

STEWART LIMOUSIN 2021 BULL SALE

MONDAY FEBRUARY 15 2021

AT THE FARM SOUTHEAST OF STETTLER

**MUSCLE • FERTILITY
DOCILITY • YIELD**

Welcome To Our 2021 Stewart Limousin Bull Sale.

We are a family run operation, located southeast of Stettler, Alberta. Beginning with Grandpa Wilbur, our family has been breeding purebred Limousin Cattle since 1970. We are proud to be the 3rd generation and cannot thank our customers enough for all their support.

We are blessed to be in the cattle industry with you.

We are excited to offer you a very strong set of Limousin Bulls, carefully chosen from our well established herd of 250 Limousin cows and carefully selected herd sires with desired characteristics that will improve our herd and the Limousin breed.

We would like to thank our buyers for your continued support as we've made the transition from private treaty sales to our **3rd Annual Stewart Limousin Bull Sale**. Our goal is for our buyers to be fully satisfied with the bulls they are purchasing.

In this year's offering, we are confident there is a bull for your herd, whether you are a commercial or purebred breeder.

COVID

We will be following current COVID recommendations.

The sale will be live at the farm February 15/2021 and cattle will be available for viewing.

If you would prefer, bulls may be viewed any day prior to the sale. We have added people on the phone sale day to make phone bids more accessible.

Also, the sale will be live online at DLMS and bids can be made through them.

We appreciate your support as we navigate our bull sale during this unusual time.

*Join us for Lunch at 11:30am
Sale will start at 1:00pm*

Stewart Limousin Sires

Anchor B Donaldson

REFERENCE LOTS
1,2, 10 to 17

We purchased Donaldson in 2017 from Anchor B Limousin at the ABC sale for \$13,000. As a yearling he had a ton of hair, good depth and awesome muscle shape. Being sired by Wulfs Amazing Bull T341A Donaldson has great calving ease and tremendous grow. His dam, Anchor B Bailey 21B has become a cornerstone female for the Bohrs, turning into one of their top donor cows as well as a very competitive show female. We are confident that Donaldson sons will be a great calving ease option without giving up performance.

Diamond C Braveheart

REFERENCE LOTS
6,7,8, 23 to 31

We purchased BRAVEHEART from Diamond C Limousin as a 2 year old for \$20,000 half interest in 2016 and absolutely love how he turned out. Braveheart is really something special. He is heavy muscled, has great depth, super docile, tons of performance and great hair. His females have great udders with good milk and are extremely docile. We are confident they will be top producers in the herd.

Anchor B Durant

REFERENCE LOTS
39, 40

We purchased Durant at the same time as Anchor B Donaldson in 2017. He is also a Wulfs Amazing Bull T341A son and just like Donaldson he has great calving ease and docility. Durant's sons are moderate made with muscle and great shape as well as a nice smooth build.

Richmond Dodger

REFERENCE LOTS
3,4,5, 18 to 22

Richmond Dodger was purchased from Richmond Ranch in 2018. The 2 year old bulls in this year's sale were his first set of progeny. They are soggy, hairy and have a great look to them. We are currently calving his first set of females and are extremely happy. They have well structured udders with a nice amount of milk and are good mothers that take quickly to their calves.

Gutek's Corvette

REFERENCE LOTS
9, 32 - 37

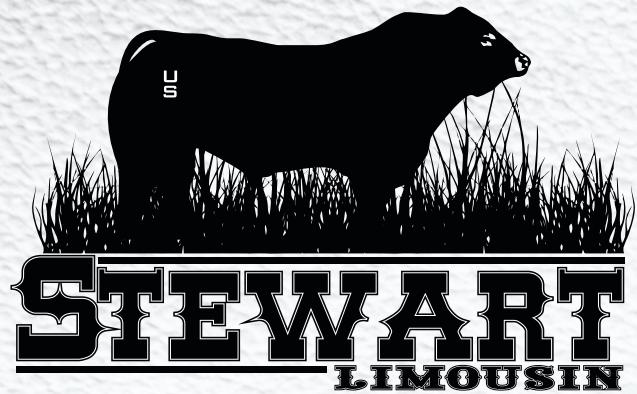

We purchased Corvette from Jeff Gutek as a powerful 2 year old, and with a bunch of SFL in his pedigree we felt he would be a great addition to our bull battery. He is thick topped, solid built and strong footed. His calves have great grow to them and a smooth build with larger frame, this is resulting in top weaning and yearling weights. If your looking to bump up weaning weights and have solid footed quality ranch bulls take a look at some of Corvettes sons.

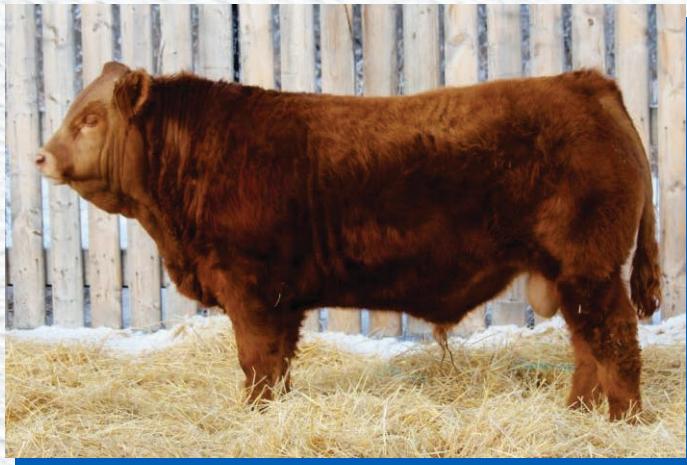

High Energizer

REFERENCE LOT
44

We first saw Energizer at the Oyen Bull Congress and loved the length of hair and his correct, square, long bodies build. We decided that he would make a great addition to our bull battery and purchased him from Chase High. We have been calving his first set of females and really appreciate their docility and overall sound structure. We also decided to use Energizer to AI heifers because of his short gestation and have been extremely happy with that choice. Calf birth weights have been consistent and moderate.

Here's an absolute tank of a bull. 200G is one we have loved from early on and is the type of bull we strive to produce for our buyers. He is thick, has a great top, and is extremely appealing to the eye. He has a slightly different pedigree to our other bulls going back to Murphy's 42S which was sired by the great TMF Landmark 601L. We feel he is a great option for any commercial guy wanting to produce those top end calves. Sadly this bull does not reach the minimum required scrotal size to pass a semen test but we tested him at 88% for quality and feel he will still cover many cows and do a great job. He will not be able to be insured because of this so keep in mind while making your choice to purchase.

Sirloin Guardian is a bull we have watched closely since he was born. He's big boned, strong footed, huge topped and has great muscle. Guardian has a strong set of EPD's to go along. His dam Murphy's 14A is a big well built solid cow sired by the well known Wulfs Xtractor X233X. In combination with Diamond C Braveheart, who we greatly admire, we feel Guardian has all the right features to make a mark in the Limousin Breed and we are very excited for his future.

*Stewart Limousin reserves the right to collect 100 straws of semen for in-herd use at sellers cost and buyers convenience.

777 Cattle Hawkins is the result of our purchase of "pick of the herd" from Circle T Limousin in the 2019 Solid Gold sale. Multiple hours were spent choosing his dam, Circle T Elusive Mist from Tedfords tremendous herd and boy has she produced. Elusive mist is extremely sound, has a great udder and has quickly earned her spot as a donor cow this spring. Hawkins is one of the most soggy and stout Limousin bulls we have ever produced. His moderate birth weight and strong set of EPD's give him the ability to be versatile across any herd. He's truly something special and we know he has a big future in our program as well as the new owners.

G Force is the type of bull everyone loves. He is big, powerful and a real meat machine with a moderate birth weight of 83 pounds. Topping the weights every time we weigh he is sure to add pounds to your calf crop. His dam 777 Cattle Enchanted 8E is a great milking female that puts everything into her calves. We recommend keeping females sired by G Force.
