# Welcome to Jonomn Hereford Ranch

Welcome to our 54th year of selling bulls and replacement stock as JNHR. I personally sold my first bull in May of 1968 to Mr. Harold These of Hay Lakes. A lot has changed since then but a lot has remained consistent. My ambition to breed and develop a product that commits to the beef producing industry, a well rounded package that provides all aspects of production. A docile manageable cow that is hardy and adaptable to environment for the cow calf man. A genetic cosmetic pattern complimentary and highly respected in the market place when selling your calves. As you look through the catalog these cattle are one like another, generations deep. We've analyzed, worked with, and been involved with most breeds to consider a change but have been steadfast in developing out unique Hereford cattle to cover all bases of production and marketability, as well as any others.

We have always presented these cattle natural. No clippers, blowers, or excessive feed. We want your purchases to produce and be recognizable at the end of the season. All pictures are unmodified and in their environment. Feel free to call about any animals, we'll be there to describe them even further.

Once again we will be using the FarmGate Timed auctions but want to bridge the gap in the personal and social aspect of the cattle business. We will be combining the convenience of FarmGate Timed auctions by having an Onsite Racehorse online sale from the barn. This is so much safer for the stock and certainly less labour intensive.

We invite you to join us for lunch, all the cattle will be on display and you are able to bid from your phone in the pens, with an agent in the barn, or still from your own home if you cannot make it. Our sale team will be set up in the barn to take bids and do whatever it takes to look after your interests! Our goal is to combine the best of both worlds with some great hospitality and visiting while still bidding during the close. We'll try to have a little fun and get you home in good time.

Feel free to call any of us at JNHR, we assure your satisfaction. Your purchases and stock will be well looked after until arrangements are made for pickup or delivery. Hope to see you on sale day!

*From all the crew at JNHR*

## TERMS & CONDITIONS

**TERMS** - The terms of the sale are cash or cheque payable at par to sale consignor at the farm with in 7 days of the sale or at delivery unless satisfactory credit arrangements have been made previous to the sale with sale manager. The right of property & delivery shall not pass until after settlement is made.

**BID** - Every animal consigned to the sale must be sold by auction. No private sales will be allowed except as otherwise provided for in the terms and conditions. No by-bidding will be permitted. Each animal will be sold to the highest bidder.

**DISPUTES** - In cases of disputes, bidding will be reopened between the parties involved. If no further bid is made the buyer will be the person from whom the computer accepted the last bid. The online auction company's decision in such matters will be final.

**PURCHASER'S RISK** - Each animal becomes the risk of the purchaser as soon as sold. Animals will be cared for at the purchaser's risk for a reasonable time.

**ANNOUNCEMENTS** on the sale bid page will take precedence over printed matter in the catalogue. Buyers are therefore cautioned to pay attention to any such announcements.

**CERTIFICATE OF REGISTRY** - The proper Registration paper, will be duly transferred and furnished to the buyer for each animal after settlement has been made upon the Buyer Request.

**SHIPPING** - Assistance will be given in making shipment after the sale but no risk is assumed by Sales Management or Seller. Expenses incurred are the responsibility of the purchaser. Purchasers are requested to furnish shipping instructions when making settlement.

**GUARANTEE** - All animals will carry standard breeding guarantee as specified by the Canadian Hereford Association. At no time shall the seller's liability exceed the purchased price of the animal.

**EXCEPTION TO GUARANTEE** - In cases where the animal is subjected to any hormonal or surgical reproduction techniques after the sale, the guarantee shall be null and void.

**ACCIDENTS** - Although every precaution will be taken to protect the safety and comfort of buyers, neither the Sales Management, Jonomn Hereford Ranch and or the Parrent Family assumes any responsibility in this matter and disclaims any liability legal or otherwise in the event of accident or loss of property.

**RIGHTS AND OBLIGATIONS** - The above terms and conditions of the sale shall constitute a contract between the buyer and the seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.

**Where to Bid**

Visit [www.dlms.ca](http://www.dlms.ca), scroll down sale list to find the sale you are interested in bidding on. Click on the sale listing and you will be taken to the FarmGate Timed Auction Sale page. - click the LOGIN/REGISTRATION button.

If you are a new FarmGate User create an account ~ If you have bid in the past log in with your email address and password.

**How to Bid**

Now that you are logged in and your account phone number / email is verified you are able to bid on an upcoming sale. Simply find the lot you are interested in bidding on and Place Next Bid or Place MAX Bid.

**Sale Ending / Closeout**

Most FarmGate Timed Auction sales close racehorse style with extended bidding. This type of sale allows you as the bidder to change to a different lot within the same sale if the bidding has gone in to extended bidding. When we get to the close out end time the clock for close extends with any bid placed with less than 5 min on the clock. This type of extended bidding turns the end time to more of a soft time. Extended bidding allows bidders to compete in lots like a real auction and give all bidders the same time to make a decision. Always follow the clock to see how much time remains in the sale you are interested in.

**Bidding Close & Follow-up**

After the clock has gone to "ENDED" and no bidding has occurred for 5 min the computer will declare the sale finished. Following the close typically within 24 hours of the sale close the sale consignor will contact all winning bidders to arrange payment, transfer of pedigrees and delivery/Pick up of your lot. Or as the winning bidding you can contact the sale consignor / sale manager to confirm payment instructions.

**Additional Details on FarmGate can be found on the bid page.**

***Pick Up & Delivery***

JNHR will offer \$100.00 Per head discount to all lots picked up at the farm to a max of \$300 per buyer with in 1 week of the sale. This will apply to both Bulls & Bred Heifers.

If you are not picking up your lots please contact JNHR and they can assist you with delivery of the bulls and bred heifer or arrange to keep the bulls until delivery or pick up can be arranged. We will combine or cooperate in any shipments where possible to keep delivery cost as low as possible.

***Insurance***

After the completion of the sale we will pass your buyer info on to insurance agents to arrange for insurance on your purchases. We recommended that all purchases be insured as cattle are the new buyers risk as soon as sold.

***About the Jonomn Hereford Bulls***

These bulls are managed to be active good breeding 2 year olds. Born April and May with no creep, special attention or confinement. Fed and managed in large groups out in the open field behind wind fence. Pictured and presented in their working clothes. They will be totally examined and evaluated by the vets at Westlock Veterinary Clinic and will all sell with satisfactory semen test. In addition all bull are given hoof rot vaccine at semen testing to protect them in breeding season.

As yearlings they ran in a large field, fed high roughage rations and are never fed to achieve big performance to 365 days. Turned out on grass in the summer then started again on cut hay then to silage as the pasture runs out.

We have had good reports that bulls are very sound and stand up well. Buy with confidence, these bulls are targeted to peak in your breeding pastures.
