement in future YCSA events through their children.

Stephen et Jennie, ainsi que leurs enfants Meredith et John, exploitent la Ferme Mutch à Earnscliffe, PEI. La ferme est composée d'un petit troupeau de vaches de race Simmental et Angus et, jusqu'à il y a quelques années, était composée d'un troupeau de moutons de race Hampshire. Stephen et Jennie ont tous deux grandi dans des fermes; Stephen dans une ferme Angus pur-sang et Jennie dans une ferme commerciale de bétail et de pommes de terre. Ils étaient tous deux membres d'associations juniors; Stephen en tant que directeur du conseil d'administration de la Canadian Junior Angus Association, et Jennie comme directrice du conseil d'administration de la Young Canadian Simmental Association. Ils sont maintenant tous deux activement impliqués dans leurs associations de races provinciales. Depuis l'achat de leur première Simmental en 2009, la ferme a participé activement à différentes expositions dans les Maritimes et au Québec. Ils ont entre autres remporté le titre du Grand Champion national Simmental en 2014 et Grande Championne élevé et exposé Simmental en 2015. En plus d'exposé dans différentes expositions, ils ont jugé de nombreux jugements dans les Maritimes, comme le Showdown (Show national Junior Angus) et le Bonanza (Show national Junior Hereford). Jennie et sa mère ont également eu l'honneur de juger la Classique nationale des moutons qui s'est déroulée en Nouvelle-Écosse en 2018. Stephen et Jennie sont tous les deux très honorés d'avoir été invités à juger le concours de présentation au YCSA à la classique nationale cette année et ils souhaitent continuer à participer aux événements du YCSA par le biais de leurs enfants.

Matthew Blankenship – Conformation

Matthew Blankenship, originally from Nolansville, Tennessee, grew up heavily involved in the cattle industry and was active in many youth organizations, including being elected to the National Junior Chi Board. After college, Matthew moved on to work for some of the most respected breeders in the country from Damar Farms in Wisconsin to KenCo Cattle in Tennessee before settling into a position at Sullivan Farms working on show and sale cattle. He met his wife, Megan, at the NAILE while working for Sullivans and after getting married, the couple chose to relocate to Megan's family farm in upstate New York and focus on their own cattle. Along with daughter Adalynn and son Aksel, they own and operate M&M Cattle Company with a focus on producing high quality Herefords and Simmentals that are shown and marketed nationally. Matthew continues to work for various other cattle operations when possible and invests time in teaching at Stock Show University clinics and judging various species of livestock across the country and internationally.

Matthew Blankenship, originaire de Nolansville au Tennessee, a grandi dans l'industrie bovine et a été actif dans de nombreuses organisations pour les jeunes, notamment en étant élu au National Junior Chi Board. Après ses études universitaires, Matthew a travaillé pour certains éleveurs les plus respectés du pays, tel que Damar Farms dans le Wisconsin et KenCoCattle dans le Tennessee, avant de s'installer chez Sullivan Farms, où il travaillait aux expositions et aux ventes d'animaux. Il a rencontré son épouse, Megan, au NAILE alors qu'il travaillait pour Sullivans. Après leur mariage, le couple a choisi de s'installer sur la ferme familiale de Megan, dans le nord de l'État de New York, et de se concentrer sur leur propre élevage. Avec leur fille Adalynn et leur fils Aksel, ils possèdent et exploitent M & M CattleCompany, dont l'objectif est de produire des Hereford et des Simmental de haute qualité afin de les présenter et de les commercialiser à l'échelle nationale. Matthew continue de travailler pour différents autres éleveurs lorsque cela est possible, donne des cliniques pour le Stock Show University et juge des expositions bovines travers le pays et à l'étranger.
