41st Annual PRODUCTION SALE

VIDEO
SALE

Tuesday, December 2, 2025 ~ 1 p.m.

AT THE RANCH

1 1/2 MILES SOUTH OF ETZIKOM, ALBERTA ON HIGHWAY 885

C & N GOAT 85M
He sells!

C & N HAWTHORNE 131M
He sells!

**SELLING
141 HEAD:**

- 14 Horned Hereford Yearling Bulls
- 17 Polled Hereford Yearling Bulls
- 51 Black Angus Yearling Bulls
- 2 Simmental X Bull Calves
- 6 Commercial Hereford Cows
- 7 Commercial Angus Cows
- 44 Commercial Bred Heifers

GENERAL INFORMATION

SALE TIME:

1:00 p.m., M.S.T., Tuesday, December 2, 2025.

LOCATION:

1 1/2 miles south of Etzikom on Highway 885 ~ Signpost 61033

DELIVERY:

Free delivery within a 350 mile radius of the sale; further, for the cost of our fuel on all cattle.

HEALTH:

The health of the cattle is excellent. Calves receive 7 Somnus with Spur plus Pyramid FP4 & Presponse at branding and in October. Cows and yearlings received Pyramid FP5 in May. All cattle had Pouron Ivomec in October. Females were preg. checked and given estimated calving dates by Dr Krista Dayman, in September.

SPECIAL SALE CONDITION:

All bull buyers have the option to let us winter the bull for \$150 per month, until they wish delivery.

BULL GUARANTEE:

Each bull will be guaranteed unconditionally for 3 full breeding seasons. We will replace unsatisfactory bulls or you can receive credit for the difference between the purchase price of the bull, *less credit used*, and \$3,000 or your salvage value, whichever is more, and less your usage. The credit you receive will be divided equally between the bulls you purchase.

Example: You have \$1,000 credit. You buy bulls for \$9,500 and \$7,500 (you pay \$9,000 and \$7,000). You use the \$9,500 bull one year and then he dies. We will give you \$4,000 credit at a future sale. $\$9,500 - \$500 = \$9,000 - \$3,000 = \$6,000$, or \$2,000 per year.

TERMS:

The terms of the sale are cash, cheque, or e-transfer. Please include wintering charges in the amount. Credit arrangements may be made prior to the sale.

SEMEN COLLECTION:

We reserve the right to collect in-herd use only semen at our expense and at the buyer's convenience.

SIGHT UNSEEN PURCHASE PLAN:

If you are unable to attend the sale, give us a call with your requirements. Satisfaction guaranteed. If you don't like the bull when we deliver him, we'll keep him. This year, we are pleased to offer online bidding through DLMS. Another option is for us to phone you minutes before your pick is being sold ~ You can hear the auction over the phone and bid without anyone knowing your limit.

RESPONSIBILITY:

Everyone attending the sale does so at their own responsibility, and without liability on the part of the owners or their employees.

LUNCH:

Coffee and donuts available all day, and lunch will be served from 11:00 a.m. until sale time.

Can't make it to the sale? Internet Bidding Available.

To view this sale visit www.dlms.ca. Fill out the registration form located under registration and sign-up for your free user account and select a username and password.

BIDDERS - To be approved as a bidder, Log in to dlms.ca and click BUYER APPROVAL tab, select the sale you are interested in bidding at and click sign up.

Gladys Stromsmoe

July 16, 1931 – October 6, 2025

Our matriarch:

This will be our first sale without Mom. Every year she would be up at 5:00 a.m. on sale day making hundreds of donuts.

We are really thankful that our sister Maureen has continued this tradition!

We miss you, Mom.

WELCOME TO OUR 41st ANNUAL PRODUCTION SALE

It is with pleasure that we welcome you to our 41st annual production sale and the 19th video sale to be held on our ranch. We feel this sale offers you a chance to incorporate into your herd some of the very best maternal genetics you can find anywhere. We have bred our entire herd A.I. to the very best bulls in North America for 52 consecutive years. Breeding A.I. means never being outbid on a bull we want or settling for second choice. The chart below compares the average Hereford and Angus bull born in 2024 with our average sale bull:

	CE	BW	WW	YW	Milk	SC	REA	Marb	CW
Average 2024 Hereford Bull	+3.5	+2.6	+55.6	+89.0	+26.4	+1.0	+0.46	+0.14	71.4
Stromsmoe Average (31 Bulls)	+2.7	+3.5	+59.9	+100.3	+30.0	+1.5	+0.50	+0.16	78.2
Rank within the breed	Top 57%	Top 70%	Top 36%	Top 24%	Top 30%	Top 10%	Top 43%	Top 40%	Top 31%

	CE	BW	WW	YW	Milk	SC	Claw	Angle	REA	Marb	CW
Average 2024 Angus Bull	+3.2	+2.1	+55	+96	+23	+0.84	+0.46	+0.46	+0.53	+0.47	43
Stromsmoe Average (51 Bulls)	+1.8	+2.8	+69	+125	+24	+0.79	+0.448	+0.418	+0.618	+0.609	54.4
Rank within the breed	Top 61%	66%	12%	8%	42%	56%	44%	23%	34%	24%	18%

NOTE: To the best of our knowledge all Hereford bulls are DLF, IEF, HYF, MSUDF, MDF and DBF. To the best of our knowledge all Angus bulls are AMF, NHF, CAF and DDF.

NOTE: NAC 102M and NAC 104M are DBC.

We invite you to come early to inspect the sale offering. If you have any questions at all just ask.
Lunch will be served starting at 11:00 am. If you would like a sale video please contact us.

HOW TO READ AND USE THE DATA

EPDs are the expected differences in performance and carcass quality of an animal's sons or daughters. Comparing EPD values allows us to obtain a difference between two animals.

Consider Bull A with a +60 EPD for weaning weight and Bull B with a +40 for weaning weight. On average, you can expect calves from Bull A to wean 20 pounds heavier than those from Bull B. If they each sired 25 calves, you could expect to market 500 more pounds of calf by choosing Bull A.

You might sell all your calves at market in the fall. Since you do not retain ownership in the calves, you might think that looking at yearling growth and carcass quality has no importance. I beg to differ.

The feedlot buyer knows exactly how well your cattle fed and graded, and will bid accordingly in the future.

PRODUCTION EPDs

CE (Calving Ease) is expressed as a difference in percentage of unassisted births in first calf heifers. If you use a +7 CE bull instead of a +2 CE bull, you can expect to help 5% fewer heifers at calving time.

BW (Birth Weight), expressed in pounds, is a predictor of a sire's ability to transmit birth weight to his progeny compared to that of other sires.

WW (Weaning Weight). This is the number you look at for weaning weight. The bigger the better.

YW (Yearling Weight), expressed in pounds, is a predictor of a sire's ability to transmit yearling growth to his progeny compared to that of other sires. High yearling weight does have a positive correlation to larger mature size.

SC (Scrotal Circumference), expressed in centimeters, is a predictor of scrotal size. Large scrotal size has a positive correlation to early fertility in heifers.

MATERNAL EPDs

MILK. The milk EPD is something to look at if you are retaining heifers. The higher the number, the more they are expected to milk.

CARCASS EPDs

CW Carcass Weight (Angus). Expressed in pounds, this is a predictor of the difference in hot carcass weight of a sire's progeny compared to progeny of other sires. The bigger, the better.

REA. The ribeye area EPD: the bigger the better.

Marb. The marbling EPD: the bigger the better.

Underneath the EPDs is the Breed Percentage. This is the percentile of where each bull fits in the entire breed.

PIGMENT (Herefords)

This is the percentage of pigmentation around each bull's left eye (LE), right eye (RE), and scrotum.

AGE OF DAM

The age of the bull's mother when the most recent foot and udder scoring was done. We score the feet on a dry, frozen winter day (and always the worst foot). We score the udder the day the calf was born and before he has sucked (again on the worst quarter). We have included the cow's age as the scores often become worse as the cow gets older.

HOW TO READ AND USE THE DATA

FOOT SCORE

We score the foot angle and the claw set on the mother of each sale bull.

UDDER SCORE

We score the udder suspension and teat size on the mother of each sale bull.

DOC (Docility)

We score the docility on all of our cows on a 1 - 9 scale within hours of giving birth. 1 - 2, you can ignore the cow; 3 - 4, be careful; 5 - 6, you need a stick; 7 - 8, weighing is a two-person job; 9, the cow hunts you. When we tag and weigh our Hereford newborns, we sit on the calf and ignore the cow. Since the Angus breed came out with docility EPDs, we have made it a real priority to select sires with better dispositions.

ACT. B.W.

The actual scale birth weight of each bull.

We have scale-weighted every newborn calf (both registered and commercial) for the past 39 years. Our neighbours probably thought we were crazy driving our tractor all over the pasture with the bucket up! We have used a tape, but only to compare. Every weight we write down is a scale-weight. We have found the tape to be 6 to 12 lbs light, and birth weight is too important to our customers (and our industry) not to be completely accurate.

*We occasionally weighed in the barn.
98% of the time like this.*

Our new scale is a real back-saver

W. I. (WEANING INDEX)

The weaning index of the bull. Average daily gain from birth to weaning with slight adjustments for age of dam (so we can fairly compare calves from heifers to those from mature cows). The average of our herd is always 100.

Y. I. (YEARLING INDEX)

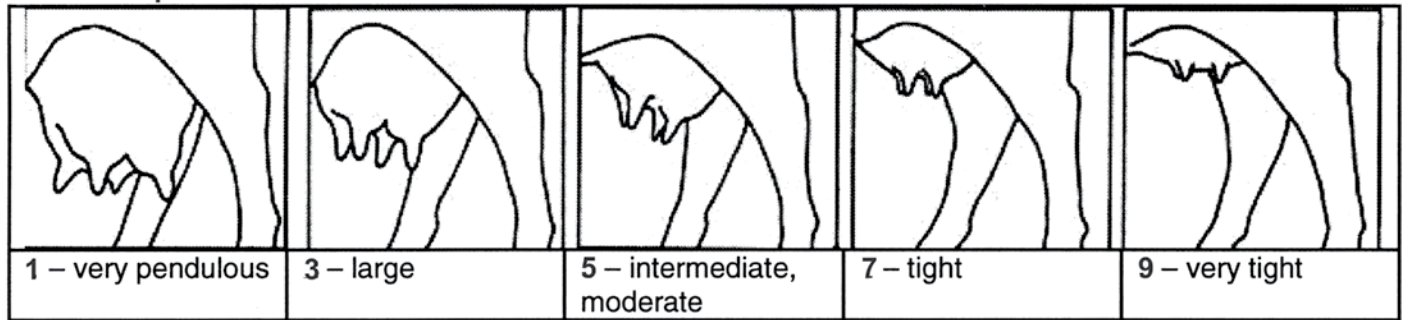

The yearling index of the bull. The average of our herd is always 100.

OCT. 8 Wt. and S.C.

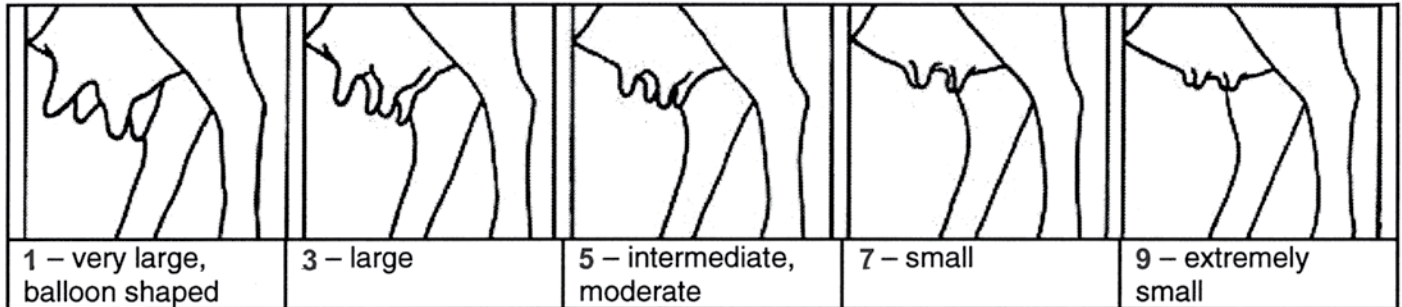

The most recent weight and scrotal circumference measurement. Both numbers increase dramatically by sale day. We will have updates on our website a few days before the sale.

HOW TO READ AND USE THE DATA

Udder Suspension

Teat Size

Balanced Trait Selection and using EPDs:

We have always tried to use EPDs and balanced trait selection when culling our cows or when sourcing new genetics, but have made a few mistakes along the way. An animal can be right at the top of the breed in almost all traits, but if it fails in just one area, it is still a cull. Our dad gave us an excellent functional Hereford herd, and when we ventured into the Angus breed, Stevenson Angus gave us our pick of all cows nine years and older. Great fertility, feet, udders and docility - again, very functional. We were drawn to the Angus breed when looking at mouth-watering pictures of daughters of a certain bull. We A.I.ed to him and the next year, our two top-selling bulls were his sons. The following spring, when their scrotal measurements were 31 cm and 30 cm, both went into our freezer. When scrotal EPDs first came out that bull had a negative EPD for S.C. We have really watched that trait closely since then, and have had minimal problems.

Another problem very concerning to us was having to cull daughters with poorer feet than their mothers'. Our heaviest used A.I. sires since 2020 have been trait leaders for both claw set and foot angle.

Having a Hereford background, docility is another trait very important to us. When we tag, paste, and weigh our Hereford calves, it is always a one-person job, and we can just ignore the cow - every one of them. We have used the docility EPD for Angus since it came out, as well as scoring the docility of every cow within hours of giving birth. It is very rewarding in noticing improvements in all areas in our cow herd.

FOOT SCORE GUIDELINES

Foot Angle (5 is ideal)

1

Extremely straight pasterns.
Very short toe. Unsound.

2

Straight front and rear pasterns.
Marginally unsound.

3

Moderately straight front
and rear pasterns.

4

Slightly straight front
and rear pasterns.

5

Ideal. Approximately 45-degree angle
at pastern joint. Appropriate length of
toe and depth of heel.

6

Slightly shallow heel and long toe.

7

Moderately shallow heel and long toe.
Somewhat weak pasterns.

8

Shallow heel and long toe.
Marginally unsound.

9

Extremely shallow heel and long toe.
Extremely weak pasterns. Unsound.

Claw Set (5 is ideal)

Extremely weak, open,
divergent claw set. Unsound.

1

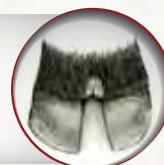

Open, divergent claw set.
Marginally unsound.

2

Moderately open/divergent
claw set.

3

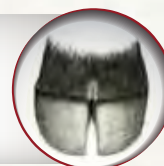

Slightly open/divergent
claw set.

4

Ideal. Symmetrical claws, with
appropriate space between claws.

5

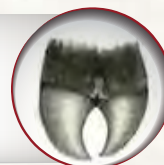

Slight tendency for claws to curl.
One claw may be slightly larger
than the other.

6

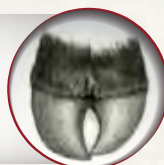

Tendency for claws to curl, with one
claw larger than the other.

7

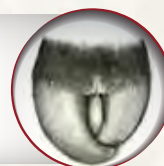

Moderate scissor claw and/or screw
claw. Curling of one or both claws. Near
crossing of claws. Marginally unsound.

8

Extreme scissor claw and/or screw claw.
Pronounced curling of one or both claws.
Crossing of claws. Unsound.

9

HEREFORD COMMERCIAL COWS

Three or four year old Hereford cows bred A.I. to the black Angus bull Boyd Justification, then exposed to C&N Three Rivers 9M, one of our very best Angus bulls in the sale. Free delivery within 350 miles. You are free to pick and choose cows from each lot.

LOT A	Cow	Date of Birth	Sire	Dam	Date of A.I.	A.I. Sire	Clean-up Sire	Preg. Check Due Date
	121J	March 31/21	7131E	58A	---	---	9M	April 16
	91K	March 29/22	308F	44C	---	---	9M	April 30
	128K	April 4/22	4013	57DC	June 19	Just	9M	March 29 (A.I.)

121J is a long-bodied, good-uddered daughter of the \$170,000 CL 1 Domino 7131E 1ET. The dam of 128K (57DC) was one of the top bred heifers in the Corbiell dispersal.

LOT B	Cow	Date of Birth	Sire	Dam	Date of A.I.	A.I. Sire	Clean-up Sire	Preg. Check Due Date
	84J	March 27/21	4013	102B	June 15	Just	9M	March 25 (A.I.)
	37K	March 24/22	308F	28C	---	---	9M	April 25
	43K	March 24/22	308F	83D	June 11	Just	9M	March 21 (A.I.)

Good-uddered young cows. Dr Dayman advised us that 43K is having a bull calf.

SR DOMINATE 308F ET

2020 Denver Grand Champion; sire of three cows and one bull.

INNISFAIL WHR X651 723 4013 ET

Sire of two cows.

CL 1 DOMINO 7131E 1ET

\$170,000 Cooper top-seller in 2018. Sire of one cow and one bull.

BOYD JUSTIFICATION

Bred A.I. to three cows and eleven heifers.

ANGUS COMMERCIAL COWS

Young Angus cows bred A.I. to the polled Hereford bull CMF 1720 Gold Rush 569G ET, and then exposed to Herefords C & N L1 Advance 82M or C & N Hawthorne 131M, both selling in this sale.

LOT C	Cow	Date of Birth	Sire	Dam	Date of A.I.	A.I. Sire	Clean-up Sire	Preg. Check Due Date
	21J	March 18/21	Stellar	75G	June 20	Gold Rush	82M	March 30 (A.I.)

	102K	March 31/22	Know How	108E	June 19	Gold Rush	131M	March 29 (A.I.)
	171K	April 13/22	90H	84H	June 22	Gold Rush	131M	April 1 (A.I.)

S A V BLOODLINE 9578

\$250,000 SAV top-seller in 2020. Sire of two cows.

CMF 1720 GOLD RUSH 569G ET

Excellent carcass and maternal bull. A.I. service to five cows.

U-2 COALITION 206C

Dam sold for \$140,000. Sire of one cow.

SITZ STELLAR 726D

Sitz #50,000 co-top seller in 2017. Sire of two cows.

ANGUS COMMERCIAL BRED HEIFERS

The Lots E, F and G are straight black, and sell bred A.I. to low B.W. polled Hereford bulls, Bar JZ Buccaneer 210E or BCC Sunrise 243K. After A.I., they were exposed to low B.W. Hereford bulls until July 25th. We offer free delivery within 350 miles of the sale, further for the cost of our fuel. As with the cows, you can pick and choose from each lot, but each lot will have a maximum of two buyers. We will post updated weights on our website two days before the sale.

LOT E	Heifer	Date of Birth	Sire	Dam	Oct 6 Wt.	Date of A.I.	A.I. Sire	Preg. Check Due Date
	117M	April 8/24	114K	46D	1130	June 10	Sunrise	March 20 (A.I.)
	123M	April 8/24	114K	103G	1190	June 19	Sunrise	March 29 (A.I.)
	144M	April 14/24	19K	76K	1190	June 21	Sunrise	March 31 (A.I.)
	161M	April 16/24	13K	23H	1170	June 13	Bucc	March 23 (A.I.)

	209M	May 4/24	114K	112F	1050	June 14	Bucc	April 15

Dr Dayman expects 59M to have twins. Five heifers are daughters of C & N Three Rivers 114K. His progeny have extra docility.

**ELLINGSON
THREE RIVERS 8062**

Grand sire of 16 of the twenty heifers.

BCC SUNRISE 243K
-1.3 B.W. EPD; A.I. service to nine heifers.

BAR JZ BUCCANEER 210E
-1.4 B.W. EPD; A.I. service to eight heifers.

BWF COMMERCIAL HEIFERS

Lot H are black baldie heifers. They sell bred A.I. to the low B.W. Black Angus bull Boyd Justification, and then exposed to C & N Architect 39M, again low B.W. Same sale conditions as our Angus heifers.

LOT H	Heifer	Date of Birth	Sire	Dam	Oct 6 Wt.	Date of A.I.	A.I. Sire	Preg. Check Due Date
	155M	April 15/24	19H	17E	1175	June 12	Just	March 22 (A.I.)
	181M	April 22/24	---	144K	1075	---	---	April 15

	16M	March 16/24	Epic	5C	1245	June 15	Finished P	April 20

WS EPIC E152

Simmental sire of both heifers.

COLLIER FINISHED PRODUCT

The projected Red Angus sire of 10M's calf.

HEREFORD COMMERCIAL BRED HEIFERS

Lots J, K and L are Hereford heifers. They sell bred A.I. to Boyd Justification, a low B.W. Black Angus bull with body capacity, stoutness and foot quality. Free delivery within 350 miles of the sale. You can pick and choose from each lot, but each lot will have a maximum of two buyers. We will post updated weights on our website two days before the sale.

15M, with a 78 lb birth weight, is one of the top heifer bull prospects in the sale. He is red-necked with 100% eye pigmentation. Extremely deep ribbed and really thick butted. This is a top bull that would work on both heifers and cows. Hughes Hereford Ranch, Rubrock Creek Ranch, Alex Chavtur, and David Guenther have brothers.

C&N MASTERPLAN 17M

DOB: 16 / 03 / 24 • NAC 17M

DBF. 17M is our heaviest Hereford and has absolutely elite numbers. He is in the top 5% of the breed for W.W., 3% for Y.W., 5% for udder, 7% for teat size, 5% for REA, 16% for marb, and 4% for carcass weight. His dam has been a great cow for us, with an average wean index of **111.6** on seven calves, and has had bulls sell to Dykshoorn Farms, Meldon and Christy Weeks, Brower Ranching, and Peigan Creek Ranching.

A really fancy, goggle-eyed, hetero polled son of Manifest. His dam is a well-bred first calf heifer that we are really high on. This guy will sire heavy, well-marked steer calves, and his daughters should be keepers.

DBF. 35M is a moderate framed bull with extra thickness and a wide butt end. His dam is probably our favourite Hereford cow - super feet, great udder, and docility. Dykshoorn Farms (with our high seller in 2020), and Rubrock Creek Ranch have brothers.

C&N MASTERPLAN 102M

DOB: 02 / 04 / 24 • NAC 102M

DBC. A dark red bull with extra pigmentation, bone, and so much muscle. He is a brick! He would sure fire on black cows! The Zoetemans gave us the pick of their bred heifers in 2020 for \$10,000, and we chose 13G. She is a full sister of 32E, who topped Brost's 2017 sale at \$27,000, and also 5K, the 2022 Grand Champion at the Red Deer Hereford Genes event. Milk River Cattle Co. and Mel and Betty Fieldberg have brothers.

HEREFORD LONG YEARLING BULLS

C&N HAWTHORNE 131M DOB: 11 / 04 / 24 • NAC 131M

Our second heaviest bull. 131M is so complete. Strong-topped, easy-fleshing, good neck extension and clean front end. We used him as a cleanup sire on 34 purebreds. The Jenkins Ranch, and Mel and Christy Weeks have brothers.

We used 39M as a cleanup sire on purebred heifers this summer. He had a 78 lb B.W., but is recommended for both heifers and cows. 39M is really smooth and stretchy. We expect that he will sire moderate sized calves that will really grow - enough that his steers should sell with those from mature cows. His excellent dam has produced bulls for Gutfriend Ranching, David Yablonski, and Kleinknecht Cattle Co.

Our second heaviest bull, and from a 13 year old mom. A huge, powerhouse bull, he indexed 109 for weaning, and 120 for yearling. He will absolutely boost the weights of your calves come sale day, and add some longevity to your cowherd. Buffalo Jump Farms, Deer Creek Livestock, O+ Ranching, Kleinknecht Cattle Co. (with two), and Brower Ranching have brothers.

159M is one of the eight bulls sired by C&N Three Rivers 114K, who sold in our 2023 sale to Lee Snortland. As a group, they are free-moving, long-bodied, and very docile. That description certainly fits 159M, as well.
