Terms & Conditions

Terms

1. Settlement will be made the day of the sale by both seller and buyer signing the "Contract for Purchase of Livestock" Document.
2. The settlement will be based on the information stated in the catalogue and/or corrections from the auction stand, and payment will be made within the legal requirement under the Dealer's Act and determined when delivery is taken of the animals.
3. It is the seller's responsibility to ensure that all animals have Government regulated identification tags (RFID Tags).
4. Buyer agrees to a buyer's fee applied to the purchase price of all cattle at the rate of 1.5% for calves and 1% for yearlings, unless otherwise stated.
5. Seller agrees to pay all government deductions (i.e.: Brand Inspection, A.B.P, Livestock Security, and Insurance), plus a clearing charge of \$3 per head manifested on delivery day.
6. +/- is defined as no more or less than 5% over or under the stated head count.
7. Cattle that are considerably heavier or lighter than the base weight, may need to be renegotiated by a sales Rep at the time of delivery to assure cattle pricing is fair based on video sale day pricing.

Responsibility & Expense

8. Buyer and seller agree to fulfill any and all contract obligations regardless of a fluctuating cattle market.
9. On the day of delivery of the cattle, the seller and a S.A.L.E. representative will be on hand to witness the weighing of the cattle.
10. Contact a S.A.L.E. representative for further information regarding any cattle requiring export testing and documentation.
11. All lots consigned through Auction Markets other than S.A.L.E. will be lifted and processed by those Auction Market's Representatives.

Liabilities

12. Any person attending the sale does so at his/her own risk. The sellers, sales committee, sale personnel and attendants assume no liability, legal or otherwise, for any accidents that occur.
13. The sellers, sales committee, sale personnel, and editors will not be held responsible for errors or omissions that may inadvertently appear in the catalog, posters, or website.
14. Southern Alberta Livestock Exchange Ltd reserves the right to use all photographs and videos submitted by consignors &/or S.A.L.E. Representatives in all future promotional purposes.

Offsite Bidders, Sale Conditions

15. Bids may be accepted from the floor or by phone the day of the sale.
16. The auctioneer has complete charge of the sale, and in case of a dispute in bidding, his decision is final.
17. All announcements made from the auction stand will take precedence over the printed matter in the catalogue and short list, as well as any information listed on videos.

PLEASE NOTE: Catalogue is subject to omissions, additions, errors and changes. In case of omissions, errors or changes, a supplement sheet will be provided on sale day.

Comments: Have a look at these fancy Charolais heifers, all bought from big strings in Western Canada! The quality and performance in these cattle will blow your mind! They have been limited feed to do 1.8 lbs a day and sorted by weight so they are as even as can be! The Woods family takes a lot of pride putting together top quality, front end cattle. They do a great job presenting, then background properly. Loads can be accommodated to Eastern Buyers. Buyer of this lot has the option to take next 3 lots.

PICTURE BUTTE GROWING PROJECT 2024

FRIDAY, MAY 10TH, 2024

**CATTLEMEN'S CHOPHOUSE, PICTURE BUTTE, AB
SOLD AT 1:00 PM (BEFORE THE VIDEO SALE)**

A quarter section of land has been rented from VRP just 1 Mile East of Picture Butte on Highway 519. The board is planning to grow a barley crop again this year, with the intention of selling the grain and straw to local buyers. Last year the project raised \$210,000 which was matched 4:1 by the government to make a great difference of nearly \$1 Million dollars sent towards food security projects.

Canadian Food Grains strives to partner locally in disaster or drought regions and is rated in the top ten of charities for their stewardship and financial accountability. Whether it be teaching farmers better methods to grow sustainable, profitable crops, or building schools, clinics or repairs, the funds are used in extremely responsible ways. Most funds are not used as simple handouts but instead invested to help mitigate poverty and hunger through education helping to support individuals and families in need.

We encourage the community to come out to watch the harvest bee at the end of August! Growing the crop generally costs around \$500 an acre but through donations, time, and resources we hope to have the cost of this completely covered off.
