## WELCOME TO THE SALE FROM NIELSON LAND & CATTLE

Welcome to Nielson Land & Cattle 2026 Annual Bull sale! We are pleased to be partnered up again this year with C & E Stephens Farms and their strong set of simmental bulls.

This year's bull pen had some of the best gains we have ever had. We are extremely happy with how the bulls have progressed this year with some new bloodlines and also a great selection of easy calving heifer bulls.

All of the bulls are on a TMR ration consisting of dry hay, barley silage and Masterfeeds pellet mixture. We encourage you to come walk through the bulls anytime, we'd be happy to show you around. Cows are close by for viewing to give you an idea on their maternal traits.

The sale will again be a Timed Auction this year, with bulls penned outside of the shop for you to walk through and assess. We invite you to come out sale day for lunch and answer any questions you might have.

We look forward to seeing you on April 2nd, see you then!!

Also, again welcome to the sale Simmental Bulls from Chris & Erin Stephens, so do look at that section as well. This sale has everything you need for your bull needs, Angus, Red Angus or Simmentals. One shop buying here!

Nielson Land & Cattle continue to search for the next great herdsire to take their herd to the next level and this year's offering shows they are in the right direction. These bulls from both operations have bulls that are fed to perfection with longevity built in mind. These bulls go out and work for their customers. This year is there most consistent bull pen and needs some serious consideration. Please feel to contact me or even better give Larry, Brendon, or Chris a call directly to discuss your needs. Justamere Jaeger has done a tremendous job for us. We bought half interest in him at SOTY in 2021. He was crowned Reserve Senior Bull Calf Champion at CWA that fall. Since then he has walked the pastures for the Fox family and here every breeding season. His females are excellent and his bulls grow into big stout calves by fall. They are also very efficient easy keeping docile cattle. His EPDs are very solid and accurate. He is our kind of bull.

TWO YEAR OLD BULLS

# WELCOME TO THE SALE FROM C&E STEPHENS FARMS

Welcome to the 2026 bull sale, it's been a great year in the cattle business this past year and I hope this catalogue finds everyone enjoying and reaping the benefits from it. Lets hope it continues on into the future as far as we can see! I'd like to thank Brendan and Larry for letting us sell bulls with them again this year. The offering is once again strong with something that should work for anyone's herd. Our numbers are steadily increasing here each year so our bull numbers are also. We've got a few more red options this year to go along with our usual Black and BBF bulls. There's heifer or cow bulls that will work for a variety of cattle and herds. Once again the bulls were developed responsibly on a TMR of silage and hay and pail fed a Master Feeds bull pellet. They should be in good shape and ready to go breed cows for you. Thanks for taking the time to look and consider our bulls to service your cows.

Thanks
