**27<sup>st</sup> ANNUAL  
BULL SALE**

**SATURDAY, APRIL 4<sup>th</sup>, 2026  
2 PM • KEADY, ON  
KEADY LIVESTOCK MARKET**

*Welcome* to our 21st annual bull sale! We would like to thank everyone who has supported us over the years – there are too many to list, but we really appreciate it. This year's sale is deep on quality from big performance bulls to bulls that can be used on heifers. The bulls in our sale will deliver a combination of calving ease and growth that will improve your bottom line. All bulls have been 100k tested (DNA). This improves the accuracy of their EPDs without even having any progeny born. Depending on the trait, it can be like having records on 8 or up to 25 progeny from the bull. All bulls have been tested for the polled trait (homo/hetero) and PA tested.

If you wish to view the bulls ahead of the sale we are available anytime to give you a tour. The bulls will be available to view at Keady Livestock after 12 o'clock on April 3rd. Bulls can be returned to our place after the sale and delivered at a later date.

Homozygous polled Lightning son that puts it all together. Lightning 7L was a high selling bull in our 2024 bull sale to the O'Neills at Priceville. We collected semen on him and used him ourselves and he did not disappoint. He has left an impressive set of 2025 born progeny and we have more on the ground this year.
