In Loving Memory...

This year, on what should be one of our favourite days as a family, our hearts are heavy with the missing presence of an incredible woman. Jody was not only a friendly face around the sale barn but an essential pillar of the ranch itself. She was the one who ensured that this day ran smoothly every year. From advertisements, to

bookkeeping, to organizing food and beverages and everything in between, that was Jody.

She was the master behind every Rivercrest catalog that was put out in the last 16 years and if you tried to praise her for her work she just came up with something she was going to improve on next year.

She was a devoted wife and mother. She scarcely missed out on her kids' rodeos, hockey games, or other major life events. She supported Craig full-heartedly through the ups and downs of the cattle business, always right by his

side. Her friends knew her as a generous, loving and bright soul that cared deeply for the people around her.

She battled fiercely against cancer for 10 years before peacefully leaving this world surrounded by family on April 22nd, 2025. Our world will never be the same without her but we remain incredibly thankful to have had her in our lives for as long as we did. Sale day might never feel the same without her, and the catalogs may never be quite as sharp, and Dad might have to organize all of his own books from now on, but we know she is still with us every step of the way. We love you Mom.

Thank You to our Friends at...

Aftershock was the high seller from the 2022 Hamilton Bull Sale topping out at \$50,000. He was their heaviest yearling bull of that year. Aftershock could very well be the best Alcatraz son to date. A calving ease pedigree, blended with superior phenotype and performance. His length, thickness and flawless leg structure is next to none. He walks on a big solid foot. His first group of daughters have extremely nice udders, good foot, and gentle temperament. Definitely the type of female to build a herd around.

RIVERCREST OF RANGUS RANCH

I would like to welcome everyone to our 23rd annual bull and heifer sale. Our program focuses on calving ease and performance while maintaining a strong maternal presence. Strong Angus traits are important to us - feet, udders, phenotype, length, volume, hair fleshing ability - while maintaining a calm disposition and superior structure. As we approach sale day, we are sadly missing the person that put her heart and soul into making this a flawless and perfect day. For 23 years Jody built our catalog, did all the advertising and made sure sale day went as smooth as possible. We miss her deeply but I know she'll be there making sure the day runs smoothly.

I can confidently say this offering is one of the best groups of bulls we've had to offer. We have a large group of heifer bulls along with an excellent group of calving ease power bulls for cows. We have 5 new sire groups for our repeat buyers that are looking for something different.

Our heifers are a strong group that have been on the same ration as our own replacement heifers. We feel they will work well in any cattle operation and in any environment.

It has truly been an honor and privilege to serve our customers. We are overwhelmed with the repeat customers that keep coming back over the years and to all the new buyers that come to evaluate our offspring. Thank you all!

Please feel free to come to the ranch before sale day to evaluate the bulls and heifers. The coffee pot is always on and the beer is cold.
