on offer

2pm

MARCH 2ND 2020

ON THE FARM SOUTH WEST OF BEAVERLODGE, AB

*Thank you to our
2019 Bull and Female Buyers
your continued support and investment
in our genetics means the world to us!!*

welcome

It is our great pleasure to welcome you to our second Annual Bull Sale. With a tough 2019 in the rear view, I think there were times we questioned if we would even make 2020. Mother Nature pushed us to our limits throughout the past year, but I can honestly say it was our cattle that prevailed and excelled in the tough conditions. With one of our wettest summers on record, from rutting our hay fields to leaving over 2000 acres of crop out, our pastures thrived and we had a very successful grazing year. The cattle had a fantastic summer and weaned some of our heaviest calves to date. Some would call that the "silver lining" and the benefits of running a mixed farming operation. The struggles and stresses we all overcome to make it to the next year can be daunting but shows how resilient the ag community can be. It truly always is a "next year" mentality and we are happy to welcome 2020 and all of you to this year's bull sale.

This year's offering of bulls, has about as much depth and variety while maintaining a very strong and athletic presence. The long yearlings saw the brunt of our late fall, as we were so busy trying to salvage our crops, to give them any extra attention. But that being said they came off grass in their true lean pasture condition and we really admired their natural muscling ability and soundness. Now that we have them in the yard on a TMR ration, watching them bloom and mature into herdsires has been very rewarding and we are very excited about them as a group. A very neat mix of horned and polled fullbloods and some very attractive reds. If you're looking to stretch your bull power look to these big fellas to compete in larger groups of cows, bigger pastures and do some serious breeding.

The winter born pen of yearling bulls is one of the most genetically unique groups to sell, as we A.I. the January cows extensively as well as use many of our own walking sires. It's always nice to compare bulls we own up against leading industry A.I. bulls, or old school proven herdsires, and infuse exciting new crosses on some of our top producing females. This pen includes some big performance bulls that will increase weaning weights, maternal powerhouses to make you top quality females, a mix of calving ease and so much more. The possibilities are endless whether it be red, black or fullblood, horned or polled. These young bulls have a tonne of paternal and maternal power behind them and we look forward to what they can do for you in your cow herds.

If you have any questions about the bulls, please get in touch with us and I hope we can help you find a bull to successfully breed your cows and make a product you will be happy with down the road. We believe in all the bulls on offer and would confidently use them in many of our own programs.

If you're unable to attend sale day, look with confidence to the Bohrsen Marketing staff, these qualified individuals help us source cattle across the country when we are unable to attend a sale. So we know the top notch services they provide first hand and trust them in making your bull buying process stress free. We will also have DLMS on site to make online viewing and bidding from the comfort of your workplace or living room possible as well.

We hope to see you on the farm South West of Beaverlodge, AB March 2, 2020. Bulls are available for viewing at anytime and the coffee or a cold one is always on hand.

Cheers to a prosperous 2020

Keegan and Brad

The KSL Simmentals Bull & Female Sale is loaded with quality and it is a great event to source outstanding cattle with great hospitality. 24 yearling and 26 extra-age bulls will be featured and the quality is extremely deep throughout the entire offering. To compliment the impressive set of bulls is a strong group of commercial bred heifers from the very top of their program. The depth of quality is as strong as they have every offered and we encourage you to join us as we know you'll be impressed.

If you seek a red, black or fullblood herd sire, rest assured that there is high quality individuals backed by highly productive cows. The Fullblood section combines polled and horned genetics that excel and many calving ease bulls that perform well and the group is impressive. The reds and blacks have many of the strong, leading genetics in their pedigrees and they are high in quality. Muscle, dimension, performance, hair, softness and overall quality runs deep in the entire offering.

Keegan and Brad work hard to produce the very best cattle so you can invest with confidence and get high quality cattle that produce. We also want to congratulate them on their recent engagement as that is very exciting times ahead. We encourage you to join us in Beaverlodge on the farm but if you can't attend, feel free to contact any of the sales staff to represent your needs in a professional manner. See you at the KSL Bull & Female Sale for an awesome set of cattle and great hospitality.

Best regards,

The Bohrson Marketing Team

Powerhouse, ever since birth this Bacardi Gold son has been a standout. From one of our strongest cow families, backed by some serious longevity. This excellent footed, heavy muscled, rugged bull will catch your eye just due to his capacity, size and perfect colour pattern. Big time performance bull that will add pounds in the fall come weaning.

Length of spine, loads of pigment and eye appeal in this fella. Gage is a performance bull, out of a big producing Elliot Simmentals cow. The Yolanda cow really holds her own when it comes to raising high indexing, big yielding calves. This bull moves like a cat and will cover ground to get your cows bred.

CE: 2.4 BW: 5.7 WW: 63.6 YW: 94.9 M: 39.6 MCE: 0.5 MWWT: 71.3

If your looking to add some serious muscle to your calves Big George fits the bill. Out of a perfect uddered Jeremiah cow that weans calves at the top every year. This Sonic x Jeremiah cross is one that is sure to work and produce the kind of cattle that we all strive to produce.

Cherry red and goggle eyed this bull has always caught peoples attention from an early age. With his sires colour pattern and muscling, mixed with a shot of old school genetics from his perfect uddered, Klondike Arnie dam. This bull stems back to one of the most prolific cows on the farm to date, Big Sky China.

In true Sonic fashion, 71G is another blood red bull, with great feet and loads of muscle. His dam is a big bodied, high production cow, that we purchased from our good friends at Lone Stone Farms. Geo has a full sibling heifer working in the good herd of Keato Meadows Simmentals. The Sonic x Western cross will produce time and time again.

When buying bulls, one should always take note of a powerful dam with proven track record. G-Force might have the most powerful, big bodied dam in the sale. 74X is pushing her way to becoming one of our top producing most fertile and well kept uddered cows in the herd. This bulls length and depth is ideal but to top it all off his hair coat and colour pattern couldnt be more perfect.

Like the alleys of any downtown city, Graffiti will leave his mark on any herd. A Bubba son who much like his sire will add the big barrel and heavy quarters. 36G also gets a double shot of calm and quiet disposition from his sire and dam. Antebellum his dam is a broody Appollo cow that is always a treat to work with, she is the first cow to come running when you call.

Bubba Brute is just like his name, stout, deep and full of middle. This smooth polled son of Big Sky Bubba is full of rib shape and muscle expression in all the right places. His dam has produced a herd sire for ourselves in Big Sky Duke, has a son working in the big herd of Melburn Holdings and just laid down to give us another near polled Laredo son. A proven cow family, 38G should be a home run polled bull that will cross anyway you like.

If your looking for a bull with loads of style, G.I. Joe is about as eye catching and complete of calf that you might find. The darkest coloured and perfect pigmented bull in our bull pen, this Envoy son is hard to miss. More moderate in his make up, he is situated on top of a perfect set of Envoy style, big round hooves we have come to appreciate from his sire. With loads of round low carrying quarter, his muscle expression makes him a real show off.

A polled Hugo son out of a first calf heifer we bought from Keets Simmentals. This young female hit a home run her first time up to bat and this calf just continues to develop. Heavy haired and good footed, his neck extension and smooth shoulders should allow him to calve well and still pack a punch come weaning time. This young beautiful female won us over from her first few weeks of being here, with a wonderful temperament and impeccable udder. Then when she weaned him at almost 900lbs and re-bred for early January we knew she was a wise investment!

A good looking Reload son, 26G is a solid red chunk of a calf. We A.I'd a few to Reload and boy have we been impressed. Getting mostly heifer calves these good bodied calves are growthy and thick with a nice disposition. This bull should produce excellent females and stout made sons that are sure to impress.

With Sheriff being one of the leading calving ease sires in the industry, it was a no brainer to use him on some of the purebred Bubba daughters. The outcome was calves that came easy, but exploded with growth. This blaze face bull has a great hair coat and loads of length.

Muscle and mass mixed with maternal greatness is always a treat. Columbo is a well balance, eye catching bull. His dam is right out of Brads embryo program and she continues to shine and rise to the top. A very tidy uddered female who is exactly what we strive to produce in many ways. The dam sire of this bull is likely one of the most productive bulls we have had on the farm, still breeding at 9 years old. Longevity bred right in, with perfect feet.

CE: 1.7 BW: 6.0 WW: 66.6 YW: 94.8 M: 36.2 MCE: 2.4 MWWT: 69.4

A smooth made bull from the tip of his polled head, through his shoulder to his long spine. Fuse is a cherry red bull that always catches your eye, with his proud front end and long neck. His dam is a big broody female with loads of performance. The females will be his real strength, with a strong shot of udder correction from his sire and big time power from his Apollo dam.

Polled Full Fleck, Flash Foreward is a very complete smooth made bull. His dam is a big bodied female back by none other than Bar 5 Malissa. Brad selected a flush on her years back and Astrid is one of the resulting progeny. This bull has a perfect disposition, stemming from both his dam and sire.

Dark dark in colour and perfect pigment, Fitz is rugged and powerful, with one of the heaviest muscled quarters in the pen. If your looking to add some jam to your calves this bull should cross well with many types of cows to produce big growthy calves. His dam is a gentle, high producing cow that you never have to help with anything, and works her butt off time and time again.

Fidel is a big structured bull that comes from a very small moderate female. His growth was explosive from birth and he continues to develop into a big bull. His dam goes back to one of our favourite cow families, stemming back to the beautiful Reva cow. This Envoy x Vindicator cross is one we wish we could repeat often as the females are true bull making beauties.

I knew from a young age that Follow Thru was going to develop into a big boy. He was extremely long made since birth and hasn't stopped stretching up since. His Dam, who we purchased from Crossroads has been a great investment, making us nothing but good quality calves since day one.

One of the softest made bulls in the pen, it was only fitting to call him Fozie. Loose hided and loads of hair, this bull has a nice natural shape and thickness to him. Again that Envoy x Vindicator cross that has worked so well for us and the females are to die for.

One of the thickest and stout bulls in the pen. Mobster is one chunk of a red bull, that is huge ribbed and wide topped. He strides out so well its almost like he struts his stuff on purpose to catch your attention. His dam has made many thick stout bulls over the years and never misses the mark.

Moderate made with a low profile, Folsom is a very fancy fronted, stout made bull with a top that's as wide as you will find. A real chunk of a red bull, backed by a long time producing red cow that has a fault free track record.

With just a June 7 birthday, Franklin is the youngest long yearlings on offer, so don't let his moderate size fool you. He is dark cherry red, smooth polled and honest in every way. A bull I believe that will calve well, and produce some very dark red, eye appealing calves.

Commercial Bred Heifers

51

3 GROUPS OF 5 COMMERCIAL HEIFERS

a-
b-
c-

With another big breeding year around KSL we are excited to offer another excellent group of 15 bred females. These females are right from the heart of our commercial herd. They are sound made, easy keeping Simmental females. Some with a bit of either Hereford or Angus cross in them. They were all run as a group out on pasture and exposed to easy calving Polled Hereford and Red Angus bulls. Exposed from July 10th, till the middle of September. These females are not pampered and will be in their working clothes just like our own. We appreciate these girls for the true beef cattle they are and they have been managed and raised to work. We keep them athletic and in good body condition but not too fat, to allow them to calve out on pasture come April/May on their own. With calving as many cows out on pasture as we do, these girls have been selected to be highly maternal, good uddered and hopefully raise quality calves with very little help from their new owners. We look forward to seeing what they can do in your herds.

Terms

TERMS: The terms of the sale are cash, cheque, and wire transfers, payable at par at the sale location unless satisfactory payment arrangements have been made prior to the sale with seller, buyer and Bohrsen Marketing Services. Bohrsen Marketing Services reserves the right to require a certified cheque as settlement before releasing any sale cattle. Payment in full must be made before cattle can be released and shipped. Exchange rates will be announced sale day and the sale will be held in Canadian funds.

BIDDING: All animals to sell through the sale must be sold by auction with each animal selling to the highest bidder. Private sales will not be allowed except as otherwise provided for in the terms and conditions. No by-bidding will be permitted.

DISPUTES: In cases of disputes, bidding will be reopened between the parties involved in the dispute. If no further bid is made, the buyer will be the person from whom the auctioneer accepted the last bid and the auctioneer's decision will be final.

ANNOUNCEMENTS: Any announcement from the auction block will take precedence over the printed matter in the catalogue. Buyers are therefore cautioned to pay attention to any such announcements.

LIABILITIES: All persons attend the sale at their own risk.

CERTIFICATE OF REGISTRY: A registration certificate issued by the applicable breed association and a certificate of registry duly transferred will be furnished to the buyer of each animal after final payment has been made.

PREGNANCY INFORMATION: All bred females have been pregnancy examined by an accredited veterinarian,

who has provided the seller with an estimated length of gestation. The estimated gestation period shall be used only as a guideline to calving and is not a guarantee of actual service. Bohrsen Marketing Services will provide supplement sheets with breeding services provided for the purchaser.

HEALTH: All sale animals have met all necessary health requirements and it is the buyer's responsibility and expense to determine health requirements for importing any animal into his province or state. Bohrsen Marketing Services assume no responsibility for the health status of any animal in the sale.

PURCHASER'S RISK: Each animal becomes the risk of the purchaser as soon as sold.

SHIPPING: Shipping of cattle, semen and/or embryos are the responsibility and expense of the purchaser. Purchasers are requested to provide shipping instructions at settlement on sale day.

INSURANCE: We strongly recommend insurances for full value on all purchases.

ACCIDENTS: Every precaution will be taken to protect the safety and comfort of buyers, neither the Sales Management, auctioneer, consignors or Association assumes any responsibility in this matter and disclaims any liability legal or otherwise in the event of accident or loss of property.

INFORMATION SUPPLIED: The information contained in this catalogue is believed to be true and accurate. The seller has provided the information to Bohrsen Marketing Services and they assume no responsibility if the information supplied is not accurate.
