Welcome to the first annual **Heart of the Peace Multi Breed Bull & Female Sale**. This sale came into fruition from a few like minded cattlemen & women wanting to showcase their genetics to a wider potential customer base. We feel the online timed auction makes that possible while also being a more convenient option for you as customers, as well as ourselves.

Each contributor offers a strong set of bulls and females for your consideration. We encourage you to contact us and set up a convenient time to view the cattle before sale day. If you are unable to view the animals in person, each lot will also have a video displayed on the DLMS website.

All bulls will come to you with a satisfactory semen test and all animals will fall under their respective breed guarantee. We ask that you insure your purchase following the sale and discuss pickup or delivery options with the contributor.

Peace Country cattle have a longstanding positive reputation in feedlots, commercial and purebred herds in the Peace and throughout the prairies. If you're in the market for some top notch genetics in Black and Red Angus, Polled Herefords, Simmentals or Salers let the **Heart of the Peace** be the sale you source your next herd sire from!

TERMS & CONDITIONS

TERMS The terms of the sale are cash or cheque payable at par to sale consignor at the farm within 7 days of the sale or at delivery unless satisfactory credit arrangements have been made previous to the sale with sale manager. The right of property & delivery shall not pass until after settlement is made. **BID** Every animal consigned to the sale must be sold by auction. No private sales will be allowed except as otherwise provided for in the terms and conditions. No by-bidding will be permitted. Each animal will be sold to the highest bidder. **DISPUTES** In cases of disputes, bidding will be reopened between the parties involved. If no further bid is made the buyer will be the person from whom the computer accepted the last bid. The online auction company's decision in such matters will be final.

PURCHASER'S RISK Each animal becomes the risk of the purchaser as soon as sold. Animals will be cared for at the purchaser's risk for a reasonable time. **ANNOUNCEMENTS** on the sale page will take precedence over printed matter in the catalog. Buyers are therefore cautioned to pay attention to any such announcements. **CERTIFICATE OF REGISTRY** Each animal will carry papers issued by the applicable breed association. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made. **DELIVERY** Every assistance will be given in making shipment after the sale, but no risk is assumed by Sales Management or Sellers. Expenses incurred are the responsibility of the purchaser. Purchasers are requested to furnish shipping instructions when making settlement.

INSURANCE Agents will be available to insure your purchases. Animals returning to the consignor's farm must be insured. **GUARANTEE** All animals in this sale will be sold under the terms and guarantees set forth by the applicable breed association with regard to health, freedom from defects and from both reproductive and specific genetic unsoundness. At no time shall the seller's liability exceed the purchased price of the animal. **EXCEPTION TO GUARANTEE** In cases where the animal is subjected to any hormonal or surgical reproduction techniques after the sale, the guarantee shall be null and void.

ACCIDENTS Although every precaution will be taken to protect the safety and comfort of buyers, neither the Sales Management or Sellers assumes any responsibility in this matter and disclaim any liability legal or otherwise in the event of accident or loss of property.

WHAT YOU SHOULD KNOW ABOUT DLMS FARM GATE TIMED AUCTION WITH EXTENDED BIDDING

Timed Auctions Made Easy

1. Visit www.dlms.ca, scroll down sale list to find the sale you are interested in bidding on. Click on the sale listing and you will be taken to the FarmGate Timed Auction Sale page.

2. After you are at the FarmGate Timed auction site - farmgatetimeductions.ca, click the LOGIN/REGISTRATION button.

First Time FarmGate Users

First time users will select the REGISTER button from this page. Fill out the registration form to sign up for a free user account and it allows you to select a username and password for use on all Farm Gate Timed auctions (please note due to some of the text notification features the FarmGate Time Auction Site requires a new account separate from your DLMS Live sale site account).

After you create your FarmGate account you will receive a text message with a pin code to verify your account.

On your first log in to FarmGate Timed auctions we recommend you go to your profile and confirm your notifications are set to YES. This allows the site to send you text and/or email notifications when you are out bid and if there is activity on your favorite lots.

Returning FarmGate Users

If you have used Farm Gate Timed auctions in the past simply enter your user name and password to continue. After you have logged in you are able to browse the timed auctions on DLMS FarmGate Timed Auctions.

How to Bid

Now that you are logged in and your account phone number/email is verified, you are able to bid on an upcoming sale. Simply find the lot you are interested in bidding on. After you have found the lot there are 2 options for bidding on the lot.

Place Next Bid - to place the bid on the animal, you see the amount in the first box, you simply click the Place Bid button and after you review the bid and agree to the terms and conditions your bid will be placed.

Max Bid Amount - to place a max bid, you put your max bid in the second box listed as Max Bid on the animal, and then click the Place Bid button and after you review the bid and agree to the terms and conditions your bid will be placed as the next bid. With the Max Bid placed the computer will then keep you as the high bidder to the maximum amount you have placed. This can be a great feature if you are not able to give 100% attention to the sale close out and protect your interest so you do not miss out on any lots you want to purchase. The Max Bid amount is completely confidential from the seller during the sale process.

Example of How the Max Bid Works: If the lot has a \$2000 bid on it and you place a proxy bid of \$3500 into the system, the computer will bid \$2100 for you. If someone else bids \$2200, the computer will again bid for

you - this time at \$2300. The system will look after your interest to a maximum of \$3500. If another bidder is on at \$3600, your proxy will no longer be effective. You will no longer have the winning bid on this lot without once again logging in and bidding again, or moving your attention to a second lot of interest. Please note that in some cases a lot value can change very quickly if 2 max bids are placed on the same lot, competing against each other.

Watch List Feature

If you have items in multiple auctions or only a few from the same auction that you want to watch without having to scroll through the entire list, you can add the lots to your watchlist. On each lot you will see the “eye” button beside the bid button. Clicking this “watchlist” icon adds the animal to your personal watchlist for easy viewing of only your favorite lots in this sale or on the entire site.

Sale Ending/Closeout

Most FarmGate Timed Auctions close racehorse style with extended bidding.

Racehorse Style Sale Close is when the entire sale stays open in extended bidding. This type of sale allows you as the bidder to change to a different lot within the same sale if the bidding has gone to extended bidding.

When we get to the close out end time the clock for close extends with any bid placed with less than 5 minutes on the clock. This type of extended bidding turns the end time to more of a soft time. Extended bidding allows bidders to compete in lots like a real auction and give all bidders the same time to make a decision. Always follow the clock to see how much time remains in the sale you are interested in.

Bidding Close & Follow-Up

After the clock has gone to **ENDED** and no bidding has occurred for 5 minutes, the computer will declare the sale finished. Following the close typically within 24 hours of the sale close, the sale consignor will contact all winning bidders to arrange payment, transfer of pedigrees and delivery/pick up your lot. As the winning bidder you can contact the sale consignor/sale manager to confirm payment instructions.

Please make sure your account info is up-to-date and correct if you are the winning bidder of a lot as this how the billing is sent to the sale manager and/or sale consignor.

LAZY B LIVESTOCK

Trevor Binks & Melanie Klassen

Grande Prairie, AB
780-518-0630 Trevor
lazyblivestock.com

Welcome to our first annual Heart of the Peace Multi Breed Bull Sale. We are excited to have been asked by our fellow Cattle Friends to be a part of this online event.

Trevor and his 4 siblings were raised on a commercial livestock operation in Grande Prairie, AB run by Robert and Dorene Binks. Trevor acquired his first purebred Hereford heifer when he was 10 years old and through his teens, he had several purebred animals he showed at 4H shows and county fairs. He continued into his adulthood with a small commercial herd from descendants of the family farm. In 2008 he acquired his own brand and farm name...Lazy B Livestock was born.

Melanie hails from a gold mining family in the Yukon Territory. She met Trevor in 2011 and although farming was not a part of her livelihood, the cattle industry quickly became natural to her. Together they purchased LBL's first purebred Red and Black Angus animals. Since that time, they have purchased seed stock from across Alberta and British Columbia, growing their herd and will be calving 50 purebred animals as well as several commercial in 2021.

Both Trevor and Melanie have been certified in Cattle Insemination. They stay extremely busy with full time jobs off the farm, cattle shows around the Peace Country and growing their herd. Between them they have 4 beautiful grown kids and their spouses, along with 3 amazing grandkids!

Our goal is to produce and sell great quality purebred Angus cattle, with honesty and integrity, throughout the Peace Country, through private treaty and select sales off the farm. All our bulls are halter broke, DNA Sire Verified, semen tested (prior to sale) and are very docile. These animals have been groomed and hand fed around other livestock, including dogs and horses and are comfortable around people.

Prior viewing is recommended as these photos were completed December 30 2020. We are not hard to find, 3 miles east of Richie Brothers off Hwy 43.

A big thank you to Kyle Klassen, our photographer and videographer. He did a great job!

BW	WW	EPDS	BW	WW	YW	MILK
91	720		3.7	50	85	19

Heavy Joe is an AI calf from semen we acquired at the BC Elite sale from our friends at Harvest Angus. We are incredibly happy with our Heavy Joe calves as they are deep and fleshy, and sound on their feet. On the maternal side of his pedigree is a strong milking Red Carrier, low maintenance 5 yr old cow that is just hitting her prime here at Lazy B.

LOT 3

LBL BANJO 61Y 7H

93	770		1.6	51	92	27

If you have some large cows and are worried about using a yearling, this is the guy for you! This big framed RB Tour of Duty son really stretches out in all directions. Out of our herd matriarch 61Y cow, this guy can get out and move to cover the pasture area. Banjo checks off all the boxes on the EDP graph. Tour of Duty sons combine the 3 Ps - pedigree, performance, and phenotype.

LOT 4

BINKS ANGUS FARM

Evan & Melanie Binks

Grande Prairie, AB

780-518-2020 Evan

binksangus5@gmail.com

Binks Angus Farm started up in 2010 when Melanie and Evan's two daughters and son decided to have purebred heifer projects in 4H.

We decided if we were going to have some purebred cows we may as well have all purebred cows. We sold our commercial herd and bought 6 purebred Angus from Kleskun Lake Farm when they dispersed. Evan took an A.I course at Fairview College, bought a semen tank and committed the next 7 years to artificial insemination of the herd.

Now that we have expanded our numbers to 25, we were able to purchase our first herd sire from Lazy B Livestock. LBL Stingray 3D is the sire to all 6 of the bulls on offer today. Stingray is an awesome bull that seemed to be able to let the cow pick the birthweight, never too much to handle. Caving ease, extra muscle, good feet and legs, docility and all the style you can wrap up in a leather bag!

Our motto "BUILDING RELATIONSHIPS not just SALES" is what we live by and stand behind! Come for a tour of the farm and pick your next sire.

Note: Weaning weights were obtained on September 26, 2020.

90	730		3.1	42	76	26

205H is the BIG BOY in our 2020 bull calf group, with all the attributes to be a cow bull in any herd - frame, muscle, deep sided. When I first got started in AI in 2010, AB Breeders gifted me 10 straws of Century Touchstone 131. It turned out to be a gift that just keeps on giving! With correct feet and legs this bull should go on to give years of service on your cows.

217 is the youngest bull on offer today. His dam is by far the heaviest milking cow that I own. She raised a set of twin bull calves a couple years back to nearly 1400 lbs on her own. She doesn't owe me anything any more but she just keeps giving. With a 89 lbs bw and 640 ww its hard not to take this guy serious. This will be the sixth bull to sell off his red dam - what a great cow!

RAFTER SJ RANCH

Jack & Shannon Trask

Montney, BC
250-263-4904
sjtrask@pris.ca

We are excited for this new sale for the opportunity to showcase a few of our wide variety of proven genetics. From calving ease, to performance bulls that will add extra pounds to your calves in the fall. Every year we continue to raise the bar on what gets to stay a bull. We strive to keep a herd of top quality easy fleshing cows with great feet, udders & temperament. We have grown our cornerstone of females with the motto of “quality over quantity” when we purchase new genetics, and we have the same high standards when searching out and selecting our herd bulls and AI bulls.

We were both raised on cattle ranches in the Peace Country and know the importance of buying bulls that are ready to go to work for you. Our bulls are on a grain free pellet ration from Country Junction Feeds, along with our best hay. We want to maintain their muscle development and growth, keeping a balance, without jeopardizing their longevity and soundness.

We have a full herd health program. Our bulls are worked on foot, from horseback and with a dog. We have consigned just a sample of our bulls and have 30 more for sale off the farm. We love our cattle and the lifestyle it has offered us to raise our family in and the friends we have made.

We are located in Montney, BC half an hour north of Fort St John. We welcome you to come before the sale and have a look at the bulls and their dams. We can keep the bulls and heifers until the end of April, (or longer if arrangements are made) and we can deliver them. We do ask you to purchase insurance.

Look us up on FaceBook @Rafter SJ Angus.

He is long and smooth with a great heart girth. As an added bonus he is dark cherry red & has a great temperament. His WW on September 11 was 760lbs. Sired by 3 time Farmfair & Fort Worth Stock Show Grand Champion and 2016 Grand Champion Bull at Houston Livestock Show. His moderate framed dam is big footed & super deep sided. We love this cow family.

A balanced and thick made bull with lots of middle and lots of performance; and... calving ease of +8!! With a weaning weight on September 11th of 755 lbs, he had an ADG of 3.24 lbs for a WW index of 109. His sire was "Tracee's pick of their bulls". His dam is a big middled, tidy uddered cow who always brings in a keeper; with one of her heifer calves being chosen to go to Red Round-Up.

reber44@yahoo.ca

With 2020 being such a whirlwind of a year, we felt this was a good opportunity to try a different method to market some cattle. This will be an online timed auction through DLMS farmgate. The bulls and heifers will be available for viewing at your convenience, just give us a call and set up a time.

We feel our offering this year is a consistent group of bulls with the calving ease our customers have been requesting, as well as a couple power bulls that will throw calves that will push down the scales at weaning.

It's always hard to let any females go as we are rebuilding the herd and would love to keep everything! Each year we have customers wanting heifers so we decided to offer two beautiful females out of our replacement pen.

Purchases may remain at the farm and delivery options can be discussed. Animals remaining at the farm for an extended period after the sale will be required to be insured.

We know that bull sale season can be hit and miss with mother nature so set up a convenient time to view the cattle prior to sale day, then sit back and relax in your cozy chair at home on March 26,27 and "click" away!!

RIGHT WAY BEEF RATIONS

Specifically designed rations to provide the energy for optimal growth, but does not use high levels of starch to achieve these results.

Right Way Beef Rations are a high energy, highly digestible fiber based feed that can provide as much energy as barley without the high level of starch.

- By not using high levels of starch the rumen maintains a consistent pH so intakes and fiber digestion is more consistent and better overall.
- Contains:
 - All vitamins and minerals for optimal growth.
 - Zipro Organic Trace Minerals to assure higher absorption rates, resulting in better scrotal development and an improved immune system.
 - Has Diamond V Yeast for optimal fermentation in the rumen.

heathbarnfield@gmail.com

It is North 42 Cattle Company's great pleasure to welcome you to our first annual Heart of the Peace Multi Breed Bull and Female sale. In 2017 Heath and Jennifer Barnfield started North 42 Cattle Company (N42) with 40 purebred Saler cows. Our family has been using Saler bulls and cows in their commercial herd for over 30 years. To date we have expanded our herd to over 160 purebred Saler cows.

This year we have on offer 3 two year old Saler bulls, 5 long yearling Saler bulls and 2 yearling Saler bulls. Also selected are two open purebred Saler heifers. On our farm we pride ourselves on retaining only the top bulls and females, focusing on calving ease, longevity, and performance.

Our calving season has started so we are always around the farm. Please give us a call with any questions you might have or even come on out to the farm for a tour. You can also check us out on facebook @north42cattlecompany.

BLAZIN' J SIMMENTALS

Darcy & Caitlyn Lind
Valleyview, AB
780-536-5203 Darcy
780-552-4934 Caitlyn

We would like to welcome everyone to our very first sale offering of our select set of Fullblood, Black, and Red Purebred Simmental bulls. We consigned 8 of our top bulls in this 2021 sale. These bulls range in age from January to April, all our commercial and purebreds are on winter calving program. We make it a priority to take their birth weights under 24 hours of age and process them right away. In the fall after weaning we weigh all our calves and adjust for their 205 day wean weights. Our vaccination program includes Calf-Guard and Inforce3 under 24 hours of age, than in March we follow up with Vision 8 and Express FP 5-VL5, followed with fall booster.

Since we are fairly new to raising papered cattle we have been fortunate enough to purchase breeding stock from some of the top Simmental Breeders in Alberta including Wolfe Farms, M&R Cattle Co, Pemlock Simmentals, SIBL Simmentals, MJT Cattle Co, Virginia Farms, Triple W Simmentals, Beechinor's, and Oslanski Simmental Farms. Basing our herd on proven genetics that come from farms like these with a solid history from producers who have developed the best of the best over long periods of time we believe is our wisest path to follow. In saying that, we want to grow and raise hardy, top quality, strong footed bulls that can carry themselves through any environment. Our program promotes healthy conditioned muscled bulls without sacrificing their feet, stomach health and breeding longevity. Our nutrition program is to grow our bulls on a forage based program using super fibre feeds. We do not believe in graining our bulls. We want to grow them adequately for good Average Daily Gain but with natural muscle performance. Thanks to Country Junction Feeds and their top nutrition experts to guide us down the right path.

We live 25 min east of Valleyview, Alberta on the beautiful south end of Snipe Lake. We have been residents here for 5 years and have built our ranch from the ground up. Both of us were born and raised in the Peace Country. We both come from 4th and 5th generation mixed cattle and grain farms. Darcy was raised on a ranch west of High Prairie, AB and then attended Olds College in the land reclamation program. Caitlyn grew up on grain farm north of Nampa, AB. She achieved her Animal Health Technologist diploma at Fairview College and has worked several years at various vet clinics in the Peace Country. Caitlyn is presently working as a Feed Sales Representative for Country Junction Feeds.

We are both very proud to be beef producers and have strong roots within agriculture. Our future plan is to continue promoting our family traditions and instill a ranching lifestyle for our future family. We would like to thank all the other consignors for their help and support. We are very grateful for this opportunity and are proud to represent the Simmental breed in this sale.

Whether you are viewing bulls, participating by bidding, or a successful buyer, we would like to acknowledge your support and thank you for your help and attendance. Raising quality bulls takes time, patience and much support from our community, we also like to thank our local sponsors and their financial support.

Please feel free to visit our farm, or contact us with any questions! We are proud to show producers our bulls and our feeding program. Most of all we want to build lifelong relationships with our clients. Thank you for inquiring about the Heart Of The Peace 2021 Multi Breed Bull and Female Sale.

79	720		4.2	59.1	83.8	36.9

We purchased 241E as a bred heifer from Wolfe Farms. Being an April calf, we held 241G over as a 2-year-old. As he grew, he became a bull we thought about keeping for ourselves. His sire has done wonderful things for Wolfe Farms and has proven himself to be a strong heifer bull. Since we purchased more females from Wolfe Farms, we have too many relatives of this bull. Our loss is your gain!

RED RAFTER SJ LAKINA 6H is a stout, soggy and flat topped cherry red heifer. Her September 11th WW was 710 lbs, and her WW index was 113. Her sire combines exceptional muscle with overall thickness and structural correctness, along with above average calving ease and weaning weight. Her dam is a moderate framed, great uddered cow, sired by a BAZINGA son.

RED RAFTER SJ MISS SAM 33H is a deep bodied & dark heifer. Her September 11th WW was 610 lbs. Her sire REVOLVER was shown successfully in 2014 in Lloydminster, Olds and FarmFair being named the Canadian Red Angus Senior Bull and Canadian Red Angus Show Bull of the Year. He is a super long and muscular, easy fleshing bull. Dam is a moderate framed REDMAN grand daughter.
