Alameda Agencies
Email: alamedaagencies@sasktel.net

Accommodations:

There is a block of rooms available under Diamond R Stock Farms at the Kenosee Inn, Kenosee Lake
Call (306)577-2099 to reserve your room

Video Sale:

This sale is a video sale. The bulls and females will sell by video and will not enter a sale ring. We welcome you to view the sale offering at the farm prior to sale day or morning of sale.

Sale Terms:

We know it's a little early for buying bulls, so if you are interested in discussing terms, don't be afraid to call Brad at (306)577-7369 to discuss your needs.

Semen Rights:

Diamond R Stock Farm retains in-herd semen interest on all bulls sold in the sale.

Exchange Rate:

For our American friends, the exchange rate will be announced on sale day at the start of the sale.

Canadian Charolais Association Breed Averages September 2025

BW	CE	WW	YW	Milk
0.3	5.1	60.4	111.2	22.6

Canadian Simmental Association Breed Averages BOLT Spring 2025

BW	CE	WW	YW	Milk
3.4	8.1	78.6	114.4	26.2

Semen Testing:

All two-year old bulls will be semen tested prior to sale day. All coming yearling bulls will be semen tested by April 1st.

Pregnancy Checking:

All bred heifers featured in the sale have been pregnancy checked on August 1, 2025.

Wintering Program & Delivery:

Yearling Bulls

Yearling bulls will remain at Diamond R Stock Farm for wintering free of charge until a date is determined for semen testing! This could be weather dependent to allow the best results for the bulls (prior to April 1st). We will communicate the results with the buyer as soon as possible and make plans for both parties' convenience. If a bull requires a retest, Diamond R will be given the opportunity to prove a passing second test. If this is not achievable Diamond R will work with the purchaser with suitable options.

Two-Year Old Bulls

All two-year old bulls will be delivered shortly after the sale or can be wintered at Diamond R Stock Farm until April 1st, 2026, for a wintering fee of \$850/head. All two-year old bulls that remain at Diamond R Stock Farm must be insured! All 2-year-old bulls sell with a passed semen evaluation by a vet.

Heifers

We will help assist you with getting the heifers to their destinations as soon as possible after the sale.

Herd Health & Vaccination Program:

Bred Heifers:

As Calves in the Spring – Pyramid FP5 + Presponse (IBR/BVD) & Covexin Plus (Blackleg)
Fall at Weaning – Pyramid FP5 + Presponse (IBR/BVD) & Covexin Plus (Blackleg)
Pre-Breeding Vaccines – Express FP5 VL5 (IBR/BVD) & Vision 8 Somnus (Blackleg)
Fall Booster Vaccine – ViraShield 6 (IBR/BVD)

Bull Calves:

As Calves in the Spring – Pyramid FP5 + Presponse (IBR/BVD) & Vision 8 Somnus (Blackleg)
Fall Booster Vaccines – Pyramid FP5 + Presponse (IBR/BVD) & Vision 8 Somnus (Blackleg)

Two-Year Old Bulls:

As Calves in the Spring – Pyramid FP5 + Presponse (IBR/BVD) & Vision 8 Somnus (Blackleg)
Fall at Weaning - Pyramid FP5 + Presponse (IBR/BVD) & Vision 8 Somnus (Blackleg)

Terms & Conditions

The sale is conducted under the Canadian Charolais Association, the Canadian Angus Association and Canadian Simmental Association's Code of Ethics and terms.

Viewing

Bred heifers will be sorted and penned for viewing after December 1st.

We invite you to the farm for viewing of the offering prior to sale day. We formally invite you to our Pre-Sale Open House at the Farm

December 13th – 1:00 pm – 5:00 pm

December 14th – 1:00 pm – 5:00 pm

The sale offering will also be available for viewing at the farm on sale day morning.

WELCOME *from Diamond R*

Welcome to the 3rd Diamond R Stock Farm Bull and Female Sale!

What a wonderful year it has been to be in the cattle business!! Does it ever feel good to finally feel like we are moving forward. Let's hope this momentum continues for a few more years.

Thanks for taking time to look at this catalog, it truly means a lot to us! We would like to thank you for the support over the years whether it be as a buyer or a bidder or just expressing interest in our program. We are truly humbled!

The offering this year as always comes from mother cows that are moderate in type with good udders and are easy to handle. Let's face it, we don't move as fast as we once did so our ladies must be quiet! We pride ourselves in producing a consistent product. No matter the breed, commercial or purebred, at our house everyone gets treated the same!

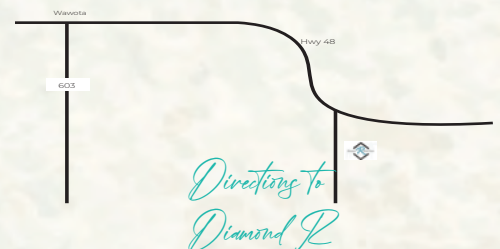

If you are looking for a new herdsire or a few commercial bred heifers, please come to our open house Saturday afternoon (Dec 13th) or Sunday afternoon (Dec 14th) prior to the Sale! Of course you are welcome anytime to view the sale offering!

Returning is guest consignor Cudmore Farms. We are excited to have them join us again with some quality bred heifers. These females were very well received last year! If you have any questions, please don't hesitate to contact our sales staff. We have the utmost confidence in them to give you a nonbiased opinion to help you find what your looking for.

Please accept this as your invitation to join us on December 15th at the Wawota Drop-in Center. Come for some great fellowship and eat a delicious meal served by Weirs Catering!

Looking forward to seeing you on Sale Day!!

Brad, Jayne, Larissa and Cade Rutten

WELCOME *from Wright Livestock* *Marketing*

Welcome to the 3rd Annual Diamond R Stock Farms Bull & Select Bred Commercial Female Sale with Guest Cudmore Farms.

What an incredible set of coming yearling and two-year old bulls that Diamond R has assembled for the 3rd edition of their bull sale. It is a true testament to the cattlemen that they are, when you can see the quality and consistency across not 1, not 2 but 3 different breeds. Whether it is an Angus, Charolais or Simmental bull that you are on the hunt for, yearling or two-year-old, this sale has it.

The commercial bred females featured in this sale are just that, select. They are selected right from the top of their replacement pen, which as you can see, is a true testament to the quality of their replacement and foundation females in their commercial program. From solids to blazes and brockles, you can find those bred females that will certainly be a welcome addition to any herd, featured in this sale. The lots are beautifully matched up into type/kind/colour, with each lot containing 2-3 females that are consistent in quality and compliment one another. They are truly foundation females that you can build a herd on.

Once again, they have invited Cudmore Farms back to consign a few lots of elite select bred heifers to the female part of the sale. Cudmore Farms is a many time repeat bull buyer of Diamond R, and Brad & Jayne felt that they would be a welcome addition to their sale and appreciate the quality of heifers they consign to this sale.

If questions arise as you're studying the catalogue about any of the lots featured in the sale, please do not hesitate to call. Stay tuned for videos of the offering which will be available for viewing on www.wrightlivestockmarketing.com so you can see for yourself how deep the quality of this sale's offering is. Any of the sale staff listed in the catalogue would be happy to assist you if you are needing any help or wish to participate in the sale over the phone. The DLMS crew will have the online sale broadcast for those who wish to participate online. Of course, if you are in the area, the hospitality, meal and sale atmosphere is fantastic, and we would love to have you join us. Your interest and support of this sale is greatly appreciated.

Hope to see you sale day.

Reference Sires

WKJ Dusty's Gomez 4G

Together with Dusty Rose Cattle we purchased some embryos at New Years Resolution. Being a Natural Law out of the famous Werner Black Angel cow was exciting. We knew he would have an impact and that he did! Gomez was the Senior Bull Calf Champion at Manitoba Ag Ex in 2019. Performance is his name of the game however his females really shine, beautifully designed and you will notice bulls in this sale are out of Gomez daughters! Brad believes the Gomez females are some of the best females to ever produce here so far! However, his sons are balanced individuals that will sire those great females and eye appealing steers! The kids used Gomez on their Black White-Faced females with excellent results! He will be utilized in our small AI program for years to come!

WKJ Jeter 4J

WKJ Jeter 4J was an in-dam purchase from Edwards Angus at the Harvest Classic in Moose Jaw. Brad purchased his dam, and we haven't stopped hearing about it since! Right Larissa? All jokes aside, at 74 lbs at birth, Jeter wasted no time man did he grow! He is a son of the popular Musgrave 316 Colossal 137. His dam, 392G, is a great little cow and produces attractive calves with lots of rib shape and calving ease. There is longevity in this pedigree! We sold half interest to Leaning Spruce Stock Farms (the Shearers). Jeter has bred in 2 herds every year and he maintains his body condition regardless of the time of year!

Circle G Korona 65K

The search for a Simmental heifer bull led us to Korona! Darnell Fornwald checked him out for us and highly recommended this calving ease specialist. His birthweight was 74 lbs, with an adjusted weaning weight of 909 lbs which puts him in the TOP 2% calving ease and Top 3% birth weight of the Simmental breed! He calved heifers flawlessly along with some selected cows. The bull calves seem to have some grow and the heifer calves look great! Korona's sons were very well received at last year's sale!

DFCC 126H Krush 67K

Those are some pretty nice numbers if you follow EPDs. We utilize EPDs as a guide only, however these numbers have proven themselves in his first two calf crops! The heifer calves are truly exciting, and the bull calves can speak for themselves! His pedigree combines some of the great Hamilton Farms breeding, RoyMac breeding and the famed Toner Atalanta cow family.

Krush was purchased from Double F Cattle Co for \$16,000. Jayne found this true curve bender as we were looking for a great cross for the Gomez females. He boasts a 69 lb birthweight, a 914 lb adjusted weaning weight and a 1623 lb adjusted yearling weight. He ranks in the TOP 15% for Calving Ease, Top 20% Birthweight, Top 2% Weaning Weight and TOP 1% Yearling Weight in the breed!

ZSL Tillman 127H

cows. The pay weight on those steers was exceptional, as high as 824lbs. His females are exciting having calved some, they look to have a long future ahead of them.

ZSL Tillman 127H was the high selling bull at the Spring Lake Bull Sale at \$35,000. We were fortunate to purchase the shared walking rights on this gentle giant! Tillman has an exceptional foot and it carries on to his offspring! The length he adds to his calves is second to none! We have bred Tillman to purebred cows and commercial

WF Walk the Line 140L

breed by storm. In looking for a new bull, it only made sense to us to try and get these 2 maternal greats in one pedigree!! In his own right 140 L ranks in the top 25% of the breed in calving ease and birth weight. He is 1% in weaning weight and 3% yearling weight. We are pleased with his first crop of calves, so much so that he will see heavy use next year.

140L was purchased from Wallgrens' in Alberta solely for his maternal strength, having quite possibly the best two Red Simmental females in the breed in his pedigree. His dam is none other than WFL Red Sage 506C. She is currently the #1 female in the Simmental breed with the most progeny. His Paternal grandmother is IRCC Darlin 613D. Her progeny has taken the

HVA Delco 262J

yearling weight in the breed! Although few in numbers, we are anxiously waiting to calve out his daughters this upcoming calving season!

Delco 262J was the high selling bull at Palmer Charolais for \$20,500. He was purchased for his Duty-Free pedigree and his very complete phenotype! Delco is so easy to be around and work with and that means a lot around here! Duty-Free cattle have taken the Charolais world by storm with their performance and do ability! Delco ranks TOP 10% weaning and the TOP 2%

WKJ Network 23N is a second try at motherhood for 154K. 154K is proving herself to be a future foundation cow here, having raised last year's feature bull, WKJ Mahomes 10M, that sold to Hebert Livestock Ventures. This Krush son offers calving ease and exceptional growth. The Krush /Gomez cross has exceeded our expectations. Recommended for heifers.

WKJ North Star 25N is another in dam purchase coming from long time breeders and friends HI Low Angus, via the 50th Masterpiece Sale. This son of Coleman Below Zero 2106 will be one of the first sons to sell in Canada. He combines exceptional calving ease (top 4% and top 5% Birth weight) in an eye appealing package with adequate growth. This guy is highly recommended as a sleep all night Heifer Bull!!

WKJ Nitro 33N is a Krush son out of a Gomez daughter. His dam raised a feature son that sold in the first sale to Ramage Land and Cattle.

Nine Ball has always been a standout in the bull pen. One that catches your eye in mass and power but maintaining calving ease. His maternal brother, 20M, is a great representation of the future of this guy.
 *Recommended for heifers

WKJ North Face 38N is a Gomez son that checks all the boxes if you want added performance and to keep females. His mother comes from the famed Forever Lady cow family and has knocked it out of the park every year! She is a beautiful phenotypically correct female with an easy to be around attitude! We have retained 2 full sisters in the herd that are nothing short of gorgeous! If you want to retain females look no further!!

WKJ 66N is a Jeter son, in fact he is the only Jeter young bull in the sale. His mother is a first calver that originated in the DTA herd from the Arntzens. She did a great job on this calf this year. This guy is confidently marked as a HEIFER bull.

WKJ Next Wave 73N is 41G's 3rd bull calf to come to the sale. First calf went to Brad Birnie, and her second calf went to the girls at Ossawa Angus. This calf could be the coolest calf yet! This smooth and stylish Krush son was a heavy weight at weaning!

RUT Newton 11N is one cool looking dude! He combines Cream Soda, Darlin and the infamous Cherry family here at Diamond R. His blaze faced Tillman mother raised a beautiful female in our keeper pen on her first try at motherhood and this guy is one of our favorites! His EPDs rank him in top 20% or better in Birth weight, calving ease, weaning and yearling weight!

RUT North 16N is another son of 140L. His dam, 72E, is the front pasture kind, having raised last year's heavyweight (45M) in the sale and selling to Josh North! 16N follows the same pattern with loads of length, lots of hair and a little extra frame!

Mickey is a calving ease standout, one that doesn't give up when it comes to performance. His dam, 115K, is a small-framed Gomez daughter that works hard and consistently knocks it out of the park. If you need daughters that work and calves that grow, Mickey is your man! *Recommended for heifers

Maverick 41M is quite possibly the favorite in the Angus pen. His dam, 48J, was an embryo purchase from the wonderful herd Popular Meadows. Being a Natural Law 52Y daughter and a full sib to Executive Decision is truly exciting. This guy has the look and the stats to make him a female phenom. His epds boast Birth Weight top 3% and Yearling Weight of top 15% in the breed. Recommended for heifers.

42M is a Gomez son out of a Double C cow that gets it done. This little cow, no matter what she is bred to, she takes the birth weight out. She has a beautiful tidy udder, so this guy's daughters should be fabulous! Her first bull sold to Lomond Grazing last year, then 42M and she has another up and coming bull in next year's 2-year-old pen.

Diamond R Maddox 85M is a smooth polled Delco with a bit extra length. The Delco 2-year-olds were well received last year!

Bred Heifers

We are proud to present to you this group of bred heifers.

We take a lot of time and effort in the selection of herdsires. We look for a bull with loads of maternal in his pedigree. As we do not AI a bunch, when we purchase a bull, he gets used, and if his daughters meet our criteria... he gets used a lot! The females on offer represent our commercial base and a lot of our purebred genetics. As you will see, we believe in hybrid vigour! This year you will also see some comments on the pens, we are that proud of these girls!

Heifers were exposed April 30th to June 30th.

Heifers were preg checked on August 1st via ultrasound.

Preg checked by Head for the Hills Vet Services. Confirmed Pregnant at time of preg check.

Bred Heifer Service Sires

Red DKF Racer 39H aka GITCH

Red DKF Racer 39H, a.k.a GITCH, was purchased after attending a Saskatchewan Angus tour in the summer of 2019. We were so impressed that day with the display at DKF Angus, we knew our next Red Angus heifer bull was coming from there. This bull is as phenotypically correct as you can make them. A bonus was to see Final Answer in the pedigree, making his females the keeper kind! He is very easy to work with, which is a must here! He has calved heifers very successfully for the last 4 calving seasons, and the best part is they grow!!

New additions to the heifer bull line up

Standard Hill Blazer 34M - co-owned with Standard Hill Livestock

Blazer 34M came to us via Col. Ryan Hurlburt. Ryan knew we were looking for another black heifer bull and thought this guy just might do the trick. He is eye appealing and is super quiet. We put all our Black Heifers and the kids put in their black white-faced heifers with him. We are pretty excited to say the least.

RED Blake's Moncrief 15M

Moncrief 15M aka Ross came highly recommended for calving ease by Shane Blake. He has a 72 lb birth weight and was the lead off Angus bull in their bull sale this spring. These calves should come real easy!

54M, 56M & 62M

40

We are starting our bred heifer section with this trio of beautiful red baldies. When we purchased a Hereford bull this is what we envisioned. These 3 are extremely hard to let go!

Exposed to Red DKF Racer 39H from April 30th to June 30th

Due early February

Tag 402M

400M & 402M

41

2 very exciting daughters of RED DKF Racer that we acquired through our buy-back program from Josh North. These will be a testament as to what these Racer heifers can turn out like!

Exposed to RED Blake's Moncrief 15M from April 29th to June 30th

Both heifers confirmed to Early to mid February

76M & 101M

42

If you are looking for tan heifers, you just might wear out a truck looking for heifers as good as these. They are 2 full sisters in blood; their mothers are full ET sisters with beautiful udders. 101M's mother spent a month at Bovigen this fall getting flushed.

Exposed to RED Blake's Moncrief 15M from April 29th to June 30th

Both heifers are due mid February

81M & 103M

43

A couple of powerful Sim sired females. If you like your females with a bit more size these might be the girls for you.

Exposed to Red DKF Racer 39H from April 29th to June 30th

Both heifers are due early to mid-February

106M & 114M

44

A pair of beautiful Justice 53J daughters. Mothers are F1 half sisters out of the original Simmental bull (Cuss 12W) that started our passion for the Simm cross female!

Exposed to Standard Hill Blazer 34M from April 30th to June 30th

Heifers are due early to mid February

100M, 112M & 165M

45

100M and 112M are Angus females that stem from Arntzen Angus. Their full sisters were well received last year. 165M is another Justice daughter that we really admire.

Exposed to Standard Hill Blazer 34M from April 30th to June 30th

Heifers due Mid to end of February

155M & 164M

46

A pair of tan heifers that are sired by Korona out of purebred Charolais cows. We moved some cows around thinking everything was bred but.... We were wrong! Whoops!! Our mistake is your gain!

Exposed to RED Blake's Moncrief 15M from April 29th to June 30th

Heifers due mid to late February

84M & 410M

47

A pair of bigger Simmental sired heifers that are calving in March if February is a bit too early for you.

Exposed to Red DKF Racer 39H from April 29th to June 30th

Due Mid to Late March

4M & 22M

48

A couple of moderate easy fleshing Korona daughters out of first calf heifers. We are pretty excited to calve these first Korona daughters out. These two really shouldn't be leaving but

4M exposed to Red Blake's Moncrief 15M, due late February

22M exposed to Red DKF Racer 39H, due early March

57M, 140M & 162M

49

A trio of beautiful red/white faced heifers that are moderate in their makeup but very easy on the eyes. These sweethearts would work great bred Charolais, Angus or Simmental.

Exposed to Red Blake's Moncrief 15M from April 29th to June 30th

Due mid February

404M & 406M

50

A couple RBF Simmental sired heifers that we acquired from the Stephen Brownell herd. Stephen and Jill have been great friends and supporters of our program. They are sired by either Bash or his $\frac{3}{4}$ brother Jayne nicknamed CRASH !

Exposed to RED DKF Racer 39H from April 29th to June 30th

Due Mid February

74M & 137M

51

74M is a sweetheart of a Jeter daughter and 137M is a Justice daughter out of the cherished Cherry cow family. (same cow family as RUT 11N in the bull section)

Exposed to Standard Hill Blazer 34M from April 30th to June 30th

Due mid February

403M, 407M & 411M

52

403M is a fancy Racer daughter that came back to us through the buy back program from Adrien Jacques. She just happens to come from the high selling pen in our first sale. 407M and 411M come from the Brownell herd and are Simm sired females.

403M exposed to Red Blake's Moncrief 15M from April 29th to June 30th

407M & 411M exposed to RED DKF Racer 39H from April 29th to June 30th

Due early to mid March

11M, 77M & 159M

53

3 fancy black heifers that might be a little different in pedigree but look at their type. We matched them up as they are calving in the second cycle.

Exposed to Standard Hill Blazer 34M

Due early to Mid March

75M, 59M & 46M

54

3 more beautiful tan heifers sired by Racer out of Charolais heifers. We try to AI our Char heifers, however we sure aren't scared to throw them out with our Red Angus heifer bull. We have a few of these in our commercial herd and they fit right in!

75M & 59M are due mid February

46 M is Mid March

405M & 408M

55

A couple more Brownell heifers all out of Diamond R bulls and some Diamond R females. Brad picked a handful to compliment the sale, as Stephen wasn't going to retain any for himself.

Exposed to Red DKF Racer 36H from April 29th to June 30th

Due early February

51M, 52M & 94M

56

Our last trio of red baldies sired by the Haroldson's bull. We have really come to appreciate these Hereford cross females.

Exposed to Red DKF Racer 39H from April 30th to June 30th

51M due early March

52M due early Feb

94M due end of Feb

Bred Heifer Reference Sires

Full brother
PM Executive Decision 5'17

WKJ Justice 53J

Justice came to us via Poplar Meadows Angus. Tanya offered up a package of 3 embryos that just happened to be full sibs to Executive Decision. The mating was one Jayne couldn't resist, Natural Law 52Y x PM Blossom 124'13. We sure lucked out getting all 3 calves. In fact, his full sister is the dam to WKJ 41M in the 2-year-old bull section. One bull sold to N7 Stock Farms, and we retained this guy! He was called up to replace Gomez and did a great job. Look for his bulls next year in the sale! We unfortunately lost this bull due to a shoulder injury after pulling bulls.

RUT Bash 178H

This home raised bull has really impressed us and we simply had to keep him for ourselves. Bash (and yes there is a story) is sired by the 2018 CWA Grand Champion Simmental Bull, Swan Lake Red Circuit 28D. We were pleased to be able to walk 28D for a breeding season here and he left us some wonderful calves. 178H's deep red color and excellent foot made him an easy decision to breed him to some commercial cows. If you like the "meat and potatoes" type of bull here he is!

Haroldsons Pavati 48G 20K

Dam of 20K

In watching Ag Ex 2022, we decided to see how the neighbour was doing in the Hereford show. Our mouths dropped as Chad led in this amazing 2-year-old female. Brad instantly said I want females to look like that!!! We followed her to Agribition where the pair ended up in the Top 10 in the Supreme. 20K, aka Willy, has done what we have asked with the extra bonus of calving ease and adding those wonderful Hereford markings to the heifers. All the red daughters of this bull are in the offering today, even though it has caused weekly harsh debates.

Cudmore Farms
Wawota, SK
Ph: (306)577-9193

Cudmore Farms is a 5th generation farm operated by Mark, Shawna, Kerr and Kellyn Cudmore, along with Mark's parents, Doug and Anita. Established in 1902 with beef cattle at the forefront from day one, it was a cow/calf operation with a feedlot to finish in previous years. Now, the herd has grown to 350 mother cows and they background their calves.

The Cudmore Farms bred heifers featured are our top picks out of 150 heifer calves born and raised at Cudmore Farms.

Please contact Mark at (306) 577- 9193 for any questions or information.

Heifers exposed to WKJ League 80L (Jeter son) from June 10th to Sept 1st
Additional exposure to a Motive son from GT Angus

WKJ League 80L | Service Sire

15, 359, 404

57

Let's start the Cudmore offering off with 3 powerful BWF females right off the top of their replacement pen. Look here!!!

373, 151, 334

58

Three beautiful black momma cows in the making! Buy with confidence.

116, 235, 139

59

Cudmore Farms brought a great set of heifers last year, they may have raised the bar for this year!

351, 354, 58

60

3 super angular Black Brockle faced heifers that are like peas in a pod!

202,347, 62

61

These females are the same type and kind. Consistency is the name of the game here! These are the cream of 150 heifers!

241, 232, 375

62

Look at this group of 3! Beautiful Black heifers that are sure to make some beautiful momma cows!

22, 165

63

A pair of BWF heifers that will be special! Look at the body shape of these ladies! What an excellent offering from the Cudmores! This pen is possibly Brad's favorite!!

This image shows a single sheet of white, lined notebook paper. It features horizontal blue ruling lines spaced evenly down the page. A vertical red margin line runs along the left edge, creating a narrow left margin. The paper appears slightly aged or stained, with some faint yellowish-brown spots visible, particularly near the top and bottom edges. There is no handwriting or printed text on the page.

Terms & Conditions

Terms:

The terms of the sale are cash, cheque or e-transfer payable immediately after the sale. Settlement is in Canadian funds. The right of the property shall not pass until settlement is paid in full. All settlements must be made with the clerks of the sale before any cattle will be released. Current exchange rates will be announced on sale day.

Bidding:

Each animal will sell to the highest bidder. Bidders unable to attend the sale may phone their bids and instructions to the sale manager, auctioneer, or special representatives. Bids must be received prior to the sale, in a sufficient time frame.

Disputes:

In case of disputes, bidding will be reopened between the parties involved. If no further bid is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters will be final.

Announcements:

All announcements made from the auction block on sale day will take precedence over the printed material. Errors discovered in the catalogue will be corrected from the auction stand at sale time and such correction will take precedence over printed material in the catalogue.

Purchaser's Risk:

Each animal becomes the risk of the purchaser as soon as sold. Animals will be cared for at the purchaser's risk for a reasonable length of time. All animals left with the seller must be insured.

Breeders Guarantee:

Should any bull fourteen months of age or over fail to prove a breeder after being used on cows known to be breeders, the matter shall be reported in writing to the seller within six months following the date of purchase or six months after the bull has reached fourteen months of age. The seller has the right and privilege of six months to prove that the bull is a breeder. No guarantee is given that semen collected from bull will freeze. Females are sold as bred females.

Certificate of Registration:

Each animal will carry papers issued by the Canadian Charolais Association, Canadian Angus Association or Canadian Simmental Association if they are a purebred, registered animal. A certificate of registry duly transferred will be furnished to the buyer after payment has been made.

Exception Guarantee:

In the case where the animal is subjected to any hormonal or surgical reproductive techniques after the sale, this guarantee shall be null and void. The seller is not responsible for damage caused by foreign bodies after the animal has been sold or for sickness not apparent at sale time. In no event shall the seller be responsible for more than the purchase price.

Insurance:

Insurance will be available for purchase on sale day.

Delivery:

Assistance will be given with making delivery arrangements after the sale. The purchaser agrees shipping arrangements will be at the convenience of the seller but will be as soon as practical after the sale, at the buyer's risk.

Accidents:

Although every precaution will be taken to protect the safety and comfort of buyers, neither Wawota Drop-In Center, Diamond R Stock Farm, Cudmore Farms, Leaning Spruce Stock Farms, the auctioneer, sale staff or Wright Livestock Marketing sale management assumes no responsibility in the matter and disclaims any liability, legal or otherwise, in the event of an accident or loss of property. All persons attend the sale at their own risk.

Sale Manager:

Wright Livestock Marketing Services Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his/her obligations, or for any warranties, guarantees or representations, expressed or implied. Wright Livestock Marketing Services Ltd. does not assume any financial obligations to collect or enforce collection of any monies between parties. Wright Livestock Marketing Services Ltd. assumes no responsibility for any credit that is extended by the seller to the buyer. The buyer must look to the seller for the fulfillment of any/all guarantees and representations made. Any legal action that may, in exceptional circumstances/cases, be taken are solely between the buyer and the seller.

Pictures:

By attending the sale, you are granting permission for your picture to be used for promotional and advertising purposes relating to the sale, unless you notify the sellers/sale manager that you do not grant permission for your picture to be used.

Return Undeliverables to:
Wright Livestock Marketing
