

FENTON  
HEREFORD RANCH

59<sup>TH</sup> ANNUAL  
*Bull Sale*

FEBRUARY 9, 2024 IRMA, AB

# TO FENTON HEREFORD RANCH

Over the years it's rewarding to see the next generation of cattle come through. The consistency and predictability of these mating's is starting to shine through, and we still share the same excitement as many of you when we turn out that next great herd bull. We are proud to raise Hereford cattle and to be a small part of the cattle fraternity that we enjoy so much. The Hereford breed is re-entering the work force in a big way with impressive results. These baldies are gaining steam.

We would like to invite you to the 59Th Sale Friday, February 9 here at the ranch. Please be our guest for lunch served at 11. Sale videos of all lots will be available at DLMS.

# Terms

## and conditions

### Breeding & Health

This is a TB and Brucellosis free area. All males are guaranteed to pass tests. All cattle are on a full vaccination program and have had Ivomec. Pasture exposure dates are listed.

Should any animal fail to breed, we would like to be notified as soon as possible to make suitable settlement.

### Liability

All animals will be at buyers risk as soon as sold. Sellers, auctioneers, or employees are not responsible for accidents to persons or property.

### Announcements

Any announcements from the auctioneer stand will take priority over information in the catalog.

Extended pedigrees available upon request and if necessary, EPDs and carcass data is available.

### Delivery

Delivery at cost. We will combine or cooperate in any shipments where possible. Cattle are at buyers risk as soon as sold.

# REFERENCE SIRES

**FE 44S RED SKYLINE 24U**

SNS 3P SKY BRIT 44S X SGC HAWKEYE LASS 29H

24U is a foundation bloodline here on the ranch. The natural thickness and extreme docility in this line is still evident today.

**BP 101T STANDARD DOM LAD 63W**

STANDARD 68L DOM LAD 101T X RIBSTONE 77P LADY 17T

A cornerstone sire. This Medicine Hat Champion has really shown his merit as time goes on. Many of our top females are his daughters. Several sons and grandsons have been used with success throughout the industry.

**C 81Y MISTY LAD 77B**

MVF 219T STD TURN LAD 81Y X C 31S SUNRISE LADY 31X

77B was purchased from the Corbiell Bull Sale. An own Turnin son with as good a hair coat as you can put on a beef animal. Has to be admired for his depth and overall body mass. A favourite of many visitors. Consistently throws moderate birthweights. Excellent disposition.

Heifers are keepers.

**FE 63W STANDARD DOM 114B**

BP 101T STANDARD DOM LAD 63W X NORTHFORK 83A ADV LASS 7M

This bull consistently sires productive cattle. He solidifies feet, udders, disposition and milk. Paternal brother to herdsire 200B.

**LO 81A ARROW LAD 35D**

C 24U RED ARROW 81A X MHN 44U LASS 15Y

Purchased from Lanni Bristow at the Misty Valley Sale. This bull is easy on the eyes and travels like a cat. A 24U grandson and an own son of the \$27,000 81D Arrow bull from the Corbiell Sale. You will not see a better foot on a beef animal. Feature sire.

**CR 72A LAD 132D**

FE 63W STANDARD DOM 72A X CR 181U LASS 57A

Purchased as the high selling bull from the Carlrans Production Sale. 132D's sire, FHR 71A, was purchased by Carl Ramsay out of our Champion Group of Five string in Calgary. We were looking to add more of the 63W line back into our herd and this bull stood out. Sons and daughters are features.

**ZZB 78A RED K LAD 95D**

RUT 10X AMIGO LAD 78A X ZZB 270U LADY DI 27Y

High selling bull in the 2017 sale to JNHR. We continue to put back as much natural fleshing ability, structural correctness and docility into our cowherd. Maternal brother to ZZB 38E.

**FE 77B TURIN SUNRISE 142E**

C 81Y MISTY LAD 77B X FE 63W STANDARD DOM 261B

A 77B son kept back to replace his sire. Big time style, hair, and overall thickness. Sire of high sellers in 2022 and the 2023 Calgary Champion. Females have exceptional udder development and look to be making excellent cows.

**FE 86C RED RIBSTONE 313E**

FE 18Y RED RIBSTONE 86C X F STANDARD LASS 45C

Feature sire. A late born bull that caught our attention and was originally used on heifers. After his first crop, we quickly jumped him to the cows and are pleased we did. 313E just completed his third year of use and we are quite high on this line.

**RUT 66C RED CLASSIC LAD 85G**

RUT 204X RED CLASSIC LAD 66C X RUT 97T ROYAL LAD 46X

Purchased from Rutledge Herefords at the Calgary Bull Sale. He naturally serviced 120 cows in his first two years. He was also used by AI at Rutledges and SGC Herefords. We are excited with this first offering as he really puts some meat into his progeny up top where it belongs. Sons and daughters will feature here, Calgary and Medicine Hat.

**YV 77C SILVER CREDITOR ET 50F**

AGA 18Z ZOOM STAN CREDITOR 77C X YV 82R SILVER GAL 920W

Purchased from YV out of the Calgary Bull Sale. An easy keeper that puts his stamp on calves. This line will moderate birth weight. Several sons are now being kept as heifer bulls.

**FE 132D RAM TOUGH 7G**

CR 72A LAD 132D X FE 17U STAN BRIT 87Z

A 132D son kept back to replace his sire out of a cow we knew was worthy of raising a herdbull. Dam has progeny working for Log Valley Ranch, Misty Valley Ranch, and LO Herefords.

## LO 118D MISTY LAD 7G

C 81Y MISTY LAD 118D X JNHR SWEETY 219D

Sire 118D spent the night here at the ranch when LO Herefords and Misty Valley bought him out of the Corbiell Sale. I wish he could have stayed. Not only confirmation but his disposition was second to none. This LO 7G bull is a son of 118D's and he has done everything we could have asked. Broad tops, deep flanks, excellent udder and feet development, and above all else, a disposition in spades. As you'll notice, JBC 63W shows up again through the strong JNHR cow.

## FE 132D RAM TOUGH 462G

CR 72A LAD 132D X PAHL 37W BROOK 47B

Another working 132D son kept back for ourselves from a feature heifer purchased from Pahl Livestock. Now working for Lang Farms, Killam.

## SGC 53D DOZER 27G

LAMPORTS Y12 DOZER 33D X SGC 715Y STOCKTON LASS 71B

A Dozer grandson purchased from Crone Herefords. This sire really put a stamp on his calves. Loads of pigment, muscle and rib capacity on top of a steep made foot. All the Dozer cattle excel at weaning time when they cross the scales.

**FE 334A STANMORE LAD 156F**

FE 60X STANMORE LAD 334A X FE 653W SILVER STANDARD 24Z

A bull we raised off one of Blairs best cows, a 653W daughter. This guy is the complete package, well built with really goof hair, big topped, thick and carries down the hind quarter. His sons are stylish, thick calves that we're excited about!

**FE 78A GOLDEN AMIGO 34F**

RUT 10X AMIGO LAD 78A X FE 63W STANDARD DOM 199B

A bull that we raised out of 78A, and was our pick of his offspring. We really regret not getting a picture of this guy - he's a bull that puts a stamp on his calves, bringing in heavy weights in the fall and a disposition that followed from his sire that was like no other.

**SGC 10X AMIGO LAD 56G**

SGC 174S AMIGO 10X X CL1 DOMINETTE 561 ET

Used for his maternal strength. 10x daughters have proven themselves for years. The Cooper line 1 cattle are known for their maternal power.

Pictured as a long yearling

**FE 279A RANCH STANDARD 205F**

FE 114T RANCH STANDARD 279A X FE 260U RED SKYLINE 218A

A smooth made, well-balanced bull that's marked red to the feet. He goes back to our old 114T bull from Westgards. We're really excited about the heifers we've kept off this bull as they should be very strong maternally.

**FE 317D SUPER SANDSTONE 117G**

FE 76A SUPER SANDSTONE 317D X FE 28Z ROYAL RIBSTONE 416E

**SGC 27C RED DIAMOND 3G**

SGC 814Y RED DIAMOND 27C X SGC 62Z SUPER RED LASS 36C

Is that hard to find combo of light birth weight and performance. His dam consistently passes on these traits.

**RUT 69E HAWKEYE LAD 36F**

SGC 133C HAWKEYE 69E X RUT 334A STANMORE LADY 35D

A bull we purchased from Ken Rutledge out of Calgary. 36F really marks his progeny solid red, adding great temperaments and lots of length and calving ease. We used him on second calves his first year.

**SGC 33D DOZER 8G**

LAMPORTS Y12 DOZER 33D X SGC 11A ANCHOR LASS 114C

One of three Dozer sons from the same crop to be used both here and at Crones. 8G, 16G, and 27G. Dozers have the kind of muscle and performance we need.

**SGC 33D DOZER 16G**

LAMPORTS Y12 DOZER 33D X SGC 76X XEMPT LASS 122Z

Out of Stewart's favourite polled cow family. Dam 122z and grand dam 64x were both the top of their crops. The Dozer cattle are all about performance.

**MEDICINE HAT CHAMPION BULL 2023  
PURCHASED BY XTC RANCHES**

Sire FHR 7G was kept back to replace his sire CR 132D. This son is out of a top young cow that I have high hopes for. We have also used a home raised herd sire, FHR 203C, out of Granddam 201Y. 38K carries a nice pattern and has maintenance free cows top and bottom for generations. Moderate birth weight.

A fellow once told me to always buy your herd bulls out of the older mama cows. Odds are there's a lot fundamentally correct about the cow if she continues to produce to an old age. Dam 102Y had her 10th calf this spring so I guess she qualifies and here the theory proves true. Still an elite udder at her age and still raising productive sound cattle.

**FHR****FE 27G DOZER LAD 76K****76K** C03098864 | April 19 2022 | FHR 76K | Polled

Years ago, I purchased a heifer out of the First Choice Sale from Lone Pine and she did nothing but raise good calves. Dam 387F is one of them. You can really see the Turin influence in this burly yellow bull. These bulls hold their condition and never look back.

Grandsire JNHR 128C was used as a yearling at JoNomn Herefords and then sold in Calgary to Tanga Herefords. He then went on to be used at SGC Herefords and Rutledge Herefords. I remember that in addition to liking the bull he had one of the best haircoats I'd seen. This line can be used to improve disposition as this bull is a good example. Good bull. Exceptional pin setting.

Here is a May born bull that will tip the scales. He's loose hided with round muscle, length, pigment and style. His mother goes back to Stewarts 58X cow who has bull 182K in the sale. His sire 8G has given us the highest performance crop of polled calves to date. They are exactly what we want to raise, because pounds pay!

BW: 93 | ADJ WW: 623 | ADJ YW:

Another May bull with a lot of stretch, growth, and eye appeal. Not only did 8G give his calves a ton of performance, but really threw his stamp with excellent hair. We decided to keep back all of his daughters because we are so excited to see where his genetics will take us. 170K's mother is a real good JNHR cow that Stewart purchased out of their production sale and we acquired with his herd.

# RANCH HORSES

**Ben**

SCOOBY DOO QUIN X RAISINS AND TE

Ben is a well broke 8 year old Bay Roan gelding that has been used in a number of areas. He was introduced to both the heading and heeling box when he was younger but has seen mostly ranch work ever since. He has sorted hundreds of pairs, pulled calves at many brandings, and it doesn't matter the rider. Ben is a super good looking gelding that turns heads everywhere he goes. His easy going nature makes him a pleasure to work. You now have the opportunity to own this classy gelding in his prime. We sold a full brother in 2014 to Trevor Duke at Halkirk for \$15,000 that went on to do really well.

**Bo**

Bo is an attractive, stout, 7 year old Grade gelding standing at 15hh. He has done all aspects of ranch work and is gentle to be around. Bo really watches cattle, is always anticipating the next move and has a very smooth, level lope making him very easy to rope off of. You will appreciate this horse's natural ability and work ethic more and more each time you ride him. For more information reach out to Chase Bennett at 403.350.4189

Consiged By: Bennett Ranch & Cattle Ltd - Chase Bennett
