14TH ANNUAL BULL SALE

1:30PM • Thursday, April 9, 2020 • Canora SK

Welcome

Our 14th annual sale is fast approaching and we would like to extend an invitation to all cattlemen. We are excited to once again work together with James, Sarah, and Troy of Mission Ridge Herefords, as well as the rest of the Hordos family. New for this year, we are happy to have Clayton Hawreluik of (Bar over H) Farms add an awesome pen of open heifers to the sale offering.

Our focus has always been to raise a fertile productive cow herd. A 70 day breeding season has been our norm for many years. All AI and natural breeding dates are recorded which allows us to provide a gestation length for each calf born on our farm. Calving ease is of the utmost importance to us. Every calving is recorded and this info is included in the catalogue. Every calf is weighed within 12 hrs of birth, again at weaning, then again at yearling. This information is key to help us with important herd management decisions. We have added ultrasound data into the equation which provides us with another tool to compare sire groups within our program. This data is made available to our customers to help in their bull selection. We believe that this information will become more and more useful in the future. Every female receives a disposition score within our herd. They all must maintain a respectable comfort level with us during calving and throughout the yearly routine.

Our feed supply is tested annually. A balanced ration with mineral package is designed and maintained throughout the 180 day feeding period. We are currently feeding barley silage with a small percentage of straw for all groups of cattle. We include a soy-based pellet in the silage mix for our replacement heifers, herd bulls and sale bulls. This provides protein for growth and muscle development. Our sale bulls have had access to a 15 acre pasture since weaning. This ensures they get plenty of exercise and will be ready for their first breeding season.

The bulls will sell via video presentation so if at all possible we encourage you to view the bulls prior to the sale.

We are very grateful for all the support we have received from our customers in the past. We have had the opportunity to meet and work with some outstanding producers over the years which is what we love most about this business. We are always open to a conversation about your individual herd bull requirements and cow herd management. This information will help point us in the right direction when sourcing new genetics and give our customers the confidence that our product will deliver quality and consistency in their calf crop for years to come.

SALE BULLS HEALTH PROGRAM

AT WEANING - *BoviShield One Shot & Ultrabac 7/Somubac*

MARCH 2020 - *Bovishield Gold, Ultrabac 7/Somubac, Anthrax Vaccine & Fusoguard (both initial & booster)*

Please be our guest for lunch on sale day! Look forward to seeing you on the 9th.

14TH ANNUAL BULL SALE

1:30 PM • THURSDAY, APRIL 9, 2020 • CANORA, SK

5 MILES SOUTH OF CANORA ON HWY 9, 1 MILE EAST AT THE BURGIS BEACH CORNER.

Sale Day Phones

Sliding Hills Charolais	306-563-6678
Carey Weinbender	306-571-9035
LeeAnn Weinbender	306-571-9010
James Hordos	306-835-7492
Sarah Hordos	306-570-1717

Sale Staff

Mike Fleury, AUCTIONEER	306-370-5022
Helge By, Charolais Banner	306-536-4261
Craig Flewelling, RINGMAN	403-556-0515
Clayton Hawreliuk, RINGMAN	306-621-3824

Right to Draw Semen

We reserve the right to draw semen on any of the sale bulls at the sellers expense and the buyers convenience.

** Sliding Hills will retain 1/4 semen interest in all Charolais sale bulls.*

Can't make it to the sale?

Watch & bid online at DLMS.ca. Please register to bid before the sale. Mark Shologan, 780-699-5082

Video Sale

All bulls are sold via video presentation. Please plan to view the bulls prior to the sale or come early sale day.

Delivery

Cash rebate of \$100/buyer if you take your bull(s) home sale day. Delivery after May 1 will be \$100/buyer.

Insurance

Larry Toner Agencies306-834-7652

All bulls remaining at Sliding Hills after the sale must be insured.

Dairy Queen ice cream will be available again thank you to Mark and Lori Butchko, Yorkton, SK.

Buyer Draws

Clayton Hawreliuk 306-621-3824

A note from the auctioneer

Welcome to the 2020 edition of Sliding Hills Charolais and Mission Ridge Hereford Bull Sale. Carey and LeeAnn Weinbender and their family have been doing an outstanding job breeding registered Charolais cattle and have developed an excellent cow herd. Their attention to detail and management practices have certainly contributed to their success. They continue to select only the best genetics made available within the Charolais breed, providing their customers with the bull power that the industry demands. The Sliding Hills bulls excel in performance, promoting calving ease with great hair coats and excellent temperament. These bulls are thick, long made, emphasizing natural muscle expression. The bulls are on a complete performance and ultrasound program providing the bull buyer with all performance information and complete carcass data. The Hereford Bull Sale line up consigned by Mission Ridge Herefords, James and Sarah Hordos, will again be very impressive. I would like to congratulate Sarah and James on the new arrival of their son Troy, another cattleman in the making. The Mission Ridge Hereford bulls are definitely the right kind, they are deep bodied, well balanced, full of red meat and can get out and move. Again, only the top producing Hereford genetics are introduced into the Mission Ridge program. This young couple have a passion for the cattle business, and are doing things right. Their keen interest in breeding top quality Hereford cattle is very evident and their enthusiasm and excitement about the industry is truly admired. This is a must attend bull sale, the quality runs deep, and the hospitality doesn't get any better. I look forward to seeing you at the sale. I know you will like the bulls.

~ MICHAEL K. FLEURY, auctioneer of the Sliding Hills/Mission Ridge Bull Sale and manager of Saskatoon Livestock Sale.

MISSION RIDGE

HEREFORDS

EST. 1978

Welcome

We would like to welcome everyone to the 14th annual Sliding Hills Charolais and Mission Ridge Herefords Bull Sale.

2019 has had its fair share of challenges and curve balls that were thrown at farming operations from grain to livestock producers. Although we've all faced our own kinds of challenges, I believe it is in the FARMER mindset to overcome any type of situation and continue to push through! Here's to a great and prosperous year ahead for all farmers and everyone related to agriculture!

Our 2020 bull offering is a very consistent set of yearlings. We have a tremendous amount of pride in these bulls and feel they will go out and work for any type of cattle operation! This year's bull pen includes 11 polled bulls, 4 of which are homozygous polled, and 1 horned Hereford. Three of the bulls were also included in our Agribition show string. All the bulls mothers are the kind of females we strive to produce here at Mission Ridge. These cows are strong footed, deep bodied, fertile, easy fleshing cows that have high quality udders. The bulls we are offering are truly our top cut of yearlings that we are confident will go out and work in our customers herds. The bulls have been developed on a high fibre soy based pellet, as well as good quality brome/alfalfa hay. They have been vaccinated with Bovi-Shield Gold one shot and Vision 8 Somnus w/Spur. The bulls will also be vaccinated with Fusoguard prior to the sale.

Our operation, like hundreds across the nation, is family owned and operated. Having said that we would like to thank my father Steve and brothers Mark and Paul for all the work that they do during haying, calving, processing or any other busy times of the year! There is truly nothing better than the help of family!

Again this year, we would like to thank Carey, Lee Ann, Laura, and Dale for all the hard work and preparations that make this sale happen, we truly look forward to working together to ensure sale day will be enjoyable for everyone!

Please accept this as an invitation to join us on April 9th, even if you are not in the market for a bull, please come out, have a visit and a bite to eat... we look forward to seeing everyone!

Sincerely,

James & Sarah

used successfully on heifers • added pigment • offspring are hairy, attractive and thick

COMMERCIAL HEIFERS

PEN OF 5 COMMERCIAL HEIFERS RED SIMMENTAL X CHAROLAIS

H Bar Over H Farms is a mixed farming operation consisting of 75 Red Simmental X cows exposed to Charolais bulls that start calving the last week of March. These heifers are sired by Sliding Hills Charolais bulls and are hand picked from quiet, easy-doing, deep ribbed females with excellent udders. These heifers are on a full vaccination program (Bovi-Shield Gold), have been fed brome/alfalfa hay along with the Sweet Pro Premium Supplements, and have been vet inspected and guaranteed open. With my involvement in auctioneering and management in the livestock industry for over 16 years gives me the confidence to know that these females will work for many cattle producers. Feel free to give me a call if you have any questions.

~ Clayton Hawreliuk (306) 621-3824

CANADIAN CHAROLAIS ASSOCIATION SCHOLARSHIPS

If you are walking a registered Charolais, your children may be eligible to apply for scholarships available through the CCA. Applicants must be involved in agriculture and registered in a post-secondary education college or university program. More information and the application forms are available at www.charolais.com

Congratulations to Mike & Terry Fleury and family

for being awarded the 2020 Saskatchewan Livestock Association Honour Scroll in recognition of their valuable contribution to our industry.

Beef ~ it's more than what's for dinner.

It's our livelihood. It's our passion. It's what lights
our fire and gets us out of bed in the morning.
It's our calling.

It's a thankless job, on occasion. It's the heartache
and devastation that come with spring blizzards,
years of drought, and other events beyond our control.

But we're a stubborn bunch and we love what we do.
Because it's also bearing witness to some of
God's greatest gifts.

It's watching a wobbly calf get up for the first time
and witnessing our children learn and grow in their
passion for our way of life.

It's knowing that caring for the land and livestock,
and bringing delicious nutritious beef to tables
across the country is so much bigger than ourselves.

So, we keep at it every day - rain, shine, sleet or
snow. Because beef is more than what's for dinner.

Terms: The terms of the sale are cash or cheque payable immediately after the sale in Canadian funds. All settlements must be made with the sale clerks before cattle will be released. The right of property will not pass until final payment is made.

Bidding: Each animal will sell to the highest bidder. Bidders unable to attend the sale may phone their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

Disputes: Bidding will be reopened between the parties involved. If no further bid is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision is final.

Announcements: Announcements made from the auction block will take precedence over printed matter in the catalogue. Buyers are cautioned

to pay close attention to announcements.

Purchaser's Risk: Each animal becomes the risk of the purchaser as soon as sold. Animals will be cared for at the purchaser's risk for a reasonable length of time. All animals left with the seller must be insured.

Certificate of Registration: Each animal will carry papers issued by the appropriate breed association. A certificate of registry duly transferred will be furnished to the buyer after payment has been made.

Delivery: Assistance will be given in making delivery after the sale. The purchaser agrees shipping arrangements will be at the convenience of the seller, but will be as soon as practical after the sale, at the buyer's risk.

Breeder Guarantee: Should any bull fourteen months of age or over, fail to prove a breeder after being used on cows known to be breeders, the matter shall be reported in writing to the seller within six months following the date

of the purchase or six months after the bull has reached fourteen months of age. The seller has the right and privilege of six months to prove the bull a breeder. No guarantee is given that semen collected from the bull will freeze.

Exception Guarantee: In the case where the animal is subjected to any hormonal or surgical reproductive techniques after the sale, this guarantee shall be null and void. The seller is not responsible for damage caused by foreign bodies after the animal has been sold or for sickness not apparent at sale time. In no event shall the seller be responsible for more than the purchase price.

Accidents: Although every precaution will be taken to protect the safety and comfort of buyers, neither the sale manager, auctioneer, or sellers assume any responsibility and disclaim any liability, legal or otherwise, in the event of accident or loss of property.
