Welcome

Kindred Spirit Cattle, Welcomes you to our first Online Bull Sale!

What a year 2020 was. Many people were faced with all sorts of challenges right from the start. For us, 2020 marked 20 years in the purebred Simmental industry. We have always had a philosophy of focusing on quality over quantity. When we started our herd, the goal was to focus on the strength of our females, recognizing that powerful Fleckvieh, cow families are the backbone of producing strong powerful herd sires. We are very excited and proud of this group of yearling bulls. Many coming from some of the top producing cows in our herd. On offer we have, 9 performance driven, horned, polled and homopolled full Fleckvieh bulls. We welcome you to come by the Ranch anytime to view the bulls.

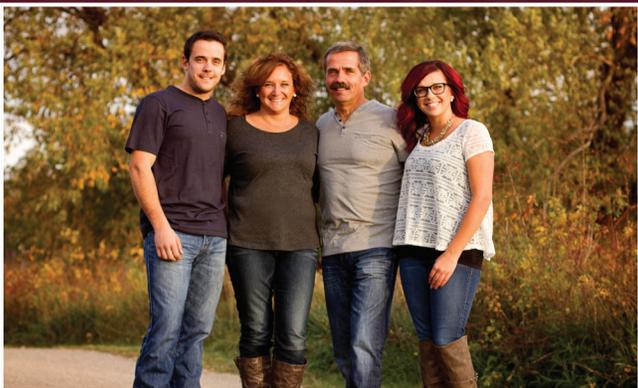

We'd like to thank all of our previous buyers and bidders and are excited to meet our future ones! We'd also like to thank Darnell Fornwald and everyone at First Class Cattle Marketing for this opportunity, they truly are First Class people.

We are located 1 mile North of the junction of Highway 11 and 54, just Northwest of Lumsden, SK. Give us a call and drop by anytime.

Phantom is a dark red, polled son of Prostock Hickory, a bull we think very highly of. Phantom had that stocky look about him right away as a calf, and you just knew he was going to make a bull. His dam is a powerful, great uddered brood cow that we purchased at The Source from Black Gold Simmentals. What a great combination from this mating. He has a really nice moderate birth weight with a good degree of performance. When you can raise rugged, muscular bulls, that are dark in color with awesome hair – why change.

This is a bull that commands your attention. Hector is a cherry red, smooth polled, thick and beefy bull with double goggles. His dam is a bull making machine, who raised our high selling bull last year. He is sired by Rugged R Bellagio and we think he's a great example of the progeny that Bellagio is known for. As dark as they come, and born at a very modest 86 lbs, but with great performance as a yearling, this bull is full of potential. If his mother was more outcrossed to our herd, Hector would be staying home. Buy with confidence here.

HOMO POLLED Helios was certainly a standout all year. We just can't say enough good things about this bull's dam, Kindred Spirit Iona. She is certainly a female that has lived up to our expectations and has been heavily used in our donor program. When she keeps raising 100% Fleckvieh, homozygous polled bulls like Helios, how could we not flush her? Helios is another tremendous Ezana son that is thick, stylish and well pigmented. He reminds us a lot of his paternal brother KSC Twister 3F, who was our high selling Grand Champion bull at the Pride of the Prairies bull sale in 2019. Helios is a true character. He typically needs attention whenever you walk through the bull pen. The kind of bull you'd feel good about adding to your bull battery.

Hydro goes back to one of our favorite cows, JXJ 14U “Razzie” (Dam to our proven herd bull Ezana). This 13 year old girl has never missed a beat. She has near perfect feet and udder, with lots of body depth. She raised an outstanding full sister to Hydro that sold as a bred in The Source sale this December and she has a really exciting bull calf at side this year. Hydro is a performance driven, smooth polled muscular individual. His sire is a true performance bull whose progeny impress us time and time again. Hydro comes from some of the top genetics in our program. Spend some time to mull this one over, he’s a really solid bull.

Heat is the youngest bull in our catalogue, but don't let his young age stop you from adding him to your bull pen. His sire, Ezana just keeps producing great sons. A full brother to Heat, another good performing March calf, sold to Anchor D Simmentals last year. After these two bulls back to back, we knew his dam deserved a flush. We are expecting 5 flush calves from her this year, and another natural full sibling to Heat. This is a stylish, dark red son with good testicular development. He's well-haired and has a good disposition. There's no guess work here, he's really good.

HOMO POLLED Herc is a super stylish, homo polled Prostock Hickory son. This bull is just outstanding. He was born when we were taking pictures of last year's bulls, and we couldn't help but get excited about him right away. His dam is an easy fleshing moderate framed cow with a perfect udder, who has raised only bulls. You will be amazed at the quality of this bull, all in a dark red, homo polled package. He's big topped, with lots of muscling; the kind of bull that's going to add those extra pounds to his offspring's fall weights. If you are looking for a homo polled bull with a modest birthweight, but still has some extra performance, Herc will fit the bill.

There are some calves you can tell right from birth that they are going to develop into great bulls, and Hero is a prime example. He is a standout every time you walk in the pen. He's just got that really solid look about him. His dam, Venus is a great young cow that is extremely long bodied with great eye appeal and a perfect udder. Hero is a bull that will generate growth, thickness, and extra pigmentation in his offspring. He's a bull that should not be overlooked.

Huck is a dark red, strong bodied, Grinalta's HP Ultra son. For whatever reason Huck came with a few less strokes of the paint brush around the eyes, but his pedigree is loaded with pigmentation. We purchased his blaze faced dam from Westgold Farms a few years ago at The Source and she has raised some top end progeny. Our belief is built around the strengths of a good cow family and she is one of the great ones. Huck is loaded with potential. It will be exciting for his new owners to watch him develop over the next several years.

Hulk is a typical Glasgow son, with lots of middle and good thickness throughout. If we can say anything about Glasgow it's that he produces consistent strength in his sons. Hulk is stylish with one goggle and a good disposition, not to mention tremendous hair. His dam is a fault free cow that always raises good calves. She raised a heifer calf the year before Hulk that was an instant favourite and has made her way right into the herd. Hulk has maternal strength on both sides of his pedigree. He also has power built right in going back to Eldandi on the maternal side. If you are looking for a solid polled bull with dark pigmented coat, Hulk is a no brainer.

HOW TO PARTICIPATE IN THE DLMS FARM GATE TIMED AUCTION WITH EXTENDED BIDDING:

1. Visit www.farmgatetimeductions.ca, click the LOGIN/REGISTRATION button. First time users will select the REGISTER button from this page. Fill out the registration form to sign up for a free user account and it allows you to select a username and password for use on all Farm Gate Timed auctions. This program will send you text and email messages whenever there is activity on your favorite lots or someone challenges your proxy bid and this is why you will be asked for both your current email and cell phone number. If you are a past participant in the Farm Gate Timed auctions simply enter your user name and password to continue. This takes you to a list of both current and upcoming Farm Gate Auctions.

2. You can choose your favourite lots in this sale at this time and the program will allow you to open either all sale lots or just your favorite lots on your screen. Any time there is active bidding on a lot you have identified on your favorite list you will get a text and/or an email noting this activity.

3. The program allows you to place a proxy bid on any sale lot. This in fact protects your interest in any lot of interest for you to a specified dollar value you set, when you may not be able to give 100% attention to the sale. If the lot has a \$2000 bid on it and you place a proxy bid of \$3500 into the system, the computer will bid \$2100 for you but if someone else bids \$2200, the computer will again bid for you, this time at \$2300. The system will look after your interest to a maximum of \$3500. If another bidder is on at \$3600, your proxy will no longer be effective and you will no longer have the winning bid on this lot without once again logging in and bidding again or moving your attention to a second lot of interest.

4. At closing time of the sale the entire sale will extend bidding for 5 minute if a bid is placed on any lot in the sale. Any bid received after 6 PM will extend the sale by 5 minutes from the time of that bid. When no bidding occurs for 5 min the computer will declare the sale finished.

5. Within 24 hours of the sale close the Sale Manager, First Class Cattle Marketing will contact all winning bidders to arrange payment, transfer of pedigrees and delivery/Pick up of your lot.

If you require assistance with using the new DLMS Farm Gate web site, if you don't understand how to create a favorites list, if you can't figure out the proxy bid or you just plain want to bid via phone, please talk to any of the DLMS team or Sale Consignors.

WHAT IS RACEHORSE STYLE SALE CLOSE? Racehorse style sale close is when the entire sale stays open in extended bidding. This type of sale allows you as the bidder to change to a different lot within the same sale if the bidding has gone in to extended bidding.

HOW WILL EXTENDED BIDDING WORK? When we get to the close out end time the clock for close extends with any bid placed with less than 5 min on the clock. This type of extended bidding turns the end time to more of a soft time. Extended bidding allows bidders to compete in lots like a real auction and give all bidders the same time to make a decision. Always follow the clock to see how much time remains in the sale you are interested in.
