**Closes Friday, March 1st, 2024**

Sale Close Starts 2:00 PM MST Racehorse Style with Extended Bidding  
At the Diamond Center - Mayerthorpe, AB  
or Online DLMS FarmGate Timed Auctions

## Welcome to the 13th Annual Chittick Family Bull Sale

First, we would like to thank all our past customers that purchased a Chittick Bull of ours, as well as those that are going to. We feel we have a bull to fit any need, whether heifer bulls, or big power bulls. We offer a great selection of Herefords, Angus and Simmentals (Red, Black & Fullblood).

These are the best group of bulls we have raised, and we are all very proud of them. We wish to invite you to come and look at the bulls on our Farms, and come visit - We love to talk cattle. We strive to introduce new genetics into our herds, and we only use the best we can find.

Our families all work together, and Faye and I are proud to work alongside our kids and grandkids, raising good cattle.

All of us will make sure the bulls work for you. If there is a problem, we are only a phone call away, and we will make it right. Our goal is to have happy customers, which we can welcome back year after year.

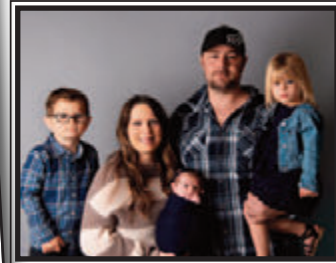

We all hope to see everyone on sale day in person again at the Mayerthorpe Diamond Center, to enjoy lunch, refreshments and good company.

## How to Participate in the DLMS Farm Gate Racehorse Style Timed Auction with Extended Bidding:

For 2023 we will be hosting the Online auction onsite at the Diamond Centre in an effort to allow you to view the bulls, join in some great hospitality and bid on your Phone or to the Sale Representative Onsite during the sale close.

**Onsite Bidding Option** – Join us onsite and you can bid to a NCL / DLMS Rep onsite. After your bid is turned in to the onsite rep they will bid on your behalf online in the Racehorse Auction. Or if you are onsite and want to create an account and bid on your phone we will have Wi-Fi onsite for bidding on your smartphone.

**Online Bidding Option** – As you have in the past you can simply follow the instructions below and bid on the lots after the sale opens and until the close starts at 2:00 PM Sale day.

1. Visit [www.dlms.ca](http://www.dlms.ca), scroll down sale list to find the sale you are interested in bidding on. Click on the sale listing and you will be taken to the FarmGate Timed Auction Sale page.

2. After you are at the FarmGate Timed auction site - [farmgatetimeductions.ca](http://farmgatetimeductions.ca), click the LOGIN/REGISTRATION button.

### **First time FarmGate users:**

- First time users will select the REGISTER button from this page. Fill out the registration form to sign up for a free user account and it allows you to select a username and password for use on all Farm Gate Timed auctions. (please note due to some of the text notification features the FarmGate Time Auction Site requires a new account separate account from your DLMS Live sale site)
- After you create your FarmGate account you will receive a txt message with a pin code to verify your account.
- On your first log in to FarmGate Timed auctions we recommend you go to your profile and confirm your notifications are set to YES. This allows the site to send you text and/or email notifications when you are out bid and if there is activity on your favorite lots.

### **Returning FarmGate users:**

- If you have used Farm Gate Timed auctions in the past simply enter your user name and password to continue. After you have logged in you are able to browse the timed auctions on DLMS FarmGate Timed Auctions.

### **3. How to Bid**

Now that you are logged in and your account phone number / email is verified you are able to bid on an upcoming sale. Simply find the lot you are interested in bidding on. After you have found the lot there are 2 options for bidding on the lot.

- Place Next Bid – to place the next bid on the item, you see the amount in the first box, you simply click the “Place Bid” button and after you review the bid and agree to the terms and conditions your bid will be placed.
- Max Bid Amount – to place a max bid you put your max bid in the second box listed as “Max Bid” on the item, and then click the “Place Bid” button and after you review the bid and agree to the terms and conditions your bid will be placed as the next bid. With the Max Bid placed the computer will then keep you as the high bidder to the max amount you have placed. This can be a great feature if you are not able to give 100% attention to the sale close out and protect your interest so you do not miss out on any lots you want to purchase. The Max Bid amount is completely confidential from the seller during the sale process.

Example of How the Max Bid Works - If the lot has a \$2000 bid on it and you place a proxy bid of \$3500 into the system, the computer will bid \$2100 for you but if some one else bids \$2200, the computer will again bid for you, this time at \$2300. The system will look after your interest to a maximum of \$3500. If another bidder is on at \$3600, your proxy will no longer be effective and you will no longer have the winning bid on this lot without once again logging in and bidding again or moving your attention to a second lot of interest. Please note that in some cases a lot value can change very quickly if 2 max bids are placed on the same lot competing against each other.

### **4. Watch List Feature**

If you have items in multiple auctions or only a few from the same auction that you want to watch with out having to scroll through the entire list you can add the lots to your watchlist. On each lot you will see the “eye” button beside the bid button, by clicking this “watchlist” Icon that item is added to your personal watchlist for easy viewing of just your favorite lots in this sale or on the entire site.

### **5. Sale Ending / Closeout**

Most FarmGate Timed Auction sales close racehorse style with extended bidding.

#### **What is Racehorse Style Close?**

Racehorse style sale close is when the entire sale stays open in extended bidding. This type of sale allows you as the bidder to change to a different lot within the same sale if the bidding has gone in to extended bidding.

#### **How will Extended Bidding works?**

When we get to the close out end time the clock for close extends with any bid placed with less than 5 min on the clock. This type of extended bidding turns the end time to more of a soft time. Extended bidding allows bidders to compete in lots like a real auction and give all bidders the same time to make a decision. Always follow the clock to see how much time remains in the sale you are interested in.

### **6. Bidding Close & Follow-up**

After the clock has gone to “ENDED” and no bidding has occurred for 5 min (or the current time on the clock goes to 0) the computer will declare the sale finished. Following the close typically within 24 hours of the sale close the sale consignor will contact all winning bidders to arrange payment, transfer of pedigrees and delivery/Pick up of your lot. Or as the winning bidding you can contact the sale consignor / sale manager to confirm payment instructions.

Please make sure that your account info is up-to-date and correct if you are the winning bidder of a lot as this is how the billing is sent to Sale manager and/or Sale consignor.

For more info and assistance with bidding contact;

This solid Red bull calf is out of a Dam we purchased from my Dad (Gary Chitick ), and she has always done a tremendous job with her calves. Always in the top of the performance and amazing dispositions. This bull is no exception He weaned off close to 1100 lbs and weighed in at 1400 lbs on clipping day. He's got tons of frame, strong solid topline and so much depth. He is super quiet and has a great disposition to handle and work with. He will be an asset to anyones performance building program. HOMOPOLLED & DILUTER FREE.

**Birth Unassisted**

This was the highest indexing bull in the pen. This is no surprise his dam's calves usually rank at the top and with the combination of Admiral in the mix that just adds to it. I sold Admiral this year and his feet were still perfect and his females are consistently my favourites

This bull is a son of SBV Reputation, the \$165,000 bull who consistently produces high sellers. His mom was a heifer purchased for \$13,000 at the Pasture Treasures sale, with a perfect udder and tremendous hip. It's hard to find any faults in this deep pigmented, long, powerful bull. This guy has presence and is one of the first to be noticed in his pen. He's in the top 4% for Milk, and his mother did a great job with him at only 2 years old!

Bart is backed by elite females. On the sire side of things we have IPU Ms Tula 104Z, who needs no introduction. Bart's dam is the joining of the two best producing cows to graze Rachido Ranch, in CW Aurora and Gra-Tan Miss Shot. Both of which are white faced and always wean off the heaviest calves, so to no surprise Bart was ranked #1 average daily gain on the cow. On the sire side of things, Bart boasts Drake Poker Face and MR TR Hammer in his immediate pedigree. Wrap all of this up in a beautiful blazed faced, easy fleshing, homo polled, homo black package, and you have one heck of a herd sire in the making!

Outlaw has striking eye appeal that separates himself from the pack! His face is very unique being half white and half black. He is much more than a pretty face with substance backing him. Outlaw walks out freely on a solid foot that carries his sleek neck and square hip. An excellent homo polled, homo black bull that carries himself proudly with meat in all the right places. Get a little wild and make Outlaw your next Herdsire!

Salem is the product of us experimenting with the upcoming Fullblood bull Rod Shamrock on our MR TR Hammer daughter. Boy oh boy, Salem has not disappointed. He is stout like Guinness with strong shoulders, a barrel belly, and a juicy hind quarter that the Fullbloods are known for. He walks out effortlessly on a big solid foot carrying his wooly hair coat around. A quiet homo polled bull, who has a pedigree with a twist, Salem is one you don't want to miss!

The only thing scary about Cujo is how quiet he is. He is a big teddy bear who was born on Friday the 13th that loves to come up to lick you! We tried a little something new last year and bred a few cows to the Fullblood AI sire Rod Shamrock 10G. Cujo has a very interesting pedigree with the up and coming Shamrock on the top side and his granddam going back to Drake Poker Face on the bottom side. This genetic cross has produced a stylish black white faced homo polled bull that has a tremendous hair coat with the signature Fullblood booty! Don't be scared and come see Cujo!

These are such a uniform package of high performing bulls out of Justified. This bull is such a solid, soggy tank of a bull adding pounds to your herd with this guy will be done easily. He has great disposition and was good to work with when handling. Our top performing Black Angus bull call that was 1125 lbs on weaning day.
