SALE TIME 1:00PM EST

VIEWING STARTS 10:30AM

LUCKNOW AG SOCIETY 4H BARN

662 CAMPBELL ST.

LUCKNOW, ONTARIO

WELCOME BACK TO OUR 2ND LIVE PRODUCTION SALE, we have worked hard over the years to try and produce sheep that are functional, productive and economically driven. All the purebred sheep in this sale have Genovis data and are genotyped for scrapie resistance. All animals have been vaccinated with Glanvac 6. We have tested well over 200 head in the last couple years for Maedi Visna (OPP) of all our breeds, including the entire Suffolk brood ewe flock, all the Southdown yearlings for 3 years straight years and have had no positive animals. We have sold several stud rams to people on the OSF MV program over the last few years. We take pride at trying to produce sheep that will work for our buyers, whether you are a commercial lamb producer, purebred breeder or a 4H Family looking to build a small flock of quality sheep.

We are always willing to help our buyers with nutrition and management advice so you can make the most out of your purchases from us. We like to hear all comments, good or bad on your purchases. If you have questions always feel free to contact us. We want to work with you to grow and prosper in the sheep industry. We will also assist anyone with arranging transportation for your purchases.

The Sale will be Live Broadcast over the DLMS network and allow for internet bidding at our in person sale. If you cannot make it in person on May 27th, you can register for internet bidding, creating an account, by going to www.DLMS.ca.
