Welcome

NAHACHEWSKY CHAROLAIS PRIVATE TREATY BULL SALE 2026

Welcome to our 18th Annual Private Treaty Virgin Two-Year-Old Charolais Bull Sale!

It's hard to believe how quickly time has flown since we purchased the original herd from Thorson Bros. in Preeceville back in 2007. Much of the lineage and foundation of that powerful, milking cow herd still runs strong today—now enhanced with the added attributes and advancements of modern genetics and thoughtful breeder selection.

Nahachewsky

CHAROLAIS

Calving ease, vigour, performance, longevity, strong maternal traits, milk ability, docility, fertility, and consistency are all qualities we strive for and believe are firmly established in our herd. And with primarily just two people calving cows each spring, we simply don't have time for nonsense—these cattle have to work. This year's sale offering is one of the quietest and most consistent sets of bulls we have ever raised. In fact, we were genuinely impressed when we managed to video and photograph the entire bull pen in under six hours—and that included lunch! Great help went a long way, but these bulls certainly deserve the credit as well. A sincere thank-you goes out to our crew and especially Britt Ross & Mikela Quinton Photography. That's teamwork at its finest.

We would also like to extend our deepest thanks to our past and repeat bidders, customers, and supporters, as well as those joining us for the first time. We are confident you will find the same consistency and reliability our program has become known for, and we truly appreciate the trust you place in us and our cattle. As fellow ranchers, cattlemen, and cattlegirls, we look forward to 2026.

Bid with confidence.

History of Nahachewsky Charolais

We are a four generation mixed farm operation that presently resides on the original homestead that was settled in 1912. Livestock were introduced in 1950. Our purebred Charolais herd was purchased in 2007 from Thorson Bros herd dispersal in Preeceville, Saskatchewan. Our herd goals demand efficiency, consistency, balance, docility and profitability. We hope you find this publication easy to navigate as our goal is to have easy access to information and the tools you need to make your best decision. We look forward to seeing existing and new faces this spring! Thank you for your interest in Nahachewsky Charolais!

HOW TO PARTICIPATE IN THE DLMS FARM GATE TIMED AUCTION WITH EXTENDED BIDDING:

1. Visit www.dlms.ca, scroll down sale list to find the sale you are interested in bidding on. Click on the sale listing and you will be taken to the Farm Gate Timed Auction Sale page.
2. After you are at the Farm Gate Timed auction site - farmgatetimedauctions.ca, click the LOGIN/REGISTRATION button.

First time Farm Gate users:

- First time users will select the REGISTER button from this page. Fill out the registration form to sign up for a free user account and it allows you to select a username and password for use on all Farm Gate Timed auctions. (Please note due to some of the text notification features the Farm Gate Time Auction Site requires a new account separate account from your DLMS Live sale site)
- After you create your Farm Gate account you will receive a text message with a pin code to verify your account.
- On your first log in to Farm Gate Timed auctions we recommend you go to your profile and confirm your notifications are set to YES. This allows the site to send you text and/or email notifications when you are out bid and if there is activity on your favorite lots.

Returning Farm Gate users:

- If you have used Farm Gate Timed auctions in the past simply enter your user name and password to continue. After you have logged in you are able to browse the timed auctions on DLMS Farm Gate Timed Auctions.

3. How to Bid

Now that you are logged in and your account phone number / email is verified you are able to bid on an upcoming sale. Simply find the lot you are interested in bidding on. After you have found the lot there are 2 options for bidding on the lot.

- Place Next Bid – to place the next bid on the item, you see the amount in the first box, you simply click the “Place Bid” button and after you review the bid and agree to the terms and conditions your bid will be placed.

- Max Bid Amount – to place a max bid you put your max bid in the second box listed as “Max Bid” on the item, and then click the “Place Bid” button and after you review the bid and agree to the terms and conditions your bid will be placed as the next bid. With the Max Bid placed the computer will then keep you as the high bidder to the max amount you have placed. This can be a great feature if you are not able to give 100% attention to the sale close out and protect your interest so you do not miss out on any lots you want to purchase. The Max Bid amount is completely confidential from the seller during the sale process.

Example of How the Max Bid Works - If the lot has a \$2000 bid on it and you place a proxy bid of \$3500 into the system, the computer will bid \$2100 for you but if some one else bids \$2200, the computer will again bid for you, this time at \$2300. The system will look after your interest to a maximum of \$3500. If another bidder is on at \$3600, your proxy will no longer be effective and you will no longer have the winning bid on this lot without once again logging in and bidding again or moving your attention to a second lot of interest. Please note that in some cases a lot value can change very quickly if 2 max bids are placed on the same lot competing against each other.

4. Watch List Feature

If you have items in multiple auctions or only a few from the same auction that you want to watch with out having to scroll through the entire list you can add the lots to your watchlist. On each lot you will see the “eye” button beside the bid button, by clicking this “watchlist” Icon that item is added to your personal watchlist for easy viewing of just your favorite lots in this sale or on the entire site.

5. Sale Ending / Closeout

Most Farm Gate Timed Auction sales close racehorse style with extended bidding.

What is Racehorse Style Close?

Racehorse style sale close is when the entire sale stays open in extended bidding. This type of sale allows you as the bidder to change to a different lot within the same sale if the bidding has gone in to extended bidding.

How will Extended Bidding works?

When we get to the close out end time the clock for close extends with any bid placed with less than 5 min on the clock. This type of extended bidding turns the end time to more of a soft time. Extended bidding allows bidders to compete in lots like a real auction and give all bidders the same time to make a decision. Always follow the clock to see how much time remains in the sale you are interested in.

6. Bidding Close & Follow-up

After the clock has gone to “ENDED” and no bidding has occurred for 5 min the computer will declare the sale finished. Following the close typically within 24 hours of the sale close the sale consignor will contact all winning bidders to arrange payment, transfer of pedigrees and delivery/Pick up of your lot. Or as the winning bidding you can contact the sale consignor / sale manager to confirm payment instructions.

Please make sure that your account info is up-to-date and correct if you are the winning bidder of a lot as this is how the billing is sent to Sale manager and/or Sale consignor.
