# Catch the Momentum

We can't believe it's already the 6th annual Momentum Sale and we couldn't be more excited to welcome you back! Each year, we continue to build momentum by expanding and refining our offering of Angus and Speckle Park genetics, while never compromising on the quality and consistency our program is known for. We sincerely thank all of our past buyers, bidders, and supporters. Your trust in our programs means everything to us. Our success is only possible because of the success of our customers, and we remain committed to building long-term relationships that strengthen the cattle industry as a whole.

Once again, we are excited to host the sale in the Howling Coyote Saloon at Champetre County, St. Denis, SK. This one-of-a-kind Old West venue creates an atmosphere unlike any other, and we invite you to experience it firsthand. On sale day, all cattle will be available for viewing and evaluation.

Videos of the sale lots will be available on dlms.ca and buyagro.com, and we encourage you to follow our Facebook pages for updates and additional sale information as the event approaches. On-farm bull pen tours are available - just give us a call!

Welcome to the Momentum Speckle Park and Angus Bull and Female Sale, proudly presented by Ravenworth Cattle, Colgan Cattle Company, Elldem Cattle Investments, and Lazar Livestock.

This progressive group of breeders has come together with a shared vision of producing practical, high-quality cattle backed by strong genetics and a commitment to both the purebred and commercial sectors of the cattle industry. Through disciplined breeding decisions and a focus on the traits that matter most, these programs continue to build cow families and herd sires that offer longevity, structural integrity, and real-world functionality.

The Momentum Sale features a strong and diverse lineup of Speckle Park and Angus bulls and females. Whether you are looking for herd bull prospects, quality replacement females, or genetics to move your breeding program forward, this offering presents an excellent opportunity. The cattle represented here are backed by solid maternal strength and have been developed with the kind of soundness and practicality that today's cattlemen expect.

Adding further depth to the offering, the Speckle Park division will also include some proven females and a selection of frozen genetics, providing breeders the chance to access proven and progressive bloodlines that can make a lasting impact within their programs.

Congratulations to Colgan Cattle Company, Ravenworth Cattle, Elldem Cattle Investments, and Lazar Livestock for the effort and dedication that has gone into assembling this quality event. Their commitment to the industry and to their customers is evident throughout the offering.

On behalf of T Bar, we encourage you to study the catalog and evaluate the cattle on offer. We invite you to join us on sale day; however, if you are unable to attend and require any assistance prior to or on sale day, feel free to reach out to any member of the T Bar team, as we are more than happy to assist you in any way we can.

## TERMS:

The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Announcements from the auction block will take precedence over the printed matter in the catalogue. Current exchange rates will be announced sale day. All monies are in Canadian funds.

## CERTIFICATE OF REGISTRATIONS:

Each purebred animal will carry papers issued by the Canadian Speckle Park Association and Canadian Angus Association. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

## HEALTH:

All animals in the sale have met all necessary health requirements.

## GUARANTEE:

All sellers and buyers of Speckle Park and Angus cattle in this sale are expected to be knowledgeable of and to abide by the Guidelines for Seller and Buyer Expectations and the By-laws of the Canadian Speckle Park Association and Canadian Angus Association. These documents are available from the Association offices.

## PREGNANCY INFORMATION:

All serviceable age females have been pregnancy examined by an accredited veterinarian, giving an estimated length of gestation. This estimated gestation period shall be used only as a guideline to calving and is not a guarantee of actual service.

## LIABILITIES:

All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his obligations. Neither does T Bar C Cattle Co. (2013) Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may in exceptional cases be taken must be between the buyer and the seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

## DELIVERY:

Every assistance will be given in getting your purchases home. Each animal becomes the risk of the purchaser as soon as sold.

## PHONE, MAIL, WIRE BIDS:

Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

## INSURANCE:

We strongly recommend that insurance is purchased for full value.

## ERRORS:

All announcements at sale time, written or oral, supersede any written material in the catalogue.

The pedigrees behind this year's bulls are carefully selected to deliver consistency, maternal strength, and long-term productivity. These bulls are developed with durability and longevity in mind, because we believe in building cattle that work—not just for today, but for years to come.

We welcome you to contact us with any questions or to arrange a viewing. Thank you for being part of our journey—we look forward to the years ahead

*Ravenworth Cattle*

What started as a small operation has grown into a highly productive seedstock program shaped by over 20 years of learning, hard work, and perseverance.

One of the greatest rewards of this journey has been the people. We've had the opportunity to connect with many outstanding cattlemen and women along the way, and we truly value the friendships and support that continue to strengthen our program. Our family remains the backbone of this operation—an incredible team whose dedication makes everything possible.

Our 2026 offering represents the direction we've stayed true to for over two decades: genetic diversity, functional cattle, and reliable performance.

Our 2026 offering represents the direction we've stayed true to for over two decades: genetic diversity, functional cattle, and reliable performance.

Sheer mass is what you see when you look at this bull. 4N is big bodied with exceptional muscle dimension. With explosive growth, EPD's and a useable BW here is a bull that will put pounds on his progeny. His dam offers exceptional milk production with a beautiful udder, this moderate cow has done an exceptional job raising this massive-bodied bull. We had him at CWA in our Yards stall and he created a stir.

**CALVING EASE ★★**

We use Growth Fund for great calving ease with outstanding, curve bending performance in his calves. Very maternal females with beautiful udders. Many of these calves have made our show string. With milking daughters now producing in our herd, we can see the performance and the udders developing extremely well.

This bull brings it all together, the looks, the depth and the numbers, making him a gem. Coming off of MGD Ravenworth Ruby 6B, 211K has an outstanding udder. 22N is a full sib in blood to RAVE 4N. When we flushed RAVE 6B to Sitz Stellar it was a real success with the daughters being outstanding dams, proven over and over with their progeny. We also selected this bull for our Yards stall at CWA.

With a captivating phenotype and fantastic CE +12 and BW -1.8, here is a heifer bull that still rings in with good WW +59 and YW +110. 14N is a sharp-fronted bull that maintains great muscle shape throughout. His dam is a direct daughter of Basin Rainmaker 4404 and she has a beautiful udder. This bull is backed by three generations of calving ease.

**CALVING EASE ★★★**

Sitz Accomplishment is a calving ease bull that puts his stamp on his calves. Smooth made, big bodied, with thickness and volume, he is an udder improver

Ravenworth Ruby 6F brought another good one to town, she produced our High seller in the 2023 Momentum Sale to Scott Acres. She is a Musgrave Foundation daughter with all the traits you watch for, good udder, good feet, excellent docility and big bodied. Rave 24N is a very smooth made bull that is just put together right, with a square hip, long body, an eye-catching look and great scrotal.

Ravenworth Ruby 28E has earned a spot in our Angus flush program because of her gorgeous udder, awesome feet, and her overall size and performance. We selected Boyd/Myers Mindset as the sire for the flush to balance the cow size and for all of his phenotype traits we appreciate. With five bulls in the sale from the five embryo calves - they all made the cut. This speaks volumes already. This combination produced bulls with enormous presence and style while carrying great muscle shape and a big hip. All of these bulls are free moving, proud fronted and offer a little extra heel.

**CALVING EASE ★★**  
**ET Flush Siblings**

**Boyd/Myers Mindset** was a bull that we chose because of excellent structure and phenotype. We love his masculinity, width and extra muscle that he passes onto his calves. Very wide based and proud fronted.

This combination is one that doesn't miss. With two bulls in the sale last year, and with one being a high seller, Rave 8F is a great producing cow who has become an elite/premier dam. Rave 47N's full sib was in our 2024 show string. 8F is a SAV international daughter, a very well known sire. These International daughters have massive body, substantial bone and beautiful udders. Rave 47N carries many of the same attributes as his full sibs, square in design, and straight in his lines. He is correct in his structure with great feet, legs and muscle expression. Big volume body.

Rave 53N will be a great cow bull. Long bodied, large framed and big scrotated this bull will cover some cows. With a big wide pin set and square hip 53N explodes with power.

**CALVING EASE** ★

RykB 10N and 11N are sure fire heifer bulls with light birth weights and 3 generations of top calving ease genetics without sacrificing growth. 8J is a cow that always produces a bull or two for sale. These twin bulls are calving ease that still bring on the pounds at weaning. This is a very fertile line of cows, even with 2 sets of twin bulls in a row 8J bred back with a mid-calf. With great milk production 8J raised both these bulls to weaning. Full sib RykB 5L is working full tilt at Hawkeye Ranching, who was one of our high sellers in the 2024 Momentum Sale. Here is your chance to get a sleep easy bull of your own.

The Growthfund, Stellar combination is a sure-fire mating, they are always topping the charts with exceptional growth. There is no sacrifice in Maternal traits with this outstanding performance. The dam of this bull is the first calver with an exceptional udder.

**CALVING EASE ★★**

We chose **Stellar** as a sire because of his powerful, beautiful uddered dam with calving ease built in. Stellar is a foot and udder improver. We have milking daughters and are very pleased with their production. The Stellar bull has worked really well for us in our flush and AI programs, his calves have become very popular with all of these traits.

RAVE 6B is a matriarch cow in our herd with lots of milk, moderate framed, powerful cow, that has been in our flush program. She is the dam of Ravenworth International 11J- half sib who was the high seller to Wooden Spoke Land and Cattle in 2022 Momentum Sale. As well, one of her sons, Ravenworth Logic 16E, is still working in the Seventh Valley Angus herd at the age of 9. Here is a bull with tons of maternal strength and longevity behind him. RAVE 6B is also the Grandam of RAVE 4N and 22N bulls in this sale. Alpine 68N has excellent phenotype and muscle shape and will definitely catch your eye.

**CALVING EASE** ★★★

Ravenworth Alpine 46K - Sire

Ravenworth International 11J - Maternal Sibling

Ravenworth Alpine 23L

Ravenworth Ruby 14E is a hard-working cow in our herd who always produces a performance calf. This attractive made bull has a great presence with big scrotal and an excellent shaped hind quarter.

Hard to believe this marks our 3rd year being a part of the Momentum Bull and Female Sale! As we reflect back I'm confident in saying we remained focused on our breeding beliefs to raise cattle that fill a need in the beef industry. Whether that need is in a show ring, sale ring or seed stock cow calf operation, it's ultimately our goal to satisfy and produce a product to accommodate all.

In our angus cow herd we find it important to strategically and meticulously select matings that meet our standards while incorporating some fresh new and proven genetics. With our smaller cow herd numbers it can be challenging at times to create something for everyone, but as we look upon the group we have on

offer its easily noticeable the vision and consistency throughout. This year with lesser number of bulls born we dug extremely deep into the heifer pen to offer what we believe is a true testament of our program and the type of females we strive for.

As always visitors are welcome anytime and we look forward to visiting with everyone leading up to sale day.

Big time herd bull candidate right here! Co-owned with our good friends the Manson family. He is one that we are truly high on for his exceptional build, elite phenotype, and sound structure. We campaigned him successfully this fall being selected Sr. Bull Calf Champion at Lloydminster Stockade and placing 3rd in class at Agribition. The only bull in the offering sired by the ever-popular Brooking Sooner and backed by one of our most fundamental and versatile cows in the program. A maternal sister was sold in 2024 CWA All Star Sale to Stepler Farms and is now in production and reports are very positive.

**CALVING EASE ★**

Elldem Lisa 37H -Dam

ASM Elldem Sooner 518N

This is one that was on the short list to make the show road. He's a real attractive, high phenotype, and sound structured bull. One we really admire when he gets set into motion. With a real useable birthweight and smooth build, it suggests he could be a sure option in the heifer pen.

Elldem Flora 401M - Owned with ASM Cattle

We have used Reckoning extensively for many years now and for good reason, they just seem to click with anything you breed him too. The Swan cow family is considered royalty here as 751W was purchased as the first group of angus cattle from the Justamere dispersal in 2009 and had her last natural calf 2024 and only missing one year to be flushed.

colganscattle@sasktel.net

This past year has been a year of change and adjustment for us. Although we have missed the baby calves and being an exhibitor at the shows, we have much enjoyed being able to escape from the cold for part of the winter when we would normally be calving. We would like to express our deepest thanks to all of our past buyers who have supported our program, the breeders who helped us establish our herd and the Momentum

Sale partners. We need to extend a special thank you to Henri & Kelsey of Lazar Livestock Ltd. who purchased the majority of our top females and our leading sire to establish the foundation to their herd. The friendships and memories that we have made through the cattle will forever be cherished.

Colgan's Maternal Girl is feminine in her design, smooth through her shoulders and balanced end to end. We appreciate her depth of body and natural capacity while maintaining a tidy refined look. Her udder is developing nicely and points toward a sound, functional design. Set to calve just prior to the sale, she offers buyers the opportunity to evaluate her early production while investing in a young female built for longevity and efficiency.

are the backbone of our herd, and we are equally committed to developing bulls that add consistency, value, and real-world practicality.

We are incredibly grateful to the Freimark family for their mentorship and partnership, and for the opportunity to walk through their herd and select what we felt were the top 35 cows to establish our foundation. Their trust and support helped shape the direction and quality of our program, and we will always be thankful for that opportunity.

We stand firmly behind these bulls, the cow families that raised them, and the program they represent — and we are proud to offer them to you with confidence.

*Lazar Livestock Ltd*

We are truly honored to consign Lazar Nash 01N and Lazar Nico 13N to the Momentum 2026 Sale. We extend our sincere thanks to our sale partners, Ravenworth Cattle, Eldem Cattle Investments and Colgans Cattle Company for the opportunity to be a part of and cosign bulls in this respected and well established event.

As a small, family-operated program, we firmly believe in quality over quantity. Every mating is thoughtfully planned with a strong emphasis on proven genetics, maternal excellence, structural integrity, and herd sire performance. Beautiful udders, longevity, and functional, productive cows

Lazar Nash 01 is a stout, big boned herd sire prospect. He is wide based, heavy structured and loaded with genuine thickness from end to end. Backed by an impressive first-calf heifer with a beautifully balanced udder. This bull is one to study the pedigree on both the sire and dam side. The consistency and strength behind him only add to his long term herd bull potential.

This year's Ravenworth Speckle Park offering is one we are very proud of. As we concentrate on calving ease, structure and maternal strength.

The range of sires on offer showcases the variety but consistency that we strive for here. Whether you are looking to add some muscle dimension or maternal strength to your herd we have you covered. Our female selection on offer is outstanding, if you are looking to add to your herd there are some females who will get the job done.

Please reach out with any questions or visit the farm to check out the offering. Join us on viewing day or sale day, we look forward to catching up with everyone.

Here is our lead off bull from our Colgan's Lazarus 25L walking sire and we are very impressed with how this bull worked with our cows. 325N is a very complete bull with good legs and tons bone. His overall muscle shape and dimensions give him a real herd bull presence. MGD is a full-sib to Invictus.

Style 308N has huge eye appeal and a captivating phenotype which secured his spot in our show string last fall. He is smooth-made from front to back while having impressive muscle expression and a deep flank. He is extremely correct in his makeup. This is our first calf crop off of Colgan's Lazarus 25L, one of our walking sires, we selected this bull from the Colgans offering for his muscle shape, stoutness and length of spine, his paternal granddam is Ravenworth Western Jewel 116B. Style 308N's dam, Ravenworth Northern Star 503L, is a full-sib to the one and only Ravenworth Invictus 103C. Here is a bull with a compelling pedigree and riveting EPDS.

The MGD is a full-sib to Ravenworth Kraken 505J, Ravenworth Prairie Lily 104G, who was Reserve Champion Female 2019 at Stockade Roundup as a heifer calf, turned into a sheer tank of a cow. Here her daughter Ravenworth Prairie Lily 315L did a fantastic job as a first calver. Dusty 319N will put pounds on his calves with muscle.

**TOP 10% WW TOP 2% YW**

Maternal Grand Dam - Ravenworth Prairie Lily 104G

Jax 324N has some unique genetics in his pedigree from our herd. His MGS is Prairie Hill Loaded Up 5E. This is a tank of a bull with a deep lower quarter and a lot of hip shape.

Caspian 338N is an early maturing bull with good scrotal. His strong top line and smooth front end pairs really well with his strong hip and deep flank. Coming from our Northern Star Cow family and MGD Ravenworth Northern Star 117A, we can see the type and kind that we like.

**TOP 10% MILK**

Graham Creek Jericho 24J - Sire

Maternal Grand Dam - Ravenworth Northern Star 117A

Ravenworth Northern Star 129G is powerful cow with huge spring of rib, that has produced a pair of bull calves from our walking bull Graham Creek Jericho 24J. The Jericho bull has excellent feet and legs. With overall muscle shape and masculinity these bulls have a lot to offer. With some of Ravenworth's strongest genetics on his dam side we expect these bulls to pass on some very maternal traits.

Muscle, depth, and overall capacity define Alliance. He is built for calving ease from front to back, featuring a smooth shoulder, tremendous rib shape, and an extremely square hip that carries down to his wide base. Alliance 507N combines eye appeal, sound structure, and a quiet disposition, making him a powerful genetic addition to any program. His Dam Ravenworth Lightning Lady 120C, has produced many widely recognized progeny and is in our flush program, and sired by Ravenworth Kraken 505J. Alliance is a flush-sib to our 2025 CWA sale heifer Ravenworth Lightning Lady 509N who was purchased by Carlos Ojea Rullan from Argentina. This bull was part of our showstring last fall and we feel he has an enormous future ahead of him. Good on heifers or cows

Here is a heifer that you can build a program around. Her dam is a full-sib to Ravenworth Kraken 505J, same thickness and overall body shape. Prairie Lily 316N is my pick of the heifers we have on offer in this years' Momentum sale. Thick, stout, spring of rib, all while maintaining a very feminine front end, and the great coloring only adds to her appeal. Colgan's Lazarus added to the overall style and thickness of this female. A very hard one to part with, her grand dam was one of the top producing cows in our herd for many years. The Prairie Lily cow family has been a cornerstone of our herd.

**TOP 4% CE TOP 4% BW**

Northern Star females have a special place in the Ravenworth herd, with notable females like Invictus's dam and many others. The MGD is Ravenworth Northern Star 117A one of my all-time herd favorites, who was a First Lady champion many years ago as well as a Grand Champion female at Stockade round up 2017. She was one of the top structured females we have ever raised. With strong maternal genetics like this in her pedigree this female has a huge future ahead of her.

Ravenworth Clover 326N goes back to our Clover 114C cow who has produced many top selling females for our herd, selling up to \$25,000. These females always have a natural maternal look while growing into stand out cows. Sired by Ravenworth Neo 305K who was our high selling bull in the 2023 Momentum sale co-owned with Maple Lane Speckle Park. Neo carries a lot of powerful maternal genetics from the Lightning Lady cow family. Here is a female who will produce in your herd.

Here is an opportunity on a great producing female in her prime. Having calved a beautifully speckled bull calf on March 8 to Colgan's Lazarus, we are excited to offer this pair. We have retained one of her daughters in the herd GDB 303L, who has a bull in the sale this year.

Ravenworth Invictus 103C has proven himself over and over, in his own show career as well as being the sire of many Champions over the years including Miss World 2022. But, banners and ribbons aren't his only attribute, he sires great producing females with excellent udders and riveting phenotype, while his bull calves are, well... Ravenworth Kraken 505J... He is a proven sire - excellent on heifers and superb on cows. If you are looking for consistency here it is.
