Welcome to the 18th Annual Eastern Select Bull and Female Sale. Our bulls have been developed at home with a Masterfeed bull pellet and forage ration. Our cattle have been on a live vaccination program for over 30 years. We have a nice group of bulls and some good young purebred cows and a few young commercial females some will have calves at side. The price of good quality stocker calves have been on a rise and your old bulls have been bringing a premium so don't hesitate to step up for a new herdsire. If you have any questions on any of the bulls or females or would like to view in advance at home give me a call or take a look the Friday and Saturday morning at the Sale Barn. I'd be happy to discuss our genetics and which bull might be most suited for your cow herd. We are pleased to be raising cattle that will work well in the show ring, and in commercial herds. Our sale is on DLMS so you can watch and bid from home or call one of the consignors or sale staff to help you bid if you are unable to attend in person. Wayne and Jacqui Mack

TRIPLE K CHAROLAIS

We would like to welcome you to our 18th Annual Sale and thanks for your continued support. I would like to welcome Jeremy Steacy of Steacy Farms Land & Livestock on board with a great set of cattle.

This year I've consigned a set of calving ease and performance cattle sired by Cedarlea Ranch and out of Saddleridge Hennessy. I've consigned a nice group of bulls, 4 young cow/calf pairs and a group of open/bred yearling heifers. Cows have been rebred to my Ranch Hand bull, yearling heifers will have been exposed to Ranch Hand or our new bull Southland Prime Cut 147m. They have been developed on Purina Show Ration and dry hay. They have been vaccinated with Express 10, Tasvax and Ivomec. Bulls will have had a breeding soundness exam and will have passed a semen testing. The Sale will be broadcast live on DLMS if unable to attend in person. Hope to see you on sale day.

Thanks Brian & Trina and Family

STEACY FARMS LAND & LIVESTOCK

We would like to welcome you to the 18th Annual Eastern Select Bull and Female Sale. We would like to thank Wayne and Brian for including us in this year's sale. We feel our set of bulls will go out and work well for purebred or commercial cattlemen. Our bulls have been developed on a 14% Purina pellet ration and a high fibre TMR diet for longevity. The bulls are double vaccinated with Bovi Shield Gold FP5 and Tasvax 8. They have had Cylence insecticide and safe guard. Bulls were weaned September 20th. Our bulls are sired by SCX Sendero 131H, the lead off bull and a highseller of the 2022 Triple C Bull Sale in Manitoba. He was ultrasounded as a yearling and had over a 16 inch rib eye. He is a homo polled, calving ease bull with optimal performance. The females in the sale are vaccinated with Triangle 10. They have had safe guard and Cylence. They are bred to SCX Sendero 131H. We look forward to seeing everyone at the sale.

A power bull that is thick made with a bold rib and extra capacity. He is smooth polled with a masculine herd bull presence. He is backed by proven maternal strength, coming from the high-selling female we purchased from Pleasant Dawn Charolais at the No Borders Select Sale in 2022. Navy's maternal brother went on to sell for \$20,000 in the 2023 Pleasant Dawn bull sale and is now working successfully at Ferme Cardin Charolais in Quebec. This pedigree, combined with his natural thickness and balanced EPD's, makes Navy a herd bull built to add performance and value.

Noble is backed by an outstanding young donor we purchased from the BOB Charolais Herd Dispersal in 2024, where she was our pick from over two hundred females. Weighing in at 1,900 pounds, she is a powerhouse addition to our herd and represents the kind of maternal strength we strive to build around. We are excited about the future of this cow family and look forward to seeing what she can do with her 2026 PCC Husk heifer calf.
