DWAJO ANGUS WELCOME

First off, we would like to thank all the bidders and buyers from our 1st bred heifer sale last year.

We would like to welcome you to our Dwajo Angus bred heifer sale. Dwajo Angus was started in 1983 so over 40 years in the making and with that comes changes. Talk about changes, we would like to welcome and introduce our granddaughter Millie to the family. Jesse and Miranda are going to continue upping their herd. All heifers are home raised with a DJE tattoo. We are offering all our bred heifers with some being paired up with selling of choice as the buyer gets their choice and we will retain the other just to keep a few replacements. Breds are either bred AI or to herd bulls that we have searched out to enhance our herd and owners of their new bred. So please take a look and if you have any questions, please call Dwayne, Joanne, Jesse or Miranda Emery.

This big, beautiful heifer comes from our infamous Kingdom bull. For you all that don't know Kingdom is a bull that we had a lot of interest in, but sadly died before the sale, fortunately we collected him prior to his passing. All offspring are very limited. He puts an exceptional foot on his progeny as well as a desired hip. The Miss Morrison Cow family is known at our place for being big bodied, bigger frame, with lots of middle, and have good milk numbers.

Zara 135M is another excellent Zara female offering. She comes out of our Hostage herd sire that we lost this spring, offspring are limited. This bull has raised numerous high selling bulls and females over the past 5 years at our place. This heifer is moderate, very fancy made, soft middled with a feminine head. She has a unique look and style. Her mother is also a moderate cow, deep made and you can see that she is an excellent producer as she has another daughter for sale this year in the Northern Select Sale as a heifer calf.

A well-built heifer, very feminine, straight topped with good feet. Her mother 42F has been a great cow for us, she has raised two bulls that have sold in our sale, and this year's calf being at the top end of the red bull pen. She also had another daughter sell through Red Round Up to Epp farms. This heifer really resembles her mother in her build. Red MF Headstart 13M was a \$25,000 purchase from Matejka Farms. He is a Bieber Jumpstart Son that has a 70 lb BW and Epd's of BW -0.8 WW 79 YW 131 MILK 26. What a spread!!! He sure did a good job early in his life.

Another Javelin daughter, as you see through the offering as well as our bull pen the Javelins have been doing a great job. This heifer is feminine, long bodied, straight topped and has an excellent build and structurally correct. Her mother 61J has a similar look and has been really knocking it out of the park with her production at such a young age. Her first calf was a high selling bull for us in 2024. This heifer is her second calf and her third calf is in the bull pen. We can't ask for any better out of this sweet young well made cow, with a gorgeous udder.

A larger framed heifer that will make an honest hard working production cow. Her dam 106C has sold many daughters to great places like Brooke Family Farm and Epp farms. Her other daughters were retained in a herd like 114F who also has a heifer for sale in this sale. 106C is a power cow that has held up in all regards with an excellent udder and foot underneath her. 106C's calf this year is in the bull pen as one of the biggest red power bulls.

A heifer with a real great look. Pretty skull shape, nice top, deep body. Lots of potential. Her mother 16K is a gorgeous dark deep bodied cow with a beautiful udder. 116M's grandmother is 143x who also has a heifer in the sale. This heifer could be a sleeper.

Another CR Lass heifer. This one comes out of a super deep bodied cow 55J. This young cow has been doing a great job on her calves being 3 for 3.1 bull sold in the sale, this heifer, a bull in the bull pen. 117M's grand dam 149D is a moderate super deep bodied cow that we really enjoy having in the herd. 117M's great grand dam is 130Z who we already talked about earlier in the book. All these generations of cows have worked hard in our herd and left their mark.

133M is a moderate heifer out of a fantastic young cow 30J. 30J comes out of the same line of Duraba's as 57M and 41M, really showing the strengths of this family. 133M also had a sister sell last year in our bred heifer sale. 30J has been doing a great job. She's a feminine cow with a gorgeous udder and a fantastic look. A cow that we are really looking forward to her career in our herd.

148M is deep sided, moderate heifer with style and great hair. Her dam 67H is a moderate cow with a good foot and a beautifully built udder and milks well. Her granddam 97S was a premier dam. This heifer reminds me a lot of her mother, and she turns out like her you will have a gorgeous moderate hard-working cow.

OBI LIVESTOCK LTD. WELCOME

I welcome you to the Dwajo Angus Bred Heifer Sale this December 2. Last year's sale was a huge success with many happy customers. This offering will also please you.

The Dwajo Family has enabled you to select a bred heifer from the entire offering. Some lots are paired up so Dwayne and Joanne can keep one of them for their herd. The cow families in the herd are treasured at Dwajo with consistency kept in mind. The sires selected by the family are searched for criteria that matches their program and new bloodlines to increase marketability for them.

I will be at Dwajo Angus sale day until closing, so If I can help you with anything, please do not hesitate to call. I am very familiar with the Dwajo Angus program and their goals.
