

RICHMOND RANCH

Bull & Female Sale

Friday March 13, 2020 at the Ranch, Rumsey AB

RICHMOND RANCH

23rd Annual Bull & Female Sale

1:00 p.m. Friday March 13th

@ The Ranch, Rumsey AB

Welcome Cattlemen

Well it is that time of year again to think about re-stocking your herd bull pen. It is with immense pride that we welcome you to our 23rd Annual Bull & Female Sale. It could never be stated enough but we would like to once again thank our past buyers, bidders, neighbours, friends and family for their continuous support in our program. The cattle business has been our passion and way of life for five generations now. Being a family run operation, we take considerable pride in our cattle and strive to raise the best for the industry. Here at Richmond Ranch we believe in the strength of cow families and have emphasized only to have the elite females retained into the herd. We have put a heavy focus on structure, soundness, udder quality, maternal ability and that deep broody look that every cattleman desires in their herd. You can be certain that behind this set of stout bulls is a very impressive, hardworking and productive set of females. Here at Richmond Ranch we have always stood behind our cattle and backed our bullpen satisfaction fully guaranteed. This year we have established a Breeding Protection Plan that will help us to ensure your investment is protected and furthermore your cows are bred. This year we are very proud of our offering and feel even more privileged to be your herd bull source. We hope that you will mark your calendars and join us Sale day where you will find over 103 Lots on offer; Black Angus, Red Angus, & Limousin. Between the three breeds there will be a variety of bulls with a selection of traits including calving ease, growth and performance that will add to your weaning weights in the fall. Feel confident in the purchase of a Richmond bull to leave great maternal features you will want to pass on to your replacement females. We make our living by selling bulls, so it is always such a compliment when every year we have so many repeat customers. Understanding the importance of your investment in a herd bull along with the expectations that come with that, we would like to assist you in any way that we can to make your selection easier. We want you to feel at ease after purchasing a bull from us because we will do everything to ensure your satisfaction from the time the hammer falls until you have calves on the ground. We believe that quality shouldn't be just a goal, but a standard. Richmond Ranch; based on longevity, quality and integrity. Give us a call or feel free to stop in for a visit and a tour at any time. Come early to view the bulls, the brood cows that raise them, and the powerful herd sires behind them. Enjoy coffee & donuts all morning and a steak lunch prior to the sale. We will have updated weights and scrotal measurements available sale day. From all of us here at Richmond Ranch, we hope to see you all once again sale day.

Sincerely,
The Richmond Family

Understanding the importance of your investment in a herd bull along with the expectations that come with that, we would like to assist you in any way that we can to make your selection easier.

Sight Unseen Purchase Plan: If you are unable to attend sale day, we would be more than happy to assist you in your sale selection. Please feel free to contact any member of the Richmond Family or any of the sales staff. Every effort will be made to buy you the right bull or bulls, at the right price to make you a repeat customer.

Welcome to the 23rd Annual Richmond Ranch Bull & Female Sale at the farm at Rumsey, AB. OBI Livestock Ltd. is very pleased again to be working with the Richmond Family.

When I visit the farm each and every time the entire family is there at the table to discuss the future plans of the upcoming sale. The dedication of each family member is one to admire. Commitment is the word that best summarizes the cattle operation at Richmond Ranch. They always are seeking to find that new herdsire in each breed to take them to the next level with the mind thoughts primarily for their commercial customer base.

The entire operation is based on a very strong set of cows that are sort through every year to keep only the ones that produce for the ranch; if they don't meet the standards, they leave the ranch. The herd bulls walking at the farm are powerful individuals with that extra foot under them. When touring the herd this late January, the sale bulls are very athletic, have plenty of room to develop and are built for the long run. The structure, power, muscle, feet and overall docility make these bulls ones to come and check out.

The bulls this year in all 3 divisions at Richmond Ranch do have Purebred breeder bulls in them. Do come and take a look at these potential herd bulls in the making. Whether you are looking for a Limousin, Angus or Red Angus cow or heifer bull, this event has it all for you. If you request a DVD for the videos of the animals selling, contact Tiffany Richmond at (403) 740-3748.

OBI Livestock Ltd. are very familiar with the sale offering and we will be at the ranch the day before to assist you in anyway. Please do no hesitate to call, Roger or Myself.

Hospitality to follow the sale.

Sale Location: The sale will be held at the Ranch, 5 miles East of Rumsey, AB.

Directions from Stettler: go South on HWY 56 about 60kms. Turn West onto HWY 585, go 1 mile and the farm is on the South side of the road on RgRd 202.

Directions from Trochu: go East on HWY 585 about 40kms. The farm is on the South side of the HWY on RgRd 202.

Directions from Drumheller: go North on HWY 56 about 60kms. Turn West onto HWY 585, go 1 mile and the farm is on the South side of the road on RgRd 202.

Hotel Accomodations

Drumheller Canalta 403-823-7700 Ramada 403-823-2028

Stettler Canalta 888-742-5808 Ramada 403-742-6555

Other possibiltities include **Olds**, 1 hour West of the Ranch

Delivery Program: We encourage you to discuss arrangements prior to the sale. Bulls will be delivered free of charge to central points in Western Canada at Richmond Ranches convenience and at owner's risk. For cattle going to Eastern Canada or the US, we will arrange trucking at minimal cost. If this delivery time is not convenient for the buyer, the bulls will be kept free of charge until the buyer can pick-up the bull(s) at their convenience. Richmond Ranch recommends that all bulls left at Richmond Ranch following the sale are to be enrolled in the Richmond Ranch Breeding Protection Plan.

H.S. Knills Transport 877-442-3106

Jr. Incentive Program: Offering 10% off to any Junior member on the purchase of any purebred female.

Vaccination Programs: All our livestock are on the SelectVac Gold program as well as given Ivomec for parasite control.

Bulls: At two-three months of age these calves have been vaccinated with Bovi-Shield Gold One Shot and Ultrabac 7 Somubac. They are then given a booster shot pre-weaning with the same two vaccines.

Breeding Females: in addition to the above, our females receive an annual shot of Bovi-Shield Gold FP 5 VL5 prior to breeding. The bred heifers also get vaccinated and bolstered with Scour Bos.

Semen Testing: All bulls have been tested, measured, and palpated through the Stettler Veterinary Clinic by Veterinarian Dr. Jackie Dobinson.

If you're reading this, you are likely considering this great offering of bulls and females and everything that they will bring to your herd. Quality herd sires offer the fastest way to impact genetic potential in your herd. From a veterinary perspective we often encourage producers to know the health of the animal they are adding and ensure that it's going to be a good fit. Richmonds due diligence is spot on. The vaccination and health program at Richmond Ranch is the gold standard of veterinary recommendations. From a reproduction standpoint, everything in this sale is reproductively sound with a veterinary breeding soundness examination and their own responsible breeder guarantee. Health is directly linked to production and production is directly linked to dollars. Years of experience here and sound practices make up the quality you'll see flipping through these pages. We are proud to work with Richmond Ranch and congratulate them on another great offering here!

*Sincerely,
Jackie Dobinson, DVM

Cattle Nutrition: At Richmond Ranch our goal is to develop the cattle for longevity and succeSS in any program. The bulls are fed a growing ration of corn and barley silage, chopped hay/straw, and a Bullseye supplement at 0.75%. This system allows us to grow the bulls to seek the performance while maintaining their natural muscle shape. Our goal is to not only have bulls looking good for sale day, but most importantly, looking great while working in your pasture during breeding.

--	---	--	---	--	--

I have had the pleasure to work with Richmonds Ranches for a number of years now. Each year they strive to improve the quality of cattle on offer. Richmond Ranch has been very progressive in the thought and development of their on farm forages. This allows us to work closely with their program and develop balanced diets that start with high quality on farm ingredients. The bulls feeding program is built to maximize forage utilization and gut health. The bulls are developed on grass with their moms and then

moved onto a balanced diet that promotes lean muscle growth. Organic minerals are used to ensure proper immune function and over all health of bulls. The overall nutritional health and development of the bulls and the entire cow herd is of utmost importance and is constantly being tweaked to meet environmental and seasonal conditions.

doug.roxburgh@bullseyefeeds.ca

This year we have continued to feed corn silage. We reduced our pelleted bull ration by 25% simply because of the nutritional value that the corn has added to the silage. The bulls have maintained growth and performance equal to other years. We expect that the longevity of these bulls should be exceptional with this natural and mild energy source. We are very happy with the results we have seen with the addition of corn to our forage rations.

NEW Breeding Protection Plan available in 2020

In 2020 Richmond Ranch would like to take our first step towards starting a comprehensive personalized Breeding Protection Plan for our bulls. Our goal, as we are honored to be your herd bull source, is to help ensure your cows get bred and protect your investment. We know that no matter how many precautions we take, bulls will be bulls, and injury or death is always a possibility. The best Breeding Protection Plan you can buy is a back up bull, that you selected, that stands ready in your yard. We understand this is not an option for everyone.

With an additional 10% on the purchase price of your new bull: the Breeding Protection Plan will give you 1 year protection against injury or death with a replacement bull, a credit for a future bull sale or a combination of the two. If you should have any problem with a bull – Make Richmond Ranch your first call.

Jim or Stephanie at 403-323-8433 or 403-368-2103

We will do our best to resolve the issue with honesty and integrity to keep you a satisfied repeat customer.

Under our Breeding Protection Plan your bull is protected from injury, sickness, accident, structural breakdown or death.

The Breeding Protection Plan will not protect from any injury or death due to malicious, willful intentional acts of mistreatment.

Richmond Ranch retains the right to request photos

Richmond Ranch retains the right to request a vet report or Postmortem

Please feel free to give us a call anytime to discuss this Breeding Protection Plan.

“The Limousin breed might just be the breed that has the most to gain from a breed specific sale that gathers large numbers to feature for the consumers.”

Henry Thelan

Richmond Ranch would like to extend a thank you to the following auction marts who have hosted breed specialty sales promoting limousin influenced calves. Last fall it was great to see everyone’s efforts rewarded when a ten-cent premium was seen above market price on the Limousin calves that day. We look forward to working with them again this year to bring as much excitement as possible to our customer’s calves. If you have limousin genetics, we encourage you to consider what a great opportunity it is to showcase your calves where there is a strong offering to attract the premium buyers. If you have any questions on how this could help market your next calf crop, then give these very experienced and professional salesmen a call.

Richmond Ranch Guarantee: We stand behind our cattle 100%

Richmond Docility Rating or DOC: This docility rating has been established to help you determine the temperament and manageability of the bulls. We as breeders strive to hold our livestock to a high standard and that includes docility. In our program, we do not tolerate any problem animals and feel you should not either. No one knows these cattle better than us and throughout the calendar year these bulls have been sorted, processed, handled numerous times and strictly culled to remove any behavioural problems. Below is an index defining the different categories we have come up with. These are simply our ratings and cannot be compared to other breeders or numbering systems. Please feel free to contact us about any questions you may have.

1 = Pets – These cattle are exactly that; pets. They can be scratched in the pen and handled at all times.

2 = Calm – These cattle are very quiet, easy to handle when isolated, they do not frighten when you are working them but you cannot get close enough in the pen to scratch them.

3 = Average – These cattle are calm in the group, you can walk through them without disruption. When sorting these cattle, they are easy to stop and hold but can get uneasy and impatient when worked alone.

4 = Slightly Restless – these cattle are the ones at the back of the group in the pen; they do not disrupt the rest of the pen; they are manageable in a group but become agitated and nervous when isolated or worked alone.

5 = Nervous – these cattle are constantly moving away from you in the pen, can disrupt the group, needs to be managed with a buddy, these cattle are hard to stop when sorting and become easily agitated if alone.

6 = Heads Up – these cattle have a big flight zone, they will be the first to run away, should be handled with a buddy, cannot be stopped or isolated, when sorting in an alley, these cattle will run past sideways or snort at you. These cattle can become aggressive when agitated. These cattle are most commonly culled.

7 = Hunters – these cattle cannot be trusted at all, even in a group they will become aggressive and cannot be handled. These animals are culled immediately.

LIMOUSIN DIVISION

Offering Elite Limousin Genetics

LIMOUSIN

Are you looking for calving ease? Check out our calving scores on each bull!

Calving Rating or CR: We have taken into consideration our knowledge on the cow families, calving histories, birth weight, and phenotypical shape as a baby calf to help you better select a herd bull based on your calving needs. These numbers are not calculated; they are an estimate based on how we ourselves would use the bull if we were breeding our own cows. *All Bulls are guaranteed to calve easy on cows*

3 = Could be safely used on heifers.

2 = May be used on heifers with a family history of calving ease. Could be used safely on all cows.

1 = Can be used safely on all cows.

Puppies For Sale!

Diesel and Bailey are both good cattle dogs and are used daily at Richmond Ranch. These dogs are extremely gentle and are great with children. If you are thinking about getting a puppy for your family, or a great working dog, then talk to Samantha and Brandon!

Puppies are fully vaccinated & dewormed

Richmond Ranch Guarantee: We stand behind our cattle 100%

Richmond Docility Rating or DOC: This docility rating has been established to help you determine the temperament and manageability of the bulls. We as breeders strive to hold our livestock to a high standard and that includes docility. In our program, we do not tolerate any problem animals and feel you should not either. No one knows these cattle better than us and throughout the calendar year these bulls have been sorted, processed, handled numerous times and strictly culled to remove any behavioural problems. Below is an index defining the different categories we have come up with. These are simply our ratings and cannot be compared to other breeders or numbering systems. Please feel free to contact us about any questions you may have.

1 = Pets – These cattle are exactly that; pets. They can be scratched in the pen and handled at all times.

2 = Calm – These cattle are very quiet, easy to handle when isolated, they do not frighten when you are working them but you cannot get close enough in the pen to scratch them.

3 = Average – These cattle are calm in the group, you can walk through them without disruption. When sorting these cattle, they are easy to stop and hold but can get uneasy and impatient when worked alone.

4 = Slightly Restless – these cattle are the ones at the back of the group in the pen; they do not disrupt the rest of the pen; they are manageable in a group but become agitated and nervous when isolated or worked alone.

5 = Nervous – these cattle are constantly moving away from you in the pen, can disrupt the group, needs to be managed with a buddy, these cattle are hard to stop when sorting and become easily agitated if alone.

6 = Heads Up – these cattle have a big flight zone, they will be the first to run away, should be handled with a buddy, cannot be stopped or isolated, when sorting in an alley, these cattle will run past sideways or snort at you. These cattle can become aggressive when agitated. These cattle are most commonly culled.

7 = Hunters – these cattle cannot be trusted at all, even in a group they will become aggressive and cannot be handled. These animals are culled immediately.

ANGUS DIVISION

***Offering Elite Black Angus &
Red Angus Genetics***

ANGUS

Are you looking for calving ease? Check out our calving scores on each bull!

Calving Rating or CR: We have taken into consideration our knowledge on the cow families, calving histories, birth weight, and phenotypical shape as a baby calf to help you better select a herd bull based on your calving needs. These numbers are not calculated; they are an estimate based on how we ourselves would use the bull if we were breeding our own cows. *All Bulls are guaranteed to calve easy on cows*

3 = Could be safely used on heifers.

2 = May be used on heifers with a family history of calving ease. Could be used safely on all cows.

1 = Can be used safely on all cows.

We encourage you to call and visit about the heifers. We would be happy to answer any questions you may have.

Ever since we delivered the first bull out to the pasture years ago, we have been impressed with the quality in the cow herd, attention to detail and high expectations that they put on selecting their herd bulls. Running a one-iron angus cow herd, this is a program that doesn't leave anything out. We have always taken note of the incredible run of steers they sell in the fall at the Stettler Auction Mart. It was no surprise to us when we went to tour and select the heifers for our sale that we would find the quality of females that we were hoping for. We are very honoured to have this set of Angus heifers at our bull sale. Do not miss this opportunity to add these replacement heifers into your herd. We have seen the cows behind these females and you will not be disappointed with the future these heifers hold.

103 40 - 50 Open Commercial Angus Heifers

- a** 5 Black Open Heifers ~ 40-50 commercial Black Angus heifers.
- b** 5 Black Open Heifers ~ Avg. weight 750 lbs as of Feb 1, 2020. On a corn silage, roughage, and a 4-5 lb grain ration.

~ Please discuss arrangements for delivery prior to purchase. Payment due prior to release of animals.

With the addition of our 6th generation here at Richmond Ranch; we are excited to be celebrating many firsts all over again!

TERMS & CONDITIONS

Guarantee: Every lot is sold fully guaranteed. Every bull will be semen tested. We produce a quality product, therefore we stand behind that product 100%. All bulls will sell under the normal breeder guarantee recommended by the Canadian Limousin Association and the Canadian Angus Association – printed on the back of your receipt. Richmond Ranch is never responsible for more than the value of the sale price of the bull.

Terms of the Sale: Cash or cheque at par, payable to Richmond Ranch LTD at the clerk's desk Sale Day. U.S. funds will be accepted at current rate of exchange. No release will be given until settlement has been made. Please talk to us prior to the sale to make further arrangements. Should any purchaser fail to settle for their purchase; Richmond Ranch reserves the right to resell the animal to their best advantage either publicly or privately, without further notice.

Disputes: In the case of any disputes, the Auctioneer will open the bid between the parties involved. If no further bid is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters will be final.

Announcements: Any announcements from the auction block will take precedence over the printed matter in the catalogue. Buyers are therefore cautioned to pay attention to any such announcements.

Breeding Protection Plan: Ownership to the purchaser commences when the Auctioneer's hammer falls. Each animal becomes the risk of the purchaser as soon as sold. Livestock Breeding Protection Plan will be available by adding 10% to your invoice at the clerk's desk.

Accidents: Those who attend the Sale do so at their own risk. Neither Richmond Ranch, sales staff, or the auctioneer assumes any responsibility in the matter and disclaims any legal or otherwise in the event of an accident or loss of or damage to property or person.

Delivery Options: We encourage you to discuss arrangements prior to the sale. Bulls will be delivered free of charge to central points in Western Canada at Richmond Ranches convenience and at owner's risk. For cattle going to Eastern Canada or the US, we will arrange trucking at minimal cost. If this delivery time is not convenient for the buyer, the bull(s) will be kept free of charge and the buyer can pick-up the bull(s) at their convenience. Richmond Ranch recommends that all bulls left on site are to be enrolled in the Breeding Protection Plan.

Transfer of Paper: The registration papers will be transferred to the new owner upon receiving payment in full. Do not under value this Paper – Breeders that register and transfer the papers to the new owners have been contributing information that has led to genetic progress of the breed and they have a proven product to offer you. Protection and Information may very well be the best value of all.

By attending the Richmond Ranch Bull & Female Sale, you are granting permission for your picture to be used for promotional and advertising purposes related solely to the Richmond Ranch Bull & Female Sale.
