

15th Annual

# Chittick Family Bull Sale Onsite/Online Racehorse Style Auction

Bidding Opens March 5th

**Closes Friday, March 6th, 2026**

Sale Close Starts 2:00 PM MST Racehorse Style with Extended Bidding  
At the Diamond Center - Mayerthorpe, AB  
or Online DLMS FarmGate Timed Auctions

## Welcome to the 15th Annual Chittick Family Bull Sale

We are all very proud to be in the Cattle Business right now. This is an exciting time to be a Cow/Calf Producer seeing record prices at the Auction Market and Farmers & Ranchers are able to enjoy some fruits of their labour!

Our four generation Chittick Family is pleased to present to you our Bulls for our 2026 sale. On offer we have a super selection of Red, Black & Fullblood Simmentals, Red & Black Angus and Herefords. Our multi breed format allows more options for you to fulfill what you are requiring. Whether it is a calving ease heifer specialist or a power performance expert that packs on more pounds we have it. We are always introducing fresh genetics to keep our programs moving forward.

We Appreciate all our past, repeat & future Customers who are trusting in our Chittick Bull Programs. We strive to keep our Bull Buyers happy! As well as Thank You to those who have helped us on the farms throughout the years we are grateful for you all!

You are welcome to stop in at each Family Farm prior for a visit and view the Bull Pen's anytime including Sale Day, March 6th until 1pm. Even though our sale is online with DLMS Farmgate, we still invite everybody to join us at the Mayerthorpe Diamond Centre. Enjoy lunch at 1pm with refreshments & good company on Sale Day, March 6th. If you need assistance purchasing online, bidding stations & help will be available.

All the best, hope to see you sale day!

# Chittick Family 15th Annual Bull Sale

**Onsite Racehorse Style Auction** via DLMS FarmGate Online Bidding

**Bidding Opens March 5th - Closes Friday, March 6th, 2026**

**Coffee At the Farms at 10:00 AM ~ Lunch Served at 1:00 PM at Diamond Center**

**Sale Close Starts 2:00 PM MST**

**Racehorse Style Auction with Extended Bidding**

**Onsite at the Diamond Center - Mayerthorpe, AB or Online DLMS FarmGate Timed Auctions**

Bulls on Display at each family member location.

## OFFERING- 168 Bulls

**119 - Yearling Simmental Bulls**

Reds, Blacks, Polled Fullbloods

**33 - Yearling Angus Bulls**

Red Angus, Black Angus

**16 - Yearling Hereford Bulls**

### Display of the Bulls:

All bulls will be displayed at each of the family member's farms. All the farms are very close to Mayerthorpe, AB. So once in the area it is not far to go see everyone's offering. Please call ahead to make arrangements to view the offerings at each farm. The week prior to the sale closing we encourage you to come and see the bulls.

### Performance Notes:

Weaning weights were taken Oct 4, 2025.

### Pick Up & Delivery Options:

1. Bulls picked up and paid for with in 5 days of the sale receive a \$100.00 Discount on the purchase price.
2. Bulls will be delivered free of charge for up to 200 Kms - any distance past 200 KMs will be at cost to buyer. Delivery will start in the weeks following. We will do our best to give you ample heads up to be ready for your new bulls and arrange to meet us at central points for areas past 200 KM. All deliveries are done at the convenience of the Chittick Family to make loads work and keep cost down. Please be aware that if we are headed your direction, we will be bringing your bull as we can not make multiple trips to the same area.
3. If Bulls need to stay at the Farm for any time past the delivery window this must be arranged directly with the individual consignor at a cost of \$10.00 Per Day/ Per Bull past the delivery window. It is then the Buyer's responsible to pick up Bull

**Insurance is highly recommended for all bulls!!.** Be aware following the completion of the sale bulls are the property of the new owner. We will continue to manage the bulls in the same manner as prior to the sale but with bulls kept in large groups, fighting can happen. If a bull gets hurt or dies following the sale he is your bull just like if he is in your yard.

**Canadian Farm Insurance - Jill Wildman - Ph: (780) 305-1146.**

### Volume Discount:

3 Bulls... \$30.00 Per Bull - 4 Bulls... \$40.00 Per Bull

5 Bulls... \$50.00 Per Bull and so on

To a Max of Discount of \$100.00 Per Bull

### Semen testing & Gurantee:

All bulls will be scrotal measured and semen evaluated by prior to the sale. In addition We guarantee you a sound breeding bull that has passed a semen test. If a bull fails to be a satisfactory breeder, he will be replaced with a bull of equal quality or a credit will be given towards the purchase of another bull. No refunds. We carry a good supply of backup bulls in the event there is a problem. If there is an issue with your bull, please notify us immediately.

## How to Participate in the DLMS Farm Gate Racehorse Style Timed Auction with Extended Bidding:

For 2023 we will be hosting the Online auction onsite at the Diamond Centre in an effort to allow you to view the bulls, join in some great hospitality and bid on your Phone or to the Sale Representative Onsite during the sale close.

**Onsite Bidding Option** – Join us onsite and you can bid to a NCL / DLMS Rep onsite. After your bid is turned in to the onsite rep they will bid on your behalf online in the Racehorse Auction. Or if you are onsite and want to create an account and bid on your phone we will have Wi-Fi onsite for bidding on your smartphone.

**Online Bidding Option** – As you have in the past you can simply follow the instructions below and bid on the lots after the sale opens and until the close starts at 2:00 PM Sale day.

1. Visit [www.dlms.ca](http://www.dlms.ca), scroll down sale list to find the sale you are interested in bidding on. Click on the sale listing and you will be taken to the FarmGate Timed Auction Sale page.

2. After you are at the FarmGate Timed auction site - [farmgatetimeductions.ca](http://farmgatetimeductions.ca), click the LOGIN/REGISTRATION button.

### **First time FarmGate users:**

- First time users will select the REGISTER button from this page. Fill out the registration form to sign up for a free user account and it allows you to select a username and password for use on all Farm Gate Timed auctions. (please note due to some of the text notification features the FarmGate Time Auction Site requires a new account separate account from your DLMS Live sale site)
- After you create your FarmGate account you will receive a txt message with a pin code to verify your account.
- On your first log in to FarmGate Timed auctions we recommend you go to your profile and confirm your notifications are set to YES. This allows the site to send you text and/or email notifications when you are out bid and if there is activity on your favorite lots.

### **Returning FarmGate users:**

- If you have used Farm Gate Timed auctions in the past simply enter your user name and password to continue. After you have logged in you are able to browse the timed auctions on DLMS FarmGate Timed Auctions.

### **3. How to Bid**

Now that you are logged in and your account phone number / email is verified you are able to bid on an upcoming sale. Simply find the lot you are interested in bidding on. After you have found the lot there are 2 options for bidding on the lot.

- Place Next Bid – to place the next bid on the item, you see the amount in the first box, you simply click the “Place Bid” button and after you review the bid and agree to the terms and conditions your bid will be placed.
- Max Bid Amount – to place a max bid you put your max bid in the second box listed as “Max Bid” on the item, and then click the “Place Bid” button and after you review the bid and agree to the terms and conditions your bid will be placed as the next bid. With the Max Bid placed the computer will then keep you as the high bidder to the max amount you have placed. This can be a great feature if you are not able to give 100% attention to the sale close out and protect your interest so you do not miss out on any lots you want to purchase. The Max Bid amount is completely confidential from the seller during the sale process.

Example of How the Max Bid Works - If the lot has a \$2000 bid on it and you place a proxy bid of \$3500 into the system, the computer will bid \$2100 for you but if some one else bids \$2200, the computer will again bid for you, this time at \$2300. The system will look after your interest to a maximum of \$3500. If another bidder is on at \$3600, your proxy will no longer be effective and you will no longer have the winning bid on this lot without once again logging in and bidding again or moving your attention to a second lot of interest. Please note that in some cases a lot value can change very quickly if 2 max bids are placed on the same lot competing against each other.

### **4. Watch List Feature**

If you have items in multiple auctions or only a few from the same auction that you want to watch with out having to scroll through the entire list you can add the lots to your watchlist. On each lot you will see the “eye” button beside the bid button, by clicking this “watchlist” Icon that item is added to your personal watchlist for easy viewing of just your favorite lots in this sale or on the entire site.

### **5. Sale Ending / Closeout**

Most FarmGate Timed Auction sales close racehorse style with extended bidding.

#### **What is Racehorse Style Close?**

Racehorse style sale close is when the entire sale stays open in extended bidding. This type of sale allows you as the bidder to change to a different lot within the same sale if the bidding has gone in to extended bidding.

#### **How will Extended Bidding works?**

When we get to the close out end time the clock for close extends with any bid placed with less than 5 min on the clock. This type of extended bidding turns the end time to more of a soft time. Extended bidding allows bidders to compete in lots like a real auction and give all bidders the same time to make a decision. Always follow the clock to see how much time remains in the sale you are interested in.

### **6. Bidding Close & Follow-up**

After the clock has gone to “ENDED” and no bidding has occurred for 5 min (or the current time on the clock goes to 0) the computer will declare the sale finished. Following the close typically within 24 hours of the sale close the sale consignor will contact all winning bidders to arrange payment, transfer of pedigrees and delivery/Pick up of your lot. Or as the winning bidding you can contact the sale consignor / sale manager to confirm payment instructions.

Please make sure that your account info is up-to-date and correct if you are the winning bidder of a lot as this is how the billing is sent to Sale manager and/or Sale consignor.

For more info and assistance with bidding contact;

This bull has so much thickness he will easily put pounds into his calves! Should make a great Herd bull who is solid form front to back. This 2nd calver weaned him off over 1000 lbs and was over 1300 lbs beginning of January when we pictured them. This guys pedigree has so much performance and thickness with our KICKSTART 306L sire and MISSILE 4E should give him excellent growth! **HOMOPOLLED & DILUTER FREE**

This bull comes from a moderate framed, good uddered red cow. I was really impressed with the cows mother, and when I had the opportunity to purchase a daughter, I jumped on it. This is a well rounded bald faced bull, he comes from a long line of Gary and Faye's good cows, and by KIN 22L, who is one of the most impressive herd sires at Kin Kin Cattle. This is 22L first calf crop, and if you looked at the top 5 heifers and top 5 bull's, majority of them are offspring of his. If you're looking to add some chrome, growth and good maternal traits, have a look at this young prospect.

Top 15% for birthweight and calving ease. Top 25% for milk, weaning and yearling weight. This guy has a awesome dam with good feet and udder. She did an amazing job with her first calf and bred back and calved in the first cycle again this year. Crimson like this cow so much he ask if he could trade me one of his cows for her. This guy is smooth made with extra length. He has good shape. He has enough power to go in the cow pen and enough calving ease to go with some bigger heifer. Herd bull.

Hugh is a bull with some interesting bull power in his lineage. He has the likes of Dew North & Loaded Up on the top side and Double Bar D Batman & Combustible on the bottom side. All of this culminates to produce a well rounded white faced bull that is homo polled, born at a moderate 85lbs out of a first calver and had an adjusted 205 day weight of 805lbs. A good solid bull, let's see what Hugh can do for you!

If you're looking for a pedigree of high gaining cattle, this is your guy! This was our #2 gaining bull, and his mother beat out some impressive cows. She herself is a well made cow, our number 2 gainer of her year, being a daughter of the late State of War, and Kin 4H who raised our heaviest bull calf. This bull is extraordinary, and a great example of our Kin 22L calves. Kin 22L calves topped both the heifer pen and bull pen, competing and dominating against some impressive AI bulls. 67N is above average in 11 EPD traits. If you're looking to add pounds to your calves, and females that produce, check out this young prospect! Added Bonus he is black with a stylish white face.

Top 4% for calving ease, birth weight, and yearling weight. Top 5% for weaning weight. Top 3% for maternal calving ease. Top 1% for TI and API. All year I have struggled with whether I am keeping him for my heifer pen or letting him go in the sale. It doesn't matter if you look at EPDs or phenotype — he has it all. He is off a first-calver that I absolutely love, that did an unreal job on her first try, calving again this year in the first cycle. His granddam was one of my favourite cows, raising many sale features. His great-granddam was one of my favourite Hereford cows that I bought from Brian Becker. I still haven't truly decided if I want to let him go or not. I will be keeping an in-herd semen package on him to use on my heifers.

This bull was one my daughter said was one of her favourite Red Angus bulls to work with for clipping and videoing. Out of some very heavy hitters and high performers in this pedigree and with some calving ease as well. This bulls dam and grand-dam both have beautiful udders and lots of milk. Nice hindquarters, smooth features and a straight topline make this bull easy to pick out in the pen.

This bull catches your eye easily in the pen and is naturally showy. Solid topline and nicely put together. Was nice to handle and work with. Another Good AL-CA-TRAZ son and a no miss cow who is out of our SUTTER 1Y bull and a female we purchased from MJT Cattle Co., MARLENE 321R who had tons of performance always.

So much body on this guy! He is Deep, thick and Wide! He will add pounds to every calf. With a good disposition and was nice to work with. Lots of performance that goes back to our BLACKMAN 102A sire who was a heavy hitter and threw amazing calves that were always the heaviest and most eye catching in the pen! This combination with our ALCATRAZ 19J and Grand sire ALCATRAZ 60F who was used on heifers and Granddam 312P who also had good calving ease should make a really good combination of high performing and calving easy. Easily one of the favourite Black Angus bulls!

This guy was a Gentlemen to work with in the chute a real gentle giant of a bull! His Dam is a no miss cow who's calves are always at the top of the producing pen each year. She knows how to put pounds on her calves and she gets it done. An easy favourite in the Black Angus pen with a Long, Smooth, Thick body that is easy to look at and hard to find flaws. Should make a Great herd bull.

Something a little different. This guy has looked like you could take him to a show and win since he was very young. He looks good from every side and even better from behind. His little dam weaned off a calf that I am sure weighs as much as she does. This guy has enough calving ease to work in the heifer pen and enough power to go in the cow pen. Curve bender.

This guy is truly special. Top 15% for weaning weight. Top 20% for yearling weight. This cow has successfully weaned nine consecutive calves, indexing over 100 and never missing. When we showed at Farmfair, her calves would usually make the trip and place well. My dad has been using a son out of her in his heifer pen for the last two years with great success. His maternal brother is the sire of Lot 167 of my dad's. I don't know if I have ever seen a Hereford bull with more length and shape than this guy. His dam calving in the first cycle again this year with another awesome bull calf. His 205-day weight was 1,054 lbs, and his 365-day weight was 1,564 lbs. This guy is truly impressive to stand beside. His females should be second to none. **DLF HYF IEF MSUDF DBF**

Top 20% for calving ease and weaning weight. Top 12% for yearling weight. Top 5% for maternal calving ease. This is my favourite Hereford bull in the sale. I actually planned on keeping him for myself to use on my heifers. He is a true curve bender with an 83 lb birth weight and a 1,422 lb 365-day weight. His pedigree is loaded with top females on both sides. His dam is a heavy-milking, dark red cow that never misses. She calved again this year on January 5 and has one of my favourite heifer calves. I will be keeping an in-herd semen package on this bull. I would also consider buying half of him back if someone was calving in March or later. If you are interested in me buying half back, please talk to me before the sale.
